Referenda items fill out Antioch ballot

By JULIE MURPHY
Staff Reporter

Of the referenda items on the Nov. 7 ballot that will affect Antioch voters, the items put forth by Antioch Community High School (ACHS) Dist. 117 about changes and improvements to that school as well as the building of a second high school are in the forefront for property owners.

The first proposition is to issue \$55 million in school building bonds to improve the site at Grass Lake and Deep Lake roads to build and equip a second high school at that location, as well as to build an addition, and alter and repair the current high school.

At this time, ACHS Dist. 117 has a grant entitlement in the amount of \$11,736,698 from the Illinois State Board of Education for the school construction project. At a presentational meeting to the Chambers of Commerce of Antioch, Lake Villa and Lindenhurst, superintendent Dennis Hockney explained that this grant was available to the district at this time because the district would be able to match the funds coming from the state, as required by the state. He added that while the money is avail-

able now, there are no guarantees the district would be able to match state funding in the future.

Failure to pass this proposition would, in essence, cause the district to forfeit nearly \$12 million, and would in turn cost the taxpayers more money to build the second high school. Failure to pass this proposition could also kill the planned remodeling and expansion of the current high school. The need to continue with both of these projects has been proven necessary due to the rising enrollment that will come in the next decade, say referendum supporters.

The second proposition is to increase the maximum annual educational tax rate from the current 1.32 percent to 1.60 percent, an increase of .28 percent. While the first item would pay for the construction and improvement costs of the two high schools, this item will pay for the additional operational costs of the two high schools.

*Aspiring teen artists' talent reveals

The first mural Ryan Burgess and Gina Galinis worked on together was arranged as a one-day field trip by Antioch Community High School art teacher Julie Elver to paint an interior wall of Aqua Pool and Spa Pros on Grand Ave. in Lindenhurst.

The idea came to one of the store's owners, Michael Dare, who said, "We had a bunch of boring white walls, and wanted to bring some of the outdoors in."

Since that time, the two have had the doors of opportunity open to them and have gained paying jobs as a result.

Barbara Porch, owner of the Party and Play at Choosey Child, read about the Lindenhurst mural and went to see it for herself. Porch was looking for local talent as she remodeled Choosey Child from a

Lions Candy Day set

Highway also to be cleaned by club

By JULIE MURPHY
Staff Reporter

Antioch residents can expect to see a lot of Lions out and about on the streets of Antioch.

At a regular board meeting of the Village of Antioch, Mayor Marilyn Shineflug proclaimed Oct. 13-14 as Lions Candy day. The Antioch Lions Club will hold candy day that Friday and Saturday, giving candy and accepting donations to help raise more than \$1 million statewide to fund a variety of humanitarian service programs involving vision and hearing.

More information can be obtained from Steve Schoenfelder at 395-1421, ext. 240.

As if that weren't enough to keep the Lions busy, on Oct. 15 beginning at 7:30 a.m. the organization will be out keeping local highways tidy as part of the state Adopt-A-Highway (AAH) program.

Spokeswoman for the Illinois Department of Transportation (IDOT) Ruthann Payne said, "The Antioch Lions Club was the first group in the state AAH District 1 (Cook, DuPage, Kane, Lake and

High school referendum plans presented

Community members take opportunity to ask questions of superintendent

By JULIE MURPHY
Staff Reporter

Antioch Community High School (ACHS) Dist. 117 superintendent Dennis Hockney made a pitch favoring two referenda items on the Nov. 7 ballot to Chamber of Commerce members from the villages of Antioch, Lake Villa and Lindenhurst during a presentation-luncheon.

The meeting was set to explain the need for expansion and renovation of the current high school, and the need to build a second high school on 66 acres of land purchased by the district at the intersection of Grass Lake and Deep Lake roads.

Hockney said, "I will use 17 words to sum up the situation—the need is real, the solution is affordable, the time is now, our children are the winners."

High school enrollment is expected to increase by 1,000 students in the next decade. Current enrollment is 2,075. The number of students projected for the 2009 school year is 3,154.

Two projects will need to be seen through fruition to accommodate the growing student body.

Hockney explained that though a \$14 million remodeling project has just been completed at the current high school, another \$7 million will need to be spent to complete expansion plans for choral and instrumental music and drama areas, to renovate the auditorium and to modernize the women's locker room. Additionally, a second high school will need to be built.

The second high school is projected to cost \$50,800,000. It is expected to be completed by 2004 and will be run at partial capacity for the first year bringing in freshmen and sophomores first to allow students who have started at ACHS to finish there.

Adding the renovation and construction

costs, and subtracting \$2,800,000 in bonds, leaves \$55 million to be funded by Dist. 117. This is the amount being sought in school building bond referendum. Currently, the district is eligible to receive a \$11,700,000 through a state entitlement grant, but only if the school building bonds referendum is approved by voters on Nov. 7.

The second referendum on the ballot Hockney and the board of education hopes will pass Nov. 7 is an increase of .28 percent

I will use 17 words to sum up the situation—the need is real, the solution is affordable, the time is now, our children are the winners'

to the maximum annual education tax rate that is currently set at 1.32 percent.

This tax rate increase would cover the operational costs for the two high schools. The full .28 percent would not appear on the tax bill until 2005, though a portion of that would appear on the 2004 tax bill when the new high school opens to limited students.

Several questions came after the presentation. One attendee asked when plans would move forward on the second school, assuming the building bond referenda passes. Hockney replied, "If the referendum passes at 7 p.m. on Nov. 7, the plan is for the architects to start drawing the plans at 7:01 (p.m.)."

Another attendee asked about the decision to have two high schools that would both accommodate all freshmen through

seniors. Hockney said, "We (the board of education) feel that we can benefit more youngsters and offer more programs by doing it this way."

It was asked why it is so important for the building bonds referendum to pass "right now." Hockney explained that the district must be able to match the state's funds in order to receive the entitlement grant.

"It's not quite 50/50, but almost," Hockney continued. He added that the district has the money to match the state's funds now, but may not down the road.

One gentleman praised the board of education for combining the two referenda on the ballot, saying, "It's good to make sure there will be operational funds, and not just building funds."

The question was raised regarding the process of determination of which students will go to which high school. Hockney assured the audience that those starting at ACHS would finish there. "The new school will begin with grades nine and 10, then will roll over to nine, 10 and 11, and finally will have grades nine, 10, 11 and 12," he said.

Hockney noted there is not currently a map of which students will attend which campus.

Antioch Mayor Marilyn Shineflug asked for clarification about the future plans of ACHS if the referendum is not passed. Hockney replied, "We can't do anymore (expansion or renovation) here unless the referendum is passed." He explained that though plans have been made for ACHS, the district has exhausted all of the other available means to fund the improvements without the referendum.

"We'll be at 2,700 here before the new building is built," said Hockney. ACHS was built to accommodate 1,800 and is already beyond that number. Hockney also said expansion to ACHS would be completed before the new building is completed if the referendum goes through.

Benefit for family to be held at VFW

By BRENDA BALIN-BEITSCHER
Staff Reporter

A Wadsworth family will benefit from an Oktoberfest celebration this month in Lake Villa.

The event is for the benefit of Connie Dahlman, 35. Dahlman, a nurse at Lake Forest Hospital, developed a particularly virulent form of leukemia. She has been the insurance provider for her family, which consists of her husband Karl, a teacher at Grayslake middle school, and their three children.

Because Dahlman can no longer work, her benefits are due to expire soon, leaving her family with medical bills that could create a financial crisis.

Co-workers and friends are coordinating the benefit event which will feature a live band, hors d'oeuvres and a cash bar. There will be a silent auction, offering bidders a chance to buy hotel stays, condo vacations, appliances and other donated items.

The Oktoberfest will be held Oct. 20 from 7 p.m.-midnight at Lake Villa VFW Post 4308, 130 E. Grand Ave.

Admission to the event is \$20 per person. Tickets will be available at the door.

VFW Post 4308, under the direction of Commander Bill Marinek, is donating the hall, table coverings and a bartender for the event. The Print Source of Lake Villa is donating the printing of the tickets. The musical group "The Contractions" is donating their performance.

Those who wish to make contributions directly to the benefit fund may mail checks payable to Connie's Oktoberfest Benefit in care of Dr. Neil Garrett, 605 E. Grand Ave., Lake Villa, 60046.

Voting times, places listed for Antioch

By JULIE MURPHY
Staff Reporter

The Nov. 7 election is fast approaching, and knowing where and when to go will make the process less stressful.

Those needing an absentee ballot can apply for one via e-mail by logging onto the county clerk's web site at www.co.lake.il.us/cnty-clk, and filling out the application form.

The first day for in-person absentee voting is Oct. 16 at participating countywide township offices. Nov. 2 is the last day to receive an application for absentee ballot by mail in the County Clerk's office. The Lake County Clerk's office will be open from 9 a.m.-1 p.m. for absentee voting.

Regular non-absentee voters must vote at the polling place assigned to the precinct number printed on their voter registration cards.

In Antioch, voters in the first, second, third and 12th precincts are

to vote at the Antioch Upper Grade School located at 800 Highview Dr. Voters in the fourth and fifth precincts are to vote at the Antioch Grade School at 817 Main St.

The Lutheran Church of All Saints located at 5800 State Park Rd. in Fox Lake will accommodate Antioch voters from the sixth and seventh precincts. Voters from the eighth and ninth precincts will vote at Grass Lake School located at 26177 W. Grass Lake Rd.

Emmons School, located at 24226 W. Beach Grove Rd. will be taking voters from the 10th, 11th and 15th precincts. Voters in the 13th and 14th precincts will vote at the Antioch Community High School located at 1133 Main St.

All of these locations are handicapped accessible, and none of them are changing locations for this election.

Voter registration is temporarily closed from Oct. 10, the last day of registration for eligibility in the November election, until Nov. 9.

Probation given for ecstasy, Antioch man awaits trial

Danielle Szmanesky, 25, of 36784 N. Deer Trail Rd. in Lake Villa, was sentenced to 30 months of probation in what officials called Lake County's largest seizure of the "designer drug" Ecstasy. It is alleged that Szmanesky and four others planned to sell 1,200 doses of the hallucinogen, with a street value of from \$20-40 per pill.

Szmanesky pleaded guilty to manufacturing and delivery of a controlled substance, with the state dropping a charge of criminal conspiracy in exchange for her plea. According to assistant state's attorney George Strickland, Szmanesky cooperated with authorities in locating

evidence in the case.

Four others were charged with conspiracy and delivery of a controlled substance. Gary Weir, 24, of 3428 Grandville in Gurnee, and Robert Scoggins, 23, of 2650 W. Maple in Antioch, have pleaded not guilty. Their trial was scheduled to begin Oct. 10. Both were freed from custody after posting \$10,000 bond.

Jerry LaSaint, 23, of 555 Maplewood in Antioch, pleaded guilty and was sentenced to 12 years in prison. Rafael Torres, 27, of 3917 Alles St. in Des Plaines pleaded guilty and is scheduled to be sentenced on Oct. 20.

Lions Club committee chairman Chuck Cernak said, "We meet at the south parking lot at the high school where people park for football games. After we have some coffee, we pick up the litter along Rtes. 59 and 83 from Rte. 173 to Beach Grove Rd. On Rte. 173 we start from the bowling alley and work our way to Raymond Chevrolet."

Cernak said the group always gets a favorable turnout for the Sunday morning cleaning sessions. This weekend, three clubs from Antioch Community High School will be helping the Lions Club—the ecology club, the honor society and students make a difference.

On Sept. 30 at IDOT's District 1 office in Schaumburg, the Lions were presented a plaque for the organization's efforts in the AAH program as part of IDOT's public information fair.

Students needed for ACHS preschool

By JULIE MURPHY
Staff Reporter

The Antioch Community High School (ACHS) childcare class is need of a couple of preschoolers. Class instructor Laura Tielke said, "We are looking for a couple of 3 to 5-year-olds for our childcare class."

High school students enrolled in

Tielke's class teach the class. "It gives the students a taste of what it is like to work in education," she said.

The class begins Oct. 16, and meets Mondays, Tuesdays and Thursdays from 8:30-10:30 a.m. for nine weeks. The cost is \$40 for the session.

Students prepare classes to teach the preschoolers about numbers, colors and shapes, science,

family, transportation, and body and senses. "Sometimes there's a little separation anxiety at first when parents drop the children off in the classroom," said Tielke. "It doesn't take long for them to get over it."

The preschoolers must be toilet-trained for acceptance into the class. Those interested should call Tielke for more information.

SCHOOL DIGEST

Preschool screening available

As part of Antioch Community Consolidated School Dist. 34's "Child Find" effort, all preschool 3-5-year-old children who reside within the district are invited to participate in a preschool screening.

The screenings will be held at Oakland Grade School at 22018 W.

Grass Lake Rd. on Oct. 19, 20 and 23 at prescheduled appointment times. Preschool children's development will be assessed in the following areas: physical development including vision and hearing, cognitive development, language development and social development.

This process is free and is open to all preschool children residing within Dist. 34. Appointments should be scheduled with Oakland School at 838-8614 between 8 a.m.-noon.

College night Oct. 23

The guidance department of the Antioch Community High School (ACHS) will conduct the annual college night Oct. 23 from 7-8:30 p.m.

College representatives from nearly 90 colleges and universities from across the Midwest will be attending this program in the North/South gyms.

Students and parents planning to attend this event should arrive no earlier than 7 p.m. that night.

Congratulations, good news for all

There is a lot of good news for Antioch area residents this week.

Our sincere congratulations go out to George Ehlen who celebrated his 45th anniversary working at Pickard China on Oct. 10. Everyone who works at Pickard was happy to help him celebrate the occasion, and hopes he'll celebrate many more anniversaries with the company.

Illinois State University (ISU) junior Melissa McCowan, daughter of Patrick and Patricia McCowan, was named to the homecoming court for this year's parade and football game. Her mother said this is the first year ISU has had a homecoming court in many years.

Former graduates from 1945 and 1950 were selected king and queen, and current students were chosen for the court.

Melissa graduated from Antioch Community High School, and was first runner-up for Miss Antioch in 1998. She is an elementary education major at ISU.

store into a play and party activity center for children.

Porch said, "From there I went to the high school art show and wrote down the names of these two. I was very impressed with the artwork they could do."

Painting the interior of Porch's business was the first paid professional project for both Burgess, who is currently a high school junior, and Galinis, who is a freshman at the College of Lake County. Both agree that it's great to get paid for doing something enjoyable.

Burgess said, "Barbara just called out of the blue—I was a little surprised."

The two said Porch gave them almost total freedom with the project. Galinis said, "This project was more free (than the mural at Aqua Pool and Spa Pros). We made it up as we went along." Burgess joined in, "Barbara would just say we need fish—or whatever—and we would just go from there."

Porch provided the two artists with books and cards as references depicting the types of activity areas she had chosen for her themes including a space area, a jungle scene, a wild west area, and ocean and aquarium scenes.

Galinis said it helped that she and Burgess

had previously done some mural work. Burgess added, "It's a lot of wall space, but it's always fun to have a challenge."

Though the amount of wall space was a little daunting for the two initially, the real challenge was working with relatively quick drying wall paint. "Oils take at least a week to dry," said Galinis. "This paint dried right away."

"If you had a really big area, you had to work extra fast," Burgess said. "For the light colors, you really had to use a lot of coats of the paint."

Galinis and Burgess said getting along was no problem, especially since they both enjoy listening to the same radio station. The project took about two months. Galinis generally began work about 1 p.m. and would continue on throughout the day. Burgess said, "I had more of the night shift and would work in about four-hour stretches."

Both Galinis and Burgess have enjoyed art since they were quite young. "My older sister drew, and I wanted a sketch book to be like her. It was just a spiral notebook, but I started sketching in it all the time," said Galinis.

Burgess attributes his early interest to a

teacher at Antioch Upper Grade School. He commented, "Mr. Shule really helped me out a lot."

Both artists are interested in drawing, oils and watercolor. While Burgess sticks mostly to painting, Galinis is also interested in ceramics and sculpture.

Both Burgess and Galinis gained interest and appreciation in art from the masters. "I went to see some of the museums in Chicago when I was younger," said Burgess. "I liked the amount of realism they were able to get."

Galinis likes realism too, and said, "I really like artists like M.C. Escher and Salvador Dali—realistic work that is surreal."

Galinis received an apprenticeship at Imagine Air in Grayslake as a result of the work she's done. She said, "I'm taking an airbrushing course now at CLC that takes place at the studio (at Imagine Air). They were impressed that I had done some mural work, as that's what they do."

Burgess is currently working at Best Pets in Antioch as he hopes to be a veterinarian someday. "I'm not going to write it (professional artwork) off," he said.

If they had the job to do over again, Burgess said he would have added a giant squid in his ocean scene while Galinis said she would use some of the airbrush techniques she has learned since she finished the job. Porch, however, is totally thrilled with the new look of her business.

BALLOT

would not show up on tax bills until 2005, but a portion of it would appear on tax bills in 2004 when it is projected the second high school will open its doors at partial capacity.

This increase would increase the amount of taxes extendible for educational purposes for ACHS Dist. 117 by over \$2 million, from \$9,476,049 to about \$11,486,121.

In addition to the ACHS Dist. 117's two referendum items, the Lake County Forest Preserve Dist. also has two referendum items on the ballot that will affect Antioch voters.

The first is a proposition to issue general obligation bonds of the Lake County Forest Preserve Dist. in an amount not to exceed \$85 million.

Money borrowed from the bonds issued would be used to acquire and improve forest preserve lands in order to preserve and restore wildlife habitats, trail and greenway corridors, wetlands, prairies and forests; to provide flood control; and to create and improve public land use areas for recreation, education and historic facilities.

The amount of money spent would be limited to \$85 million.

The second proposition is to increase the existing tax rate for corporate purposes from the maximum rate of .034 percent to .046 percent on the equalized assessed value.

This would increase the amount of taxes extendible by nearly \$2 million from \$5,399,198.05 to \$7,304,797.36.

Zion-Armed robbery

Crimestoppers and the Zion police are seeking information regarding an armed robbery.

On Wednesday, July 26, at approximately 12:10 a.m., an unknown black male walked up to three vehicles in the Burger King parking lot in Zion, pointed a chrome-colored snub revolver into each vehicle and ordered the occupants to hand over their wallets. When the offender fled the area, he fired one shot into the air. The offender was described as 5 feet 8 inches to 6 feet tall 155 pounds, black hair, brown eyes and 18-23 years of age.

The police would like to remind everyone to call when suspicious activity is observed and to not try to confront suspicious subject yourself.

Armed robbery-Gurnee

Crimestoppers and the Gurnee police are seeking information regarding an armed robbery.

On Wednesday, July 26, at approximately 8:30 p.m., a unknown black male entered the lobby of the Fairfield Inn, 6090 Gurnee Mills, East B1, Gurnee and asked the clerk at the front desk for change to use the pay phone. When the clerk opened the cash drawer, the offender pointed a 9mm semi-automatic handgun at the clerk and demanded the money. The clerk complied pulling the drawer out, placing it on the counter. The offender then fled from the hotel running toward the Comfort Inn and the Steak and Shake, with an undetermined amount of money. The offender was described as 5 feet 7 inches to 5 feet 8 inches, 25-30 years of age, medium build, hair unknown, eyes unknown; and, was wearing black pants, black jacket and a dark hat.

If you have any information about this crime or any other felony crime or felony fugitive contact Crimestoppers at 662-2222.

If you information leads to an arrest you could be eligible for a cash reward of up to \$1,000.

Crimestoppers wants your information—not your name.

Home fire drills encouraged

Families throughout Illinois are encouraged to participate in a nationwide Fire Drill: The Great Escape. Last year, thousands of families across America made their fire escape plans and practiced them during National Fire Prevention Week.

"This is where the real work begins," said State Fire Marshal Thomas L. Armstead. "Everyone must know at least two ways out of every room in the event of a fire. The plan should be laid out in front of every family member and discussed so that even the children are satisfied about what they should do," said Armstead.

The Great Escape is a fun activity for entire families to participate in during Fire Prevention Week, and it can also save their lives. "If a fire occurs in your home, you and your family only have a few minutes to escape safely. Home fire escape planning and practice ensure that everyone in the household will know how to use that small window of opportunity effectively to get out alive," said Armstead. Every plan should include at least two ways out of every room, an emergency number to call for help from a neighboring place, and a meeting place outside the home for everyone to meet.

Last year in Illinois, there were 210 deaths as a result of fire. Many could have been saved if only they had working smoke alarms and an escape plan in place. Because children are the most common victims of fire, it is imperative that we teach our children these valuable life savings techniques like how to escape from a burning building so they do not become a victim of fire.

POLICE BEAT

Persons charged with a crime are innocent until proven guilty in a court of law.

ANTIOCH

No valid driver's license

Isidro Jimenez, 23, of 151 W. Grand Ave. in Lake Villa, was arrested on Oct. 9 at 2:06 a.m. for driving without a valid driver's license at the intersection of Lake and Main streets.

The officer observed a white Chevy at the intersection without its headlights on, pulled the vehicle over and advised the driver of the reason for the stop. The officer then requested Jimenez's driver's license. He gave the officer a Mexican driver's license.

A check through LEADS/NCIC came back with no record of Jimenez having a driver's license.

He was arrested and transported to the Antioch Police Dept. where he was put through booking procedures and issued citations for driving without lights when required, operating an uninsured vehicle, and having no valid driver's license.

Jimenez was released on proper bond pending his Nov. 8 court date in Grayslake.

Javier Brito, 20, of 293 JoAnna in Antioch, was arrested for driving without a valid driver's license at the intersection of Lake and Main Streets on Oct. 9 at 2:47 a.m.

As with the previous incident, police spotted Brito at the intersection with no headlights on, and he was pulled over. Brito also told police he had no driver's license.

His identifiers were run through LEADS/NCIC/SOS with on record of either an Illinois or Wisconsin license.

Brito was arrested and transported to the Antioch Police Dept. where he was booked and issued citations for driving without lights when needed, and for driving without a valid driver's license.

Driving on a revoked license

Scott T. Hacke, 41, of 630 Colony Ave. in Lindenhurst, was arrested for driving with a revoked driver's license on Oct. 7 at 4:47 p.m. at the intersection of Rtes. 173 and 83.

Police observed a red Ford in the left-turn lane screeching the tires and causing a cloud of white smoke as he turned southbound onto Rte. 83 from Rte. 173.

He was stopped by police and advised of the reason for the stop. He hand the officer an Illinois ID when a driver's license was requested, and told police he did not have insurance. His identifiers were run through LEADS/NCIC and came back with Hacke having a revoked driver's license.

He was arrested and transported to the Antioch Police Dept. where he was issued three traffic citations and released on personal recognizance pending his Nov. 8 court date in Grayslake.

Driving on a suspended license

Robert C. Lynn, 17, of 126 Glenview Pl. in Fox Lake, was arrested Oct. 6 at 3:16 p.m. on Rte. 83 south of Park for driving while his driver's license is suspended.

Police observed a white Chevy traveling southbound on Rte. 83, and the officer had previous knowledge that the driver had a suspended license, so he stopped the vehicle.

The officer conducted a routine check through LEADS/NCIC with Lynn coming back as having a suspended driver's license.

He was arrested and transported to the Antioch Police Dept. where he was put through booking procedures. He was released on personal recognizance pending his Nov. 8 court date in Grayslake.

DUI

Scott A. Johnson, 38, of 23515 126th St. in Trevor, Wis., was arrested for driving under the influence of alcohol on Oct. 6 at 5:06 p.m. at the intersection of Rte. 83 at Depot St.

Police stopped Johnson for having a muffler that was hanging on the ground. Johnson told police he did not have a driver's license with him. While talking to him, the officer smelled the strong odor of alcohol on his breath.

Johnson told police he had been drinking. He was unable to pass a field sobriety test.

He was arrested and transported the Antioch Police Dept. where Johnson waived his right of Miranda, and took a breath test resulting in .278 blood alcohol content. He told

police he had eight beers and knew he shouldn't have had so many to drink.

He was issued a citation for blood alcohol concentration over .08. He was released on personal recognizance pending his Nov. 14 court date in Waukegan.

LAKE VILLA

Possession of cannabis

James S. Crowden, 25, of 35070 Hilldale Dr. in Ingleside, and Patrick R. Ianetta, 20, of 1006 Rainy Lake Ct. in Lake Villa, were stopped by Lake Villa Police Oct. 7 at 5:12 a.m. while they were traveling northbound on Fairfield Rd. at Petite Lake Rd. when a loud muffler drew a police officer's attention. There was also an odor of gasoline coming from the car. The driver of the car agreed to a search of the vehicle, which turned up a cigarette box containing seeds and stems of a green leafy substance later tested and confirmed to be cannabis.

Ianetta was patted down, and found to be carrying another cigarette box containing what appeared to be the butt of a marijuana cigarette. Police also found rolling papers and white pills. Crowden was charged with having a defective muffler and exhaust system, and ordered to appear in Grayslake Branch III on Nov. 8 at 3 p.m. Both men were charged with possession of a controlled substance, with a court date of Nov. 8 at 1:30 p.m. They were released on personal recognizance bonds.

DUI

Christopher M. Stratton, 24, of 23375 W. Grass Lake Rd. in Antioch, was observed by Lake Villa Police Sept. 30 at 1:42 a.m. speeding 80 mph in a 50 mph zone on Rte. 83 north of Petite Lake Rd. When police signaled him to stop, reports say he kept driving on a high rate of speed. Police followed him into the driveway of his home. Noticing slurred speech, bloodshot eyes and the odor of alcohol on Stratton's person, police administered field sobriety tests, which Stratton failed. A Breathalyzer test showed a .163 BAC. His car was towed and placed on a 12-hour hold. He was charged with speeding, DUI and DUI over .08 BAC. He was released on \$300 cash bond, scheduled to appear in Waukegan courtroom C402 on Oct. 20 at 9 a.m.

WHAT'S NEW AT THE LIBRARY

Pajama Sam 3: You Are What You Eat From Your Head to Your Feet

Humongous Entertainment

Pajama Sam always helps those in need, and in "Pajama Sam 3: You Are What You Eat from Your Head to Your Feet," the entire food pyramid requires his aid. Fats and sweets are clashing with more nutritious foods, and an all-out war is looming. A peace conference has been organized, so the various food groups can settle their differences, but clever sabotage by the desserts has trapped the conference delegates! It is up to Sam to locate and free the imprisoned foods before the ultimate food fight breaks out.

A third-person role-playing game for children, ages 3-8, "Pajama Sam 3" provides a fun test of players' problem-solving abilities while not so subtly educating them about nutritional balance and proper eating habits. Players take Sam through the terrain of a surreal human body in the search for the missing conference delegates. To liberate them, Sam must gather up clues and tools that litter this body from its brain to its toes. He travels through the circulatory system by riding a friendly chocolate doughnut named Sprinkle, exploring the body's various locales and interacting with chatty foodstuffs. The game also has a small number of arcade sequences, such as a skiing simulation and a race through a library, where you must find a book while simultaneously dodging the librarian's shelving cart. Additionally, players must find hidden box tops in each new locale that they visit.

"Pajama Sam 3"'s challenges fall in the medium range of difficulty. None of the puzzles is very tough, and as long as players keep investigating the various game screens and talking to the other characters, they are sure to find all the tools they need to complete their quest. Characters provide easy-to-follow verbal instructions with stress on the most critical elements, making this well-designed game fun and ideal for newer players. More experienced users will enjoy Sam's adventure, but they will finish "You Are What You Eat" too easily, and it has limited replay potential. But for fans of Pajama Sam, or any child interested in playing while learning the basics of nutrition, this is a delightful game. (Ages 3-8)

LETTER TO THE EDITOR

Vouchers not the answer

School vouchers are a cruel hoax being sold to the public, promising them a superior education for their children.

But this is a delusion that is being promoted by the people who don't truly care for the public schools, those who do not like being taxed for public education, those who hate the teachers' union, those who do not like teaching controversial things such as sex education.

It is, in fact, the right wing of the Republican Party.

Unless a family receives enough money to cover the full expense of a private school, the vouchers have little value. Partial vouchers will only help families that can make up the difference expenses. However, it does paint a humanitarian picture that their supporters, the well-to-do, can feel good supporting.

Over 90 percent of our children still depend on public schools for education. There never will be enough private schools to replace the public schools or to accept even a fraction of the children.

So, we had better devote ourselves and our resources to trying to make the public schools the best they can be.

Editions from other major cities are also available and can be ordered through the youth group—these make great Christmas gifts for grandma and grandpa in Orlando and Aunt Betty in Phoenix.

The big Entertainment book is also available through the youth group. These books—drastically reduced to \$25 from \$35 the previous year—contain even more values with fine dining restaurants. This book also offers great discounts on hotels and resorts all over the world as well as on attractions closer to home such as the Wisconsin Dells. The youth group will be selling both types of books until Oct. 25 and are planning to use the money raised to defray the cost of attending World Youth Day this summer.

For information on how to obtain one or several copies, or just to peruse through one of the books, call Mary Leonard, director of religious education and youth ministry, at 395-0246.

And so goes another "Jingle from Pringle."

Readers with information for "Jingle from Pringle" should call Lynn Pringle at 395-6364.

Great Northern Bank plans permanent building

By JULIE MURPHY
Staff Reporter

The newly opened Great Northern Bank is making plans to go ahead with a permanent building to house the bank facilities. The bank is using a former podiatrist's office on Rte. 83, about one-half mile south of Rte. 173, as its place of residence until plans and building can be completed on the property next door.

The bank's president and CEO John Wolf said, "We are looking at architects right now to design our permanent structure. We don't want the building to stick out but to blend right in with the Antioch community."

The building will be built on a 5000-square-foot footprint that will include a basement, plus first and second floors. Ground breaking for the new building is projected for the spring or summer of 2001.

"The building will be quite a bit bigger than what we are in now," said Wolf. "We will have a community room for residents to conduct meetings, and the upper floor will likely be offices until we need to expand into that space."

The bank is a full-service bank including debit cards, ATM banking, Visa and MasterCard processing, a full line of deposit products and commercial, real estate and small business loans. When the new bank is completed, there

will be four drive-up lanes.

"Expansion into the upper floor will be determined by the growth of the bank," said Wolf, who indicated that computer-banking services might be part of the bank's make-up in the future.

Five of the six members of the bank's board of directors are also original organizers of the bank—Wolf, Taso Maravela, Dennis Kemp, John Ruffin III and Maria Deligiannis. John Heddens also sits on the board, but was not among the founding members. All of the board members are local to Antioch, except for Kemp who is also the bank's attorney.

"We decided we would do something in Antioch as Antioch is a growing community," said Wolf. "We can offer great customer service as we will know the customers by name."

There are 108 stockholders, with the largest block being held by the board of directors. "The local community has invested in our bank, and we are here to serve the community in our capacity as a community bank," added Wolf.

According to Wolf, Illinois has more small community banks called "de novo" banks than any other state. This is not the first start-up bank Wolf has been involved with at the onset. He was instrumental in the beginning of Anchor Bank, which was sold in 1996.

Wolf has been in the banking industry in Lake County since 1977.

Clean slate?

A new era and a new image. That is how the Illinois High School Association (IHSA) is working toward enhancing its relationship with sports officials.

"We sincerely appreciate the efforts of officials across the state," said Marty Hickman, IHSA assistant executive director, addressing a standing room only crowd of officials from the Northern Officials Association (NOA) and the Arlington Officials Association (AOS) in the annual joint meeting held at Hackney's in Lake Zurich on Oct. 4.

"The mission of the IHSA is to provide educational experiences for kids which enrich their lives," Hickman explained. "That's what we and you are about. Teaching kids to be productive citizens in this country. I hope we never lose site of that and you don't either."

Officials are viewed by Hickman and many others as 'part of the larger educational system for young kids.'

Maintaining a good report with officials is a major focus of the IHSA, which views itself as 'a service organization' with two main clients, the 758 member schools in the state and the over 9,000 officials.

The new 'power rating' system being employed by the IHSA to evaluate and assign officials to state playoffs is a major step toward improving the 'good ole boy' system which was unofficially in place for many years. As with any change, there are still some quirks in the system that the IHSA is aware of and examining. One is the allowing of coaches to evaluate an official as many times as they see that official, but a fellow official only being allowed to evaluate one of their peers once.

An Officials' Advisory Committee has been formed and is the main nucleus that helps institute new programs relating to officials.

The IHSA is offering grants to officials' associations throughout the state to be used to enhance recruiting efforts for more officials. Emphasizing sportsmanship with participants, coaches, students and fans in general is a major move by the IHSA to assist in obtaining and keeping officials.

"We have set up some officials recruiting classes and are working on some mentoring programs," explained Hickman. "Once we get someone signed up and registered, it's too easy for them to get the mind set, I don't need this. It's important to get them involved in a local officials association."

Hickman revealed he used to officiate basketball. "I still remember how exciting that was. I absolutely loved it like you guys and gals do. I have a lot of respect for you and know you have a tough and thankless job. I appreciate it."

Persons interested in finding out more can contact the IHSA at www.ihsa.org or call 800-663-6377. Interested parties can also join the NOA weekly meetings, held at Carmel High School in Mundelein on Wednesdays at 7:30 p.m.

Editor's Note: Starting last week, sports section will not only appear in the main section of the paper, but in at least one page in the County section. Oh, for this week only, Warren youth sports fans can find a complete roundup in the county section as well.

Fourth-quarter blues come back to haunt Sequoits

By JOHN PHELPS
Sports Editor

For three quarters Oct. 7, the Antioch varsity football team looked as if it would put a stronghold on the North Suburban Conference lead.

However, with Antioch leading 17-14 in front of a packed homecoming crowd, the wheels seemed to sputter.

Three turnovers in the final period resulted in one score as visiting Stevenson stunned the Sequoit faithful, escaping with a 28-17 victory, leaving a four-way tie at the top of the Lake Division with 2-1 records.

"I feel it's my fault because we didn't come out with the intensity we needed in the second half," said senior linebacker and co-captain Scott Hodina.

"But there isn't any finger-pointing here—we're family and this will pass," said head coach Del Pechauer during the team meeting following the loss. "But it was a good, hard-hitting football game and they (Stevenson) just outthit us on the offensive line. Our defense played well but they were out there a lot."

Antioch (5-2, 2-1) showed no lack of intensity in during the opening half. Adam Jordan nailed a 34-yard field goal and fullback Dan Miodonski plunged in from a yard out to give the hosts a 10-7 lead with 1:36 left in the half.

"Statistically, we had a pretty good game," added Hodina. "We just fell apart a little in the last quarter."

Stevenson (5-2, 2-1) regained the lead midway through the third quarter when Adam Shust burst in from 19 yards out. But back came the Sequoits as Mark Purnell, who finished with a tough 75 yards on 22 carries, plowed in from a yard away to give Antioch a 17-14 lead heading into the final 12 minutes.

The Antioch defense was all over the place, with Scott Gehrke and Chris Rogalla

Antioch's Eric White muscles ahead after receiving a pass from Brandon White. The Sequoits, however, lost 28-17 to Stevenson Oct. 7.—Photo by Steve Young.

recording quarterback sacks. Jeremy Hall, Matt Green and Jim Spence each recovered fumbles and Ari Brown picked off a pass during a near-perfect first-half for the Sequoits.

But Antioch will have to return to that formula of playing intensely for 48 minutes when it travels to Warren Oct. 14 for a 1 p.m.

showdown. The winner of the game will have the inside track to the conference title.

"We know they're a tough team and we'll have to contain Vandaele," said Pechauer.

Should be interesting seeing that Warren was upset last week by Libertyville and Oct. 14 will also mark the Blue Devils homecoming.

Moxley, ACHS cross country teams 'finishing' strong

By JOHN PHELPS
Sports Editor

Believe it or not, there's an art to being a successful cross country runner. And junior Ryan Moxley and as of late, the Antioch varsity boys and girls cross teams are demonstrating just that.

Case in point—last weekend in the 32 Benet Invitational, where the boys varsity team took fifth out of 14 teams with 113 points.

Moxley, the team's top runner all season, claimed 12th-place medal with a personal-best time of 16:41, over 40 seconds better than his previous PB. But Moxley has been pushed by Eric Langner, who knocked over a minute off his previous PB, finishing 11th in 16:40 over the 3-mile course.

"They've really pushed each other," said head coach Dave Judson. "Eric just turned it on and caught Ryan during the sprint."

"I've had a lot of help from my teammates," reflected Moxley, who treasures the No. 1 spot after three hard years of hard work and training. "I've been going after that position (the No. 1 spot) and it's paying off. Now I

just want to keep getting better."

"I think the big difference personally and team wise is that we've been running more during the week," continued Moxley. "We put in almost 50 miles now. We're also working on starting a little slower so we save energy and can get a better kick during the last mile."

Pack running has also been the key to the kingdom for the Sequoits.

Backing Langner and Moxley and besting his PB by four seconds was Nick Downard, who finished 20th with a time of 16:55. Justin Mehaffey was 34th (17:26), Buzz Leffelman 36th (17:39), Derick Anhalt 39th (17:49) and Matt Schmitz 51st (18:26).

"We have so many good runners on this team," said Moxley. "And we should be pretty good next year too. I think we only lose four seniors."

Meanwhile, the varsity girls team is also making some noise heading into this weekend's NSC Meet, to be hosted by Antioch at Fox River Park in Silver Lake, Wis.

At Benet, the girls team finished seventh out of 14 teams with a score of 174.

The ever-steady Holly Clarke was the top

finisher at 20th place with a time of 15:49 over the 2.5-mile course.

Finishing 28th and earning a ribbon included Amanda Hammond (16:05), Lauren Cole 34th (16:20), Laura Hammond 44th (17:00), Kari Hintz 48th (17:14), and Emily Bock 50th (17:41).

The future is also looking pretty promising. That's because the JV boys team took first-place at Benet with 28 points.

Earning medals included David Cook, who finished second (16:55), Jim Beatty in third (16:56), Andy Napier fourth (17:06) and David Dee sixth (17:16).

"Those four are phenomenal together—that's what pack running is all about" said Judson. "When compared to the varsity, their times are right up there."

Also collecting a medal in the Benet JV race was Mike Addison in 13th (17:33). Earning ribbons included the likes of Mike Perry 25th (18:32) and John Ferris 63rd (20:47). Most of the times, according to Judson, were PB's.

"I'm really excited about our chances at conference this weekend," noted Judson. "As long as we stay healthy, we're going to be right there."

Davis, Lady Sequoit golfers conclude improbable season

By JOHN PHELPS
Sports Editor

Most likely, it wasn't the way they expected to finish. But then again, when the season started, Tom Davis of the ACHS varsity boys golf team and the varsity girls team probably didn't expect to make as many waves on the links as they did this season.

On Oct. 10, Davis' season concluded at the sectional meet held at Highland Park CC. The senior, who has consistently been one of the top five players for the boys team, carded a 91 but shouldn't hang his head.

"Tommy just had a bad day out there," said

head coach Jeff Moxley. "He found a few trees and couldn't recover. But this was definitely a great season for him as well as the team."

The boys team finished the 2000 campaign with a 9-3 dual meet record. Furthermore, the Sequoits won their invitational, took second in the county meet, fourth at conference and the Lake Forest Invitational, and fifth in the McHenry Tournament.

Davis finished the year with a 41 average for nine holes. Junior Andrew Kinney, the team's top player, finished with a 38 average. Junior Shawn Schuler was right behind with a 40 average, as was senior Mike Baba, who had 40.6. Sophomore standout Marc Woltzen fin-

ished at a 41.2 clip and freshman sensation Andrew Curtio 40.2.

Meanwhile, up the road at Bonnie Brook, the varsity girls also bowed out in the Waukegan Sectional.

The Lady Sequoits made it to sectionals after finishing third in last week's Marian Central Regional.

Sophomore Danielle Nielsen took home a medal after carding a fourth-place score of 91.

"Danielle was really excited," said head coach Steve Wapon on Nielsen, who had nine's of 46-45. "She had a rough start off the first tee but drilled her second shot and managed to put a nice round together. She played smart and

stayed out of trouble."

Backing Nielsen included junior Whitney Sehmer (107), freshman Katie Malcolm (111) and freshman Katie Lincoln (116) round out the scoring as Antioch finished with 425.

Other Sequoit scoring included Lynsey Ketterling (126) and Erica Hedlund (131).

"We didn't expect to get this far at all because we have a lot of young players," added Wapon. "You could say we saved our best for last. It was a real pleasure to see how they improved throughout the season. And we have most of them back for next year so we should be very competitive. Overall, it's been a very satisfying year."

The Lindenhurst Tornadoes boys U10 travel soccer team continued its winning ways with two shutout victories. Now halfway through this fall's Northern Illinois Soccer League season, Lindenhurst sits atop the U-10 Red-North division with a perfect 5-0 record.

On Sept. 30, the team traveled to Berwyn, where they defeated the Blazers 3-0. Standouts included Drew Jones (two goals), Andy Donovan (one goal, one assist), Jarrett Jespersen (assist), Ryan Lulofs (assist), and Breck Hughes (assist). Jonathan Wade (five saves), Joshua Larson (one save), and Drew Jones (two saves) combined to preserve the shutout in goal.

On Oct. 1 the Tornadoes took on last season's division champion, Elk Grove and came away with a hard-fought 2-0 victory. The challenging game was made even more so by strong winds blowing from goal to goal. Lindenhurst mitigated this somewhat by keeping the balls on the ground, and relying on its improving short-passing game and solid defense. Game standouts included Eric Holst (goal), Andy Donovan (goal), and Matt Seymour (assist). Jonathan Wade (six saves), Joshua Larson (one save), and Matt Holmes (one save) combined for the shutout in goal.

Next up for the Tornadoes: the Libertyville Octoberfest tournament, Oct. 7-8, featuring some of the area's premier soccer teams.

The U-10 Lindenhurst Tornadoes are Matt Beadle, Andy Donovan, Matt Holmes, Eric Holst, Breck Hughes, Jarrett Jespersen, Drew Jones, Joshua Larson, Ryan Lulofs, Matt Seymour, Chris Staton, Ian Tune and Jonathan Wade.

The Lake Villa Featherweights improved to 4-1 on the season with convincing wins over Round Lake (14-0) and Waukegan (20-0). The T-Wolves defense continued their dominating ways posting their third and fourth shutouts of the season. Against Round Lake, the T-Wolves offense was led by the running of Sean Hertz (1 TD) and Quarterback TJ Siwy (1 TD). Hertz and Siwy continued their strong running against Waukegan, joining Matt Limbert with impressive TD runs.

The defense came out in the second half and shut down a potent Waukegan passing attack with both Hertz and Nick Waldo picking off passes. The defensive line of Jackson Davenport, Alex Engel, Bob Whitaker, Brian Schmidt, Scott Cooke, Chris McCracken and Billy Battistone (fumble recovery) were credited by Coach Cukla with playing solid defense, while Linebackers Joey Ramos and Josh Knaack came up with some big hits of their own.

This time, area racing yields to snow, not rain

Let it snow, let it snow, let it snow! Snow and fall racing does not mix. For the first time in over 25 years of announcing and working at motorsports events, this writer witnessed the stopping of a race due to SNOW!!

That's right, snow. The Midwest Enduro Stock Car Series Old Wisconsin Sausage 300 was red flagged and called complete at lap 201 with Mike Kasperek of Clintonville in the lead on Saturday afternoon, Oct. 7, at 141 Speedway in Francis Creek, Wis. Within 15 minutes after the red flag, a full-scale snowstorm dumping well over 2 inches of wet, heavy snow blanketed the track, parking areas and the grandstands.

Ironically, the move by series officials to an October afternoon followed last year's event that was run in sub-freezing temperatures in the evening. Maybe June or July might work out better.

The final Midwest Enduro Series event will be on Sunday afternoon, Oct. 22 at Lake Geneva Raceway featuring The Original Goblin 250. Added events will be a ladies only race, a costume contest for the kids and the 1st Annual 'Dirt Bowl Challenge' featuring teams of Wilmot Speedway and Lake Geneva Raceway competitors taking on each other in BIC cars. Gates open at 11 a.m. with the pre-250 events getting underway about 12:15 p.m. and the green flag on the Goblin at 1 p.m.

The scheduled Fall Classic planned for Raceway at Powercom Park Oct. 7-8 was postponed until Oct. 14 and 15 due to the frigid temperatures and eventual snow/rain. The same divisions will compete with preliminary events at 6 p.m. on Friday followed by semi-feature and feature events starting at 5 p.m. on Saturday.

The rescheduled 4th Annual Frank Filskov Memorial Interstate Racing Association (IRA) Season Championship was cancelled a second time due to the weather and will not be rescheduled this season. Congratulations to Joe Roe of Pleasant Prairie, originally from Zion, who recorded his eighth IRA season title. Congrats to Kurt Davis of Milwaukee who chalked up the Midwest Sprint Car Association cham-

pionship as their season finale will not be rescheduled either.

The Gumout World of Outlaws will conclude their inaugural season on Saturday, Oct. 13 at Terre Haute Action Track in Indiana. Craig Dolansky of Minnesota continues to hold the series point lead. A reminder of the Tony Bettenhausen Memorial to be held on Saturday evening and Sunday afternoon, Oct. 13 and 14, at Illiana Motor Speedway in Schererville, Ind.

Meanwhile, Joe Kristan of Beach Park, Ill. closed out a 30-plus year racing career by announcing in victory lane his retirement as a driver. The surprise comments were following Kristan's first win in three years in the Star Trac 410 Outlaw Winged Sprint Car feature on Season Championship/Fan Appreciation Night 2000 at Premier Racing Productions Wilmot Speedway on Saturday, Sept. 16.

Dave Moulis of Johnsburg, Ill. was crowned Star Trac Series Champion, his fourth at Wilmot having won in 1992, 1997 and 1998. Scott Kuxhouse of Antioch, Ill. captured his second 20-lap IMCA Modified feature of the season. Ed Devall of Waukegan, Ill. chalked up his second IMCA Modified crown at Wilmot, having won in 1997. John Simons of Chicago, Ill. saved the best for last winning his first two races ever in the Herbs IMCA Hobby Stock feature and heat race.

Dave Grenlund of Sharon, Wis. scored a double title, taking the Herb's IMCA Hobby Stock track title plus the IMCA Hobby Stock Wisconsin State Championship.

"It's been a while and I think this is the last sprint car race I'm going to run here," said Kristan, who captured the 1996 Star Trac regular season and the 1988 Wilmot Open Sprints title. "Next year, I think you'll see Brian (his son) in

the No. 14. It's nice to go out a winner."

"It has been great to work with my new car owners, Larry and Joanie Miller, and Contract Furnishings, and everybody who has helped out," said Moulis, noting his championship at Wilmot, winning the first ever World of Outlaws Gumout Series 'King of Wisconsin' Sprint Car Challenge, plus other wins with the Interstate Racing Association (IRA) Outlaw Sprint Car Series and the Powercom 410 Sprints have made it a season to remember. "It's been a great year. I owe it to a lot of people, my crew, and especially, my parents, who bought my first sprint car for me. Otherwise, we probably wouldn't be standing here."

Kristan's win came ahead of a fast finishing Chip Bell who came from eighth to place second. Scott Lenz came from 13th to finish an impressive third. Moulis' fourth-place secured the title. Dean Luky of Wauconda, Ill. closed out his Rookie of the Year season with a career best fifth place after starting 16th.

Dean Luky received a \$100 bonus from Jerry and Diane Bishop from Zion, Ill., in memory of Jerry's Father, Vernon, who passed away this past week.

Sprint heats went to Don Durham, Kirk Fehrman and Lenz. First year driver Kevin Hinich won his first career sprint car race by taking the checkered in the 'B' main.

"This is the second time in my racing career I've won the feature on the last night," said Kuxhouse. "It's still a long winter, but this makes it feel just a little better. I have to thank my wife, Darlene, for putting up with me and all of this work that goes into racing. I love her dearly."

"It hasn't really sunk in yet," said Devall, recognizing his Mother and Father who were both in the stands to see him clinch the title. "Tony Jenkins, my car owner, went completely through this car during the last week since we got back from Boone (Iowa, IMCA Super Nationals). We want to figure out how we can do better out there next year. This is great though."

Cautions on laps 12, 15, 16 and 18 had Kuxhouse questioning if the white flag was ever going to appear. Scott Shultis shot to the

outside to take the lead as the two came for what would have been the white flag, however, debris in turn four erased the pass. Kuxhouse kept the point to the finish with Shultis, who started ninth, tying his career best with runner-up honors. Chuck Ostergaard came from tenth to finish third. Devall started 13th, proving to be lucky, ending up in fourth to secure the championship. Elmer Everman improved five spots from tenth to fifth.

Bruce Techert's 13th place feature finish proved lucky as the first year IMCA Modified driver scored Rookie of the Year honors. Modified heat wins went to Mike Sullivan, Shultis, Ty Webster and Jason Hyerdall. Rob Shales captured the 'B' main checkered.

"This was fun," said Simons, who tows up from Chicago, Ill. to compete in the Hobby Stocks. "We wanted to figure out the set up so we could be competitive. I guess we've got that figured out. This is a great class to run in, a lot of fun, and I encourage anybody who wants to try racing to give it a try. I can't wait for next year to get started."

"I never dreamed I'd be sitting here on the last night with two championships," said an emotional Grenlund when he came trackside for the pre-race National Anthem ceremony. "This is like a dream. I have to thank my wife, Christine, my son, Joshua, and daughter, Sarah. I have a feeling we're going to have a two car team next year with my son driving the other car."

Billy Combs opened a large lead in the hobby stock main. Simons worked his way into contention after trading paint with Grenlund for a couple laps for second. Two laps from the finish, Simons went to the inside down the front straightaway to challenge for the lead. Combs and Simons went side by side around the one-third mile clay oval until the drop of the white flag. Simons took command, going on to the victory. Combs was second by about one car length. Grenlund's third place finish closed out a championship year.

A pre-race drivers autograph session allowed fans to be greeted and thanked by the competitors from all three divisions which competed regularly at Wilmot Speedway.

COUNTY DIGEST

Senior Law Day

The judges of the 19th Circuit are hosting the second annual Senior Law Day at the Lake County Courthouse on Oct. 19. The senior citizens will have an opportunity to visit the court system and learn about the legal process. The day will consist of three one-hour programs beginning at 8:30 a.m. and concluding at noon.

Lake Villa Township Supervisor Sue Hanson will be sending 25 senior residents to participate in this program. Call the office at 356-2116 if you are interested in attending. Reservations are on a first-come, first-served basis.

Horse pasture walk

Rotationally grazing horses using paddocks with warm season grasses will be discussed by Ellen Phillips, a crop systems educator, at the University of Illinois Extension during a Pasture Walk on Oct. 14 at 1 p.m. The Prairie Crossing Stable Cooperative will share their challenges and successes in forming a horse owner cooperative to manage their barn and pastures. The Pasture Walk is sponsored by the Lake County Extension Unit and is hosted by Prairie Crossing Stable, 32400 N. Harris Rd., in Grayslake at their barn.

Pre-registration is required. There is a \$5 registration fee to cover the cost of educational materials. Call the Lake County Extension office at 223-8627 to register, and for directions to the barn.

County growth results in need for prison expansion

By CAREL SCHMIDLKOFER
Staff Reporter

Lake County's explosive growth in the past 20 years has brought several challenges to community leaders and residents. A new study may help the county prepare for the future housing of prison inmates.

Mark Goldman & Associates Inc. presented a preliminary study of the county's prison and justice system to Lake County Board members. The study recommends a three-phase program to expand and renovate adult justice facilities over a 20-year

period at an estimated cost of \$47 million.

According to the study, there has been a 71 percent increase in admissions of non-sentenced inmates to the jail and work release programs. Sentenced inmates grew 43 percent due in part to tougher penalties for DUI and domestic violence offenders since 1990. Calls to the Lake County Sheriff's office have tripled over this time.

Phase I of the three part plan would expand and renovate Lake

Waukegan pastor elected to bishop

By CAREL SCHMIDLKOFER
Staff Reporter

Solomon Smith, pastor at Mount Moriah Christian Center, will become bishop after 30 years of pastoral service.

Smith is a native of Hillsboro, Ala., who moved to Illinois in 1958 to work for the Veterans Administration.

"My parents didn't have the money for me to attend college," said Smith, "so I came to Illinois to get work." A year later, at the age of 19, he married and started a family.

Smith said he noticed a strong desire to help people had developed when he reached his teen years. After a year of marriage, he chose to pursue ministry work over his musical ambitions of songwriting and playing guitar.

He served as a deacon and became an assistant pastor at Mount Sinai Baptist Church in North Chicago in 1963. In 1970 he became pas-

tor and under his leadership membership grew from 350 to 700 parishioners.

While at Mount Sinai, the pastor was able to complete 18 years of training and education through the Baptist Congress of Christian Education, as well as courses at the American Baptist Seminary and Moody Bible Institute.

In 1991 the pastor opened Mount Moriah Christian Center, a non-denominational church in Waukegan.

During his pastorate, 34 men and women have been licensed to preach, and eight have since been elevated to pastors.

"I plan to reach out to younger ministers," Smith shared. He finds it gratifying to see others follow in his footsteps.

"With 30 years of experience as a pastor, I believe I can help young pastors, first by example, second by

Task force to address violence

By CAREL SCHMIDLKOFER
Staff Reporter

A new task force has been formed in Lake County to respond to increased violence in the country.

The task force is comprised of 35 business leaders, schools, business municipalities and social service organizations in Lake County.

Lake County Regional Superintendent of Schools Edward Gonwa and Sheila Marks, director of College of Lake County Southlake Educational Center, sent out a questionnaire to county schools, businesses and social service organizations asking if any character education or ethics programs are currently in place in their environments.

Gonwa and Marks are co-chairs of the "Character Matters" Task Force.

Recipients of the survey were encouraged to respond so results could be shared at an upcoming forum. The forum will address "character qualities in their communities" and dis-

Shimer named one of top 15

Shimer College, Lake County's smallest four-year college was named one of the top 15 schools in the nation in the October issue of Insight Magazine, the independent weekly news magazine published by the Washington Time Corporation.

Every year Insight picks the nation's most "politically incorrect," but educationally sound colleges to which parents can send their children with pride. This is the first year that Shimer made the list along with such prestigious schools as the College of William and Mary in Virginia, Claremont McKenna in California, St. John's of Maryland and New Mexico and Wheaton College in Illinois.

Dr. Stephen Goode, author of the Insight article, states, "In a time of rampant political correctness on university campuses, Insight finds—excellent colleges that still offer students a well-rounded education, where professors are committed to teaching and traditional values are not suppressed."

He goes on to say that "What puts each of these diverse schools on the list is, first of all, a dedication to teaching: Insight believes college should be as rich an experience as possible, and this happens only when undergraduates come into regular contact with professors who are happy to be teaching and do it well."

Don Moon, president of the liberal arts college in Waukegan was delighted with the honor. "It pleases me that Insight Magazine has placed Shimer College on its list of the top 15 colleges in the nation," he says. "It's even more gratifying that the College was placed there for the right reasons: Shimer's nationally renowned core curriculum and its emphasis upon active learning by each student."

Shimer, with an enrollment of just 107, is one of three U.S. colleges with a curriculum based on the reading of original source materials called the Great Books.

There are no lectures, there are not textbooks and students don't read someone else's summary of the great works of Western Civilization. They read primary sources, then discuss them with their teachers and classmates. Classes are never larger than 12 and each is guided by a faculty member who is more likely to ask questions to direct discussion than of

fer solutions.

Moon points out that this dovetails with Dr. Goode's observation that "education never is a passive affair and isn't absorbed merely by being on campus. It's always an active enterprise, one that's achieved through deep immersion and intense effort."

Most Shimer graduates go on to earn advanced degrees. The average Shimer student outscored three of four potential graduate students on the Graduate Record exam.

This is the second national award received by Shimer in the past two years. In a study conducted by the University of Wisconsin in 1998, the college was named third in the nation in the percentage of its students who continue their education by earning doctoral degrees. Twenty-one percent of its bachelor degree recipients go on to earn a Ph.D.

The only schools which ranked above Shimer were the California Institute of Technology and Harvey Mudd College, also in California.

"At Shimer we believe that the core curriculum is fundamental to creating a community of scholars" says Barbara Stone, development director and professor of humanities at Shimer. "We stress the importance of understanding our intellectual heritage through a study of original sources."

Shimer was founded in 1853 at Mount Carroll, by two women. They admitted students on the basis of capability rather than on the applicant's previous educational background. Their mission was to develop in each student a well-rounded knowledge and personal competence.

Today, that same focus is maintained for weekday students who live on campus as well as for "Weekenders," working people who meet every third weekend for two days of intensive classes. Shimer has begun its first graduate program. An overseas program is available for Shimer students who may elect to study in Oxford, England during their junior or senior year. Shimer offers short-term projects abroad, as well.

For further information about Shimer College, contact Barbara Stone at 249-7192 or go to the web site at <http://www.shimer.edu>.

CLC NOTES

Business start-up questions

Information you should know before starting a business will be provided in a one-day seminar titled "Starting a Business in Illinois" at the College of Lake County. The session will be held from 6:30-10 p.m. on Oct. 18 in Room C003 on the Grayslake Campus.

Sponsored by the Small Business Development Center, the seminar will be conducted by Rona Bezman, CPA, and Marc Pullman, an attorney. Both will provide important information related to starting a business, including legal forms and issues, licensing, taxes and funding opportunities through state and federal agencies. The cost is \$20 per person or \$30 for a couple.

For information, call 543-2033.

Investment classes

A three-week course covering the basics of investing will be offered by the continuing education department at the College of Lake County. "Investing for Beginners" (computer ID 2318, course CFIN 7-001) will be held from 7-9 p.m. on beginning Oct. 19 at Grayslake High School, 400 N. Lake St.

The class will be presented by Jeffry Sannes, a Certified Financial Planner. Among the topics covered will include stocks, bonds and mutual funds; protecting assets; understanding tax laws; evaluating investment risks; and getting started.

The cost is \$39 plus \$20 materials fee due to instructor on the first class. To register by phone, call 223-1111. For information, call 543-2022.

'Question of Bruno'

Aleksandar Hemon, a 36-year-old Bosnian immigrant and the author of a critically acclaimed collection of short stories, will read from his book at 7 p.m. Oct. 18 in the Studio Theatre at the College of Lake County's

Grayslake Campus. Prior to the presentation, Hemon will be available to answer questions from 3-5 p.m. in Room B269.

Born in Sarajevo in 1964, Hemon moved to Chicago in 1992, prior to the siege, with only a basic command of English. He read obsessively to improve his language skills and began to write short stories, which soon began to appear in such magazines as "The New Yorker," "Granta" and "The Best American Short Stories of 1999." His critically acclaimed debut collection "The Question of Bruno" is set in Chicago and Sarajevo and describes the trauma of war, the wrenching experience of exile and the subsequent new life in a new land. Hemon has received rave reviews from the literary community and is fast becoming an international sensation.

Copies of the book are available in the CLC bookstore. A book signing will follow the reading. The event is free and open to the public. For information, call English instructor Paulette Roeske Reid at 543-2956.

Tour Mexican Fine Arts Center

A bus excursion to the Dia de los Muertos (Day of the Dead) exhibit at the Mexican Fine Arts Center Museum in Chicago will be held on Oct. 21, sponsored by the College of Lake County's foreign languages program. The bus will depart from the C-wing entrance at 11:30 a.m. and return by 8:30 p.m. The cost is \$25, which includes transportation and museum entrance fees.

The trip will include lunch at an authentic Mexican restaurant, a guided tour of the exhibit, a walking tour of the Pilsen and Little Village neighborhoods and a lecture titled "Day of the Dead: Aztec Sacrifices to Chicano Murals" by Dr. David Carrasco, professor of religion at Princeton University.

Space is limited, so early reservation is recommended. Call Theresa Ruiz Velasco at 543-2579 or Maria Manterola at 543-2291 for reservations.

Laremont School-25 years

Three won't be a football game or a parade, but the homecoming festivities will be just as sweet for students and staff of Laremont School (now known as Laremont School/Marjorie Ureche Early Childhood Center) who are celebrating the school's 25th anniversary. Laremont School is a part of the Special Education District of Lake County (SEDOL) and serves Lake County students with moderate to profound mental impairment and multiple disabilities.

Many events are planned to celebrate Laremont's silver anniversary. "Lake County's Silver Lining—Laremont School—1975-2000" is the theme for the anniversary year's events. Some special plans are being organized for the Oct. 27 Homecoming Dance to kick-off the year. Many of the initial 1975 staff and students have already been located to help celebrate the event and more are being sought. For the first time, a hospitality/reception room for parents and alumni staff will be open during the dance. The reception will be held in the newly remodeled wing of the school.

For more information or for reservations for the Homecoming Dance, call the school at 223-8191. SEDOL's geographic area covers about 400 square-miles within Lake County and provides educational programs for approximately 2,100 students with mild to very severe disabilities within 36 member districts.

Habitat meeting slated

Habitat for Humanity Lake County will hold its monthly volunteer orientation meeting on Oct. 17 at 7:30 p.m. at the Habitat for Humanity office at 315 N. Utica in Waukegan. The meetings, which take place on the third Tuesday of each month (except December), provides an opportunity to learn about Habitat and its volunteer needs.

Habitat always has an urgent need for skilled construction workers but novices can

help too. Office workers are needed, especially anyone who can volunteer one or more afternoons a week as a receptionist. Other volunteer opportunities include planning fundraising events, staffing the building material resale program, picking up donated items and more.

Habitat for Humanity Lake County is the local affiliate of Habitat for Humanity International, a non-profit, ecumenical, Christian housing ministry which seeks to eliminate poverty housing and homelessness worldwide.

There is no obligation for attending the meeting. For more information call Habitat at 623-1020 weekdays.

IDOT highway safety grant

The Illinois Department of Transportation announced approval of a highway safety grant for the College of Lake County for a Safe Communities program. The program is a combined federal, state and local project aimed at first, preventing and reducing motor vehicle crashes, and then, reducing injuries and deaths caused by those crashes.

Motor vehicle injuries are the leading cause of all injury deaths and the leading cause of deaths for each age 6-28. The majority of these crashes are both predictable and preventable. Injury patterns, including traffic-related injury patterns, vary by age group, gender and cultural group in addition to seasonal and geographical patterns. Education through the Safe Communities program is a way to help get these patterns identified and to get an injury control system working, thereby reducing injuries.

The grant of \$137,157 is funded by the National Highway Traffic Safety Administration, U.S. Department of Transportation, and will be administered by the Illinois Department of Transportation Division of Traffic Safety through "Stayin' Alive" Lake County's Traffic Safety Task Force. The grant became effective Oct. 1.

VOLO BOG

biologist and the event's keynote speaker, from 3:30 - 4:30 p.m.

"There are a lot of misconceptions about wolves. They are important predators for the ecosystem, not the myths that are about them. They are not sweethearts either, the truth is somewhere in between," said Stacy Miller, naturalist at Volo Bog.

Miller said it is amazing that wolves are so close by. Wolf packs may be found in the forested regions two hours north of the Wisconsin capitol.

Wolf Awareness Day at Volo Bog is part of

the nationwide Wolf Awareness Week effort sponsored, in part by Timber Wolf Alliance, a non-profit, education organization based in northern Wisconsin.

"Wolf Awareness Week has been around, but this is the first time we have been a part of it," Miller said.

Reservations are requested. Call (815) 344-1294 or stop by at the Volo Bog Visitor Center.

Volo Bog State Natural Area is an Illinois Dept. of Natural Resources site on Brandenburg Rd. west off Rte. 12 between Rtes. 120 and 134 in Ingleside.

VIOLENCE

cuss priorities for the upcoming year, said Sheila Marks.

Prepared by task force sponsor United Way of Lake County, the questionnaire asks recipients what incentives are in place for employees or students, what challenges have been experienced to starting or continuing a program and how pervasive within an organization or school

the program extends.

The forum's purpose is for individual teams to work in breakout sessions to identify action lines that can be taken to develop, reaffirm and restore the importance of ethics within their organizations and in the general community. "Hopefully we can learn from each other" Marks said.

PRISON

County Jail and add 400 beds. Space would be added the sheriff's offices, pre-trial courts, home detention, day reporting and community corrections facilities.

Phase II would acquire a site for courts and justice facilities, as well as parking areas. To build the justice center, Mark Goldman recommended the county acquire a site as soon as possible, even if building cannot be done at the time of purchase, to avoid paying for higher property and building expenses in the future.

Suggestions were offered by Goldman to keep costs down by either leasing space from the new building to other communities or the federal government until growth catches up for Lake County or creating partnerships with the same.

Location of the new facility needs to be decided. Goldman offered that it would be "better to keep the jail where most of the jail population is for stable police and family connectives (of prisoners)".

Should the county do nothing in the face of

prison growth, the summary warns of jail overcrowding which would endanger citizens and increase maintenance costs as well as court and office crowding causing court proceeding delays, safety and security threats and less staff productivity.

encouraging them to be faithful unto God no matter what the circumstances look like. God will always come through."

Smith said he feels compassion for individuals suffering drug dependency. Mount Moriah offers a weekly recovery program for anyone who has the need for support.

Smith was elected to the bishop position by his peers but does not anticipate a change in his work. He plans to continue to pastor at Mount Moriah and continue with his ministry's endeavors.

Attention All Crafters and Sewers!

Anchor Bank announces its first

"Dress A Teddy Bear" for Charity Contest!

Pick up your bears at Anchor Bank starting October 14th.

It's fun ... it's challenging ... and it benefits the needy children of the area. Here's how it works!

1. Come in and pick up an undressed bear at one of our two branches between the dates of October 14th and October 31st.
2. Take it home and dress it up using one of the categories below. Sewing, knitting, crocheting and other hand crafted media are all acceptable. Add accessories as you like ... you are only limited by your imagination. Return all bears to the bank by Monday, November 27th. All bears will be judged that week and put on display at the bank until December 20th. All bears will then be given to area organizations for distribution to needy children in our surrounding communities. The winning bears will be kept on hand until next year when they will be displayed at the bank and put in a silent auction. All proceeds from the auction will be donated to a local charity.
3. Categories:
 - Every Day Wear: pajamas, sportswear, school wear, theme wear (fishing, sports team, etc.), business clothes ... you name it!
 - Dress Up Clothes: wedding, prom, or any black tie affair.
 - The Last 100 Years: Pick an era between the years of 1900 and 2000 to dress your bear in.
 - Young Crafters: For grades 9 - 12. Dress a bear in any of the above categories.
4. 1st, 2nd and 3rd Prizes Awarded in Each Category: 1st prize: \$70, 2nd Prize: \$50, 3rd Prize \$30.

Official rules and details will be handed out when you pick up your bear!

Help our local needy children ... take me home and dress me up! Don't delay; pick up your bears starting October 14th. Limited availability.

Election code spat with clerk discredits to Link

So many accusations are flying between State Sen. Terry Link (D-Vernon Hills) and County Clerk Willard Helander over what constitutes tampering with state election laws that the event triggering the controversy has been lost in the shuffle.

That event was a Democratic rally at a Waukegan church advertising a drive to register voters as a major attraction. Registering voters in a political setting, such as a political rally, is forbidden by the election code.

Helander blew the whistle and Democrats have been fuming ever since. In the fall-out after Helander branded the rally-registration a blatant violation, the Republican county clerk known for her independence has been accused of bottling up new registrations, improperly interfering with a student government-sponsored registration at College of Lake County and "corrupting election law." The latter charge was hurled by the normally placid and impartial League of Women Voters of Lake County Waukegan. Where the League was coming from with this harsh accusation is a mystery.

Link gamely issued a warning to "resist fresh attempts" by Helander to intimidate residents trying to sign up for the No. 7 election. The Democrat bout with Helander has attracted attention elsewhere in the state. A Springfield political newsletter offered the most extreme observation, pointing out that Helander "made a fool of herself" and has invited a federal voting rights lawsuit not to mention "energizing the significant local African-American and Jewish vote." Phew!

Critics in Lake County and pundits downstate should know Helander is not given to reckless behavior, much less petty politics, in the administration of an office where the occupant takes an oath to uphold the laws of Illinois. Willard Helander pledged to serve all the people, regardless of race, creed or political affiliation when elected to office. Members of her own party were the first to feel the bite of her commitment to "call 'em as she sees 'em" when she consolidated precincts in an efficiency move, thereby stepping on some sacred GOP toes. Helander was one of the few county clerks in Illinois with sufficient self-confidence to point out prospects for mischief and possibilities for election code fraud when the controversial motor voter law was debated. She drew criticism from Democrats and Republicans alike and was rebuked by governmental tinkers.

Link and other Helander critics over-reached trying to spin out of the rally-registration goof. An admission of error and a simple "oops" would have ended the squabble. The dispute was heated enough to create wounds. Scars likely will result. But with the registration period closing Tuesday, Oct. 10, there will be a cease fire—at least for the time being.

Credibility gap in Rte. 53 views

Over the years, economy of construction never was a consideration advanced in favor of building the controversial Rte. 53 extension to alleviate gridlock in Lake County. Until now. Several billion dollars was the figure usually used to describe the cost of building the superhighway northward from Lake-Cook Rd. to a connecting point with Rte. 102 south of Grayslake.

The latest pronouncement of the Lake County Transportation Improvement Project pegs the Rte. 53 extension at \$830 million. This new cost figure was used by project officials to illustrate an advantage over improvements to Rtes. 83, 12 and 45, now estimated at \$1.1 billion. What gives?

Project officials, who are paid jointly by the Illinois Dept. of Transportation and the Illinois State Tollway Authority, have produced more new numbers to illustrate the "advantage" of building Rte. 53. They say only 185 homes and businesses are threatened by Rte. 53 as opposed to 635 structures affected in the corridors of the three-existing highways. What this means can't readily be determined. Often, when highways are upgraded, one of the results, besides improved transportation, is an increase in property values along the right-of-way. That sounds like an advantage, not a detriment, doesn't it?

The confusion about cost and impact to private property, as expressed by figures produced by the highway study group, adds up to a huge credibility gap in our mind. With a stew pot of numbers that are being bantered about, it will take a building full of Philadelphia lawyers to sort out the most desirable option to get Lake County traffic moving.

Tolerance abounds in land of liberals

One thing about New Englanders, besides their passion for the Boston Red Sox and their penchant for liberal politics, they are tolerant to a fault.

How else to explain their acceptance of this quirky flatlander poking around the world class tourist attractions flaunting a Bush for President badge and sporting a Yankees cap? Not to mention approval of same sex marriages, approval of politicians who lie a lot and a magnanimity toward individuals who choose to do all sorts of things to and with their bodies.

The baseball cap came from home and was designed to provide protection for your scribe's thinning hair from the northeast's unpredictable winds and the possibility of an early frost. But the Bush badge was a vacation memento acquired in a chance visit to Republican headquarters in Kennebunkport, Maine, a picturesque sea coast village that has become a GOP shrine.

Kennebunkport has been the summer home of the Bush family for decades. Even if they don't always vote Republican, the implacable Mainers in Kennebunkport respect and revere their famous neighbors.

A tall woman with a broad grin welcomed us. As a political junkie, I couldn't help notice our gracious greeter's strong resemblance to President Bush. The firm jaw and squinty gaze was a dead give away. Turned out we were visiting with Nancy Bush Ellis, whose nephew could be the next president. With that patented Bush one-on-one approachability, the possible First Aunt made a pushover sale for four political buttons, a steal at \$2 a piece.

"I'll be campaigning in Ohio next week. Our whole family is working hard to get George elected," Mrs. Ellis related.

The Bush badge proved to be an instant conversation opener. In New England, talking politics runs a strong second to discussing what it will take to get the beloved Bosox into a World Series. As a long suffering Cub fan, I related instantly to their plight. Jim Brown, a maker of heirloom quality Windsor chairs and fine furniture, put Maine's Nov. 7 dilemma into perspective. "We're Republicans and we like Bush, but we're afraid of how the religious right will influence the White House if George W. gets elected."

I got the impression that Maine will wind up in the Gore column election day if it isn't there already.

Politics and baseball aside, the northeast is enchanting this time of year. The foliage was just beginning to change as we cruised through

four states in 10 days. We found out what we were doing was "leaf peeping," a pursuit that rings the cash registers merrily for flinty New Englanders who rely on tourists to make a living. Just about every turn on the winding side roads produces a discovery of a bit of American history.

Lake Countians tend to feel at home in New England because so many of our early settlers came from that area, migrating to northeastern Illinois in search of deep soil and rich harvests. As tourists we maintain ties despite different political views.

Notable artist

After conducting a successful one man show at the Lake County Discovery Museum, Wauconda, the works of water colorist David R. Becker soon will be featured in a prominent Chicago gallery. Becker, who has become known as the "Artist on the Train," captivated the museum audience with scenes of the Chain O' Lakes and Chicago Loop where he maintains a studio. His rendering of a rain-spattered street outside the Civic Opera House was a show-stopper. Commuters on North Metra know Dave by name as they

watch him paint during the daily trek to Chicago and back home to Long Lake. Keeping his paint box open during the train ride enables the busy artist, who also handles a heavy teaching schedule, to complete up to 100 pieces a year. Becker is regarded as one of the up and coming notables in the Chicago art scene.

Remembers Goldwater

Lake Forest journalist Bill Rentschler has produced a warm and personal tribute to Barry Goldwater that tellingly counteracts the picture of the 1964 presidential candidate as a wild-eyed extremist during the Vietnam era. Remember Lyndon Johnson's anti-Goldwater TV ad where a child picking daisy petals evaporates in a nuclear cloud? The sound bite still is considered a landmark in negative political advertising. Rentschler presents Goldwater as an American original, uncommon as a man of conscience and conviction, committed to what was best for the nation. Rentschler, former publisher of a group of North Shore weekly newspapers, came to know Goldwater as an elected delegate. He kept in touch with the Republican leader for more than 30 years. The Rentschler book has a foreword by Senator John McCain.

One man's family

Halloween is going to be extra spooky this year if actions of the grandchildren are any indication. Erika is going to be a witch and John is set on playing the Devil if he can get outfitted with a proper tail. Gotta have a tail! Ali and Nikky are still in the princess stage. No fright. Oct. 31 is going to be just another day for Tommy—if he has a full bottle and a dry diaper.

LETTERS TO THE EDITOR

New roads don't channel a 'quality life'

Jack L. Martin who describes himself as "Chairman, Citizens to Protect Quality of Life Through Better Transportation," in his latest letter, calls for support of the Rte. 53 extension through Lake County. I don't know what kind of "quality of life" Jack L. Martin wants to protect since "quality of life" is many different things to many different people. There are those who think that living in a sixth floor walkup in New York City and paying \$1,500 per month in rent is the ultimate in quality of life. I know people who live within a block of a crowded shopping mall who think "it just can't get better than this."

Some people prefer asphalt and concrete to grass and trees, it's all a matter of taste and preferences. On a personal note, to me, "quality of life" in Lake County is open space, green grass, does with fawns at their sides, and fresh air. It seems to me that Lake County is just great for that kind of life-quality.

Building roads, widening highways, and welcoming traffic is probably the best and fastest way to eradicate the Lake County living style that many of us love. Cou-

ple that with the welcome sign for developers who would build and build and build and you have the formula for "quality of life" breakdown.

We, in Lake County, may have country roads and inadequate highways and congestion, but I've seen pictures of Chicago's, Los Angeles', and Atlanta's six and eight lane super highways, and they look just as congested as any other two or four lane highway.

Perhaps Jack L. Martin should remember that bigger is not always better.

Hank Jacoby
Wauconda

Where is the money for roads?

The cost of building the Rte. 53 extension into Lake County would be prohibitively expensive.

At today's estimated cost to build of \$1.5 billion, plus \$1.29 billion cost of debt retirement (\$1.5 billion at 7 percent over 20 years) the total real cost just to build it

PARTY LINES

PARTY LINES, THE LAKELAND NEWSPAPERS' COLUMN OF POLITICAL OPINION, IS PREPARED FROM STAFF REPORTS.

House control strategy pinned on three races

House Minority Leader **Lee Daniels** is working on a strategy to become Speaker of the Illinois General Assembly that involves Republican victories in three north-eastern Illinois legislative districts.

Daniels reasons that three strong GOP candidates could pull the GOP even with the Democrats, who now hold a narrow 62-56 majority in the House. "Another pick-up elsewhere in the state and we're in control," Daniels enthuses.

To make the Daniels strategy work, **Dr. Tom Salvi** must win in a McHenry County District, **Cesille Price** must oust incumbent State Rep. **Susan Garrett** (D-Lake Forest) and GOP newcomer **Nancy Flouret** of Deerfield has to capture the 60th District seat vacated by State Rep. **Lauren Beth Gash** (D-Highland Park).

Flouret is considered an expert on education. She's served as both an elementary and high school board of education member and helped rewrite the Illinois School Code. Her husband is a doctor. Salvi hails from the politically involved Salvi family in Lake Zurich (both parties) and practices in Crystal Lake. Price, a GOP activist and grassroots worker for education, has the toughest job. She also resides in Lake Forest.

Trans expert

Party Lines readers wondering where Buffalo Grove Trustee **Jeff Berman** gets his expertise on transportation issues should know that he works out of a law office in Chicago to which he commutes regularly. Berman has become an outspoken advocate

Flouret: May help Republicans even House.

for Rte. 53. His commuter status puts him on a par with thousands of other "transportation experts" in the Lake-land area who are commuters.

Suburban clientele

Big-time Chicago lawyer **Jeremy Margolis** is expanding his clientele in the suburbs. One his favorite clients is the Village of Fox Lake. A friend of this column called to ask whether Fox Lake officials know that Margolis represents a group of investors who are trying to shove the Fox Lake Riverboat partnership aside to get a casino license in Cook County?

Porter praised

Members of the National Assn. for College Admission Counseling praised retiring Congressman **John Porter** for leadership he demonstrated as chairman since 1994 of the House Appropriations Subcommittee on Labor, Health and Human Services and Education. A NACAC called Porter an advocate for students and educators.

Ugly charges

Debate in Antioch High School district over a Nov. 7 tax referendum has turned ugly with charges circulating that a board member purchased an expensive bottle of wine at a Chicago school convention. Another board member is being accused of having a school contractor deliver free dirt. **Dr. Dennis Hockney**, superintendent, and other school officials did their best to provide referenda facts at a luncheon Monday for members of the Chamber of Commerce.

Being cautious

No political events were scheduled for Friday, the 13th. Candidates must be both su-

perstitious and cautious. Next Friday event is Oct. 20 where **Tom Adams** running for county recorder will bring out a German band for an Oktoberfest event at Lamb's Farm, Libertyville. As an added attraction, those attending can receive a free pumpkin by donating three cans of food for the needy.

Job security

Apparently Community Consolidated School Dist. 46 Superintendent **Dr. Kurt Anderson** has some hidden talents, should he ever change fields.

During the Grayslake Exchange Club's annual pancake breakfast at the firehouse, the administrator could be found at the griddle, making Mickey Mouse and turtle-shaped pancakes for the fund-raiser.

Take me out to the ballgame

When introduced to the concept of Random Acts of Kindness Week, Lindenhurst trustee **Fred Messmer** asked, "Does this mean I have to be nice to Cubs fans?" The consensus was that even Cubbies need love.

Not superstitious

The folks at the Fox Waterway Agency in Fox Lake have no fear of the number 13. They rescheduled their meeting in McHenry from Oct. 12 to the following night due to not having a needed quorum.

Doing their part

As is the tradition at Grayslake Area Chamber of Commerce lunch meetings, everyone stands up and introduces themselves.

Village representatives—zoning officer **Kirk Smith**, Police Chief **Larry Herzog**, village manager **Mike Ellis** and assistant to the village manager **Darrel Blenniss**—all stood up together and said with a smile, "We're from the village and we're here to help!"

It's Friday the 13th, knock on wood

Should I be spotted today hunting for a horseshoe or four-leaf clover, please don't accuse me of being superstitious.

I'm just looking for luck because it's Friday the 13th which, according to folklore, is fraught with peril. Danger lurks everywhere: It's bad luck to spill milk or salt, open an umbrella indoors, walk under a ladder, toss a hat on a bed, hang clothes on a doorknob, or say the word "pig" while fishing. And on and on and on.

Having 13 letters in your name is supposed to be bad luck. (Oh, sure, like Michael Jordan.)

My encyclopedia says superstition is "an irrational belief or practice resulting from ignorance or fear of the unknown."

Said the English writer Edmund Burke 200 years ago: "Superstition is a religion of feeble minds."

It's bad luck to whistle aboard a ship, and we may wonder why sailors feel the need to get tattooed. It's because folklore says a sailor wearing a tattoo, or an earring, never will drown.

It's also bad luck to whistle backstage in a theater. An actor friend explained that long

THE PFARR CORNER

Jerry Pfarr

ago the signal to change sets was a whistle. So if someone accidentally whistled, the set might change at the wrong time. You're supposed to be in the castle and suddenly you're in the forest.

Some actors will never pick up another's prop, even if they trip over it. That's actually a good practice. Each cast member is supposed to know where his prop is, and if somebody moves it he might have to leap on stage and into a sword fight, sans sword.

Old tales needn't be true to scare us. Consider this one: If you kiss your elbow you will turn into a member of the opposite sex. (I tried, in the interest of research, and fell a few inches short. Anatomy saves the day!)

The Lord's Prayer said backwards is supposed to cure hiccups, but it isn't easy to re-

cite: "Amen. Evil from us deliver —"

For good luck, a person should spit on his hands before a fight. (For better luck, avoid the fight.)

That brings to mind the boxer who makes the sign of the cross at the beginning of each round. That's swell, providing he can fight a little.

The sports world is full of superstition. A friend who pitched in the minor leagues recalls a manager who, when he went out to coach at third base, would always jump on the bag, then pick up three pebbles and throw them toward the outfield.

When coaching at first base, upon returning to the dugout after every inning he would jump on home plate with both feet.

Also, some players during hitting streaks wear the same jersey (unwashed) until the streak ends.

"They get a little lonely in the dugout," says my friend, "but it's worth it."

There are some weird ways to stop the bad luck you may have brought on, such as pulling out all of your pockets and turning in a circle clockwise, three times.

But on this Friday the 13th I think I'll just stay here in my home, hiding under the bed.

FROM PAGE B4

LETTERS

would be \$2.79 billion. At 70,000 cars daily (per IDOT), the cost per car per trip would be \$5.26. Add to this the cost of collecting tolls, administration, maintenance and repairs, or even rebuilding (anybody know a road that hasn't had to be rebuilt within a given 20 year period?). All together it could cost between \$8 to \$10 or more per trip to use it.

Existing roads, including several that would feed into the extension (Rtes. 12, 60, 83, 45, 22, 59, 173, 120, Lake Cook Rd., etc.) already need to be rebuilt or reconfigured, regardless of Rte. 532. We are being told that the money to improve the existing roads is not

currently available. So, extending Rte. 53 will only worsen existing conditions because the local roads would still need fixing. If the money is not available now why would we think it would be available then? Perhaps the truth is that improving existing roads would negate the need for Rte. 53, and IDOT and the toll road folks don't want us to know it. Consider disposing of the assets (homes and land) already acquired for Rte. 53 by IDOT to pay for some or most of the now-needed improvements. By the way, just how much is that amount?

Nothing has been said about the future of

Rte. 53 south of Lake Cook Rd. That area is the hub of the toll roads, connecting several. Why isn't this already, or at least being proposed to be, part of the toll road system?

Finally, why does it seem money is available to build and fix roads outside the Chicagoland area?

THROUGHOUT OUR REGION

School proposes free Internet

Vernon Hills—Hawthorn Elementary School Dist. 73 officials are attempting to organize a campaign that would put Internet access in every one of its students' homes.

No public money would be used to fund the plan, and officials would come up with a way to filter out any adult or pornographic materials students might encounter while using the Internet.

"The possibilities are endless if everybody works together," superintendent Youssef Yomtoob said. "I think we could become a model for the entire nation."

Village, Forest Preserve spar

Fox Lake—Fox Lake Zoning Board members approved an additional annexation request from Thelen Sand and Gravel.

The parcel is 61 acres. The Village of Fox Lake annexed the Rte. 173 business, 950 acres, earlier.

Lake County Forest Preserve commissioners were on hand. They want Thelen to donate land for a bike trail near their site, Gander Mountain.

Fox Lake Village officials bristled at the latest Lake County Forest Preserve request for additional buffering. They say the Forest Preserve wishes to have a road installed to its Gander Mountain site.

Mundelein wins police award

Mundelein—The Mundelein Police Department's efforts to make the community a better place have been recognized on an international level.

The department has been named the first prize winner for the International Police Chiefs Association-ITT Industries Community Policing Award for communities with a population between 20,001 and 50,000.

"We are really excited about this," Chief Ray Rose said. "It's really and truly not just a policing award, but something the entire community has earned."

To be eligible for the award, the department needed to spell out its strategy for the community policing program. Then, that strategy needed to be substantiated with concrete examples of how it was put into action.

I-94 deaths ruled accidental

Gurnee—The deaths of three Iowa residents involved in an accident on I-94 near the Grand Ave. accident were ruled accidental by a Lake County Coroner's jury.

State trooper Christopher Watson testified that the truck driver, 40-year-old Phillip T. Robertson of Alabama, was traveling between 55-60 mph in the 55 mph speed limit area. Watson said the driver did not brake before hitting the mini-van.

After the accident, police tested Robertson for both drugs and alcohol. The tests showed that the driver had neither in his system when the accident occurred.

Woman arrested for fraud

Round Lake—Several thousand dollars worth of merchandise was taken into evidence after a Round Lake woman was arrested Oct. 9. A six week investigation, led by Officer Andy Orians, of possible Internet fraud led Round Lake police to obtain a search warrant of her home in the 200 block of Switchgrass.

Carolyn Cacal, 36, was charged with false statement for purpose of procuring a credit card, financial identity theft and fraudulent scheme-wire.

Items she bought on the Internet ranged from microwaves and refrigerators, to clothing. Police even confiscated the kitchen sink because she had ordered that off of the Internet.

Carey defends gun resolution

Grayslake—Mayor Pat Carey is hoping village trustees will accept a new gun safety resolution.

The issue was brought up after Grayslake Police recorded numerous violations at the Sept. 17 Lake County Sportsmen's Gun Show, held at the Lake County Fairgrounds in Grayslake, as well as an unusual string of illegal gun incidents in the village during September.

The mayor asserted, "I'm not trying to inject my own personal opinion about guns or gun control on a national level. I have no problem with people who want to own guns, who want to buy them legally, store them responsibly and use them responsibly. I have no problem with that."

PSSST...By The Way, the Colts, 49ers and Ravens May Be Where To Look

Even though fantasy football is based on a week-to-week, or in Lakeland's case, a month-to-month basis, you do need to look at the past in order to predict the future.

If you read this column each week, or just have ESPN, you know that the St. Louis Rams are fantasy football gold. Even their defense will give you ten points a week! But there are other teams with many gems.

Predicted to be one of the worst teams that San Francisco has ever seen, the 49ers surprisingly have a ton of fantasy talent. Terrell Owens is as good of a receiver as he is a "tool". Owens, after a bad season in 1999, is on track to score 15 touchdowns this season. His quarterback, CFL refugee Jeff Garcia, is making the Bay area forget about Montana and Young. Well, that may be an exaggeration, but look at his stats and you will see he has become one of the fantasy football's top 4

quarterbacks. Charlie Garner was also mentioned in this column earlier this season and hasn't let down since.

Everyone knew the Colts were coming into the 2000 season with something to prove and they have. Marvin Harrison has had the most consistent season among NFL wideouts so far and Edgerrin James has proved that he was deserving of being most fantasy draft's number one pick. Peyton Manning is second only to Kurt Warner among quarterbacks and he can only get better.

Baltimore's Ravens are also in great shape. Although the past two weeks have produced nothing but field goals, everyone on their roster should be a starter on most fantasy teams. Keep an eye out on the Ravens for the rest of the season and don't be surprised if they end up in the AFC Championship game.

FANTASY FOOTBALL COMES TO LAKELAND NEWSPAPERS

Something new has come to Lakeland Newspapers this fall in the form of Fantasy Football Monthly. The new football contest challenges readers to pick NFL players from six different categories and hope that their players score more touchdowns than anybody else.

Each month readers will select their 12 players from the above categories. At the end of the month the reader who's team has the most total throwing, rushing and receiving touchdowns will win \$100 from Lakeland Newspapers. Monthly winners will also be put in a drawing to win an authentic NFL football autographed by Chicago Bears star Jim Flanigan.

Enter by mailing this page with your picks, your name, address and daytime phone number to: FANTASY FOOTBALL MONTHLY, Lakeland Media, 30 S. Whitney, Grayslake, IL 60030. Entries must be in Lakeland's hands no later than the Friday before the month begins. If an entry comes in after deadline—the picks will not count until the next month's contest. The contest will begin at the beginning of each month.

Lakeland will also publish tips and player news in a weekly fantasy football column each week. If you're a football fan, then join the millions of fantasy football players throughout the country by playing Lakeland Newspapers Fantasy Football Monthly.

HOROSCOPE

Aries - March 21/April 20

Apologize to a close friend when you get upset with him or her for no reason, Aries. This person doesn't do anything wrong, and you know it. So, put your ego in check, and accept responsibility. A loved one invites you out late in the week. Say yes, because it's sure to be a good time.

Taurus - April 21/May 21

Stand your ground when an acquaintance tries to force you to do something that you don't want to do. You know that this person isn't looking before he or she leaps — and that usually means trouble. So, don't get involved. That special someone needs your advice about a business situation. Try to be objective and honest.

Gemini - May 22/June 21

It seems as if everyone you know wants something from you this week, Gemini. Don't get frustrated. Just do what you can for those closest to you, and don't worry about the rest. They can get along without your help. The person whom you've been seeing asks you an important question. Be honest with him or her.

Cancer - June 22/July 22

Don't take your bad mood out on that special someone — especially when he or she is trying to lift your spirits. Instead, appreciate the effort that this person is making, and try to let go of those bad feelings. A close friend drops by unexpectedly. Listen to what he or she has to say.

Leo - July 23/August 23

Don't hold a grudge against a close friend who makes a mistake that puts you in the middle of a difficult situation. This person doesn't mean to involve you. Accept his or her apology, and work together to rectify the situation. If you think about it rationally, you can straighten things out in a few days. Pisces plays a key role.

Virgo - Aug 24/Sept 22

Several people are counting on you to make financial progress this week, Virgo. Don't crack under the pressure. Just stay calm, and think rationally. That's the way to make sound decisions. A loved one needs your

help with a personal problem. Do what you can for him or her.

Libra - Sept 23/Oct 23

While you like to be the one giving orders, that's not how it is early in the week, Libra. A business associate takes charge of a problem. Instead of resenting this person's authority, work with him or her to rectify the situation. Your efforts will be rewarded.

Scorpio - Oct 24/Nov 22

When a loved one catches you reneging on a promise, don't try to lie your way out of the situation. Just explain what is going on; he or she will understand. A close friend invites you out late in the week. Say yes, because it's sure to be a fun time. Taurus plays an important role.

Sagittarius - Nov 23/Dec 21

Get straight to the point when talking with that special someone early in the week, Sagittarius. This person knows that something is wrong. Just tell him or her what it is. Being honest is the only way to make this relationship work. A loved one offers to help you out this weekend. Say yes.

Capricorn - Dec 22/Jan 20

Don't let an acquaintance pull a fast one on you late in the week. This person is trying to get you involved in a shady deal; don't fall for it. If what this person is telling you seems too good to be true, it probably is. Remember that! That special someone needs a shoulder to cry on. Be there for him or her.

Aquarius - Jan 21/Feb 18

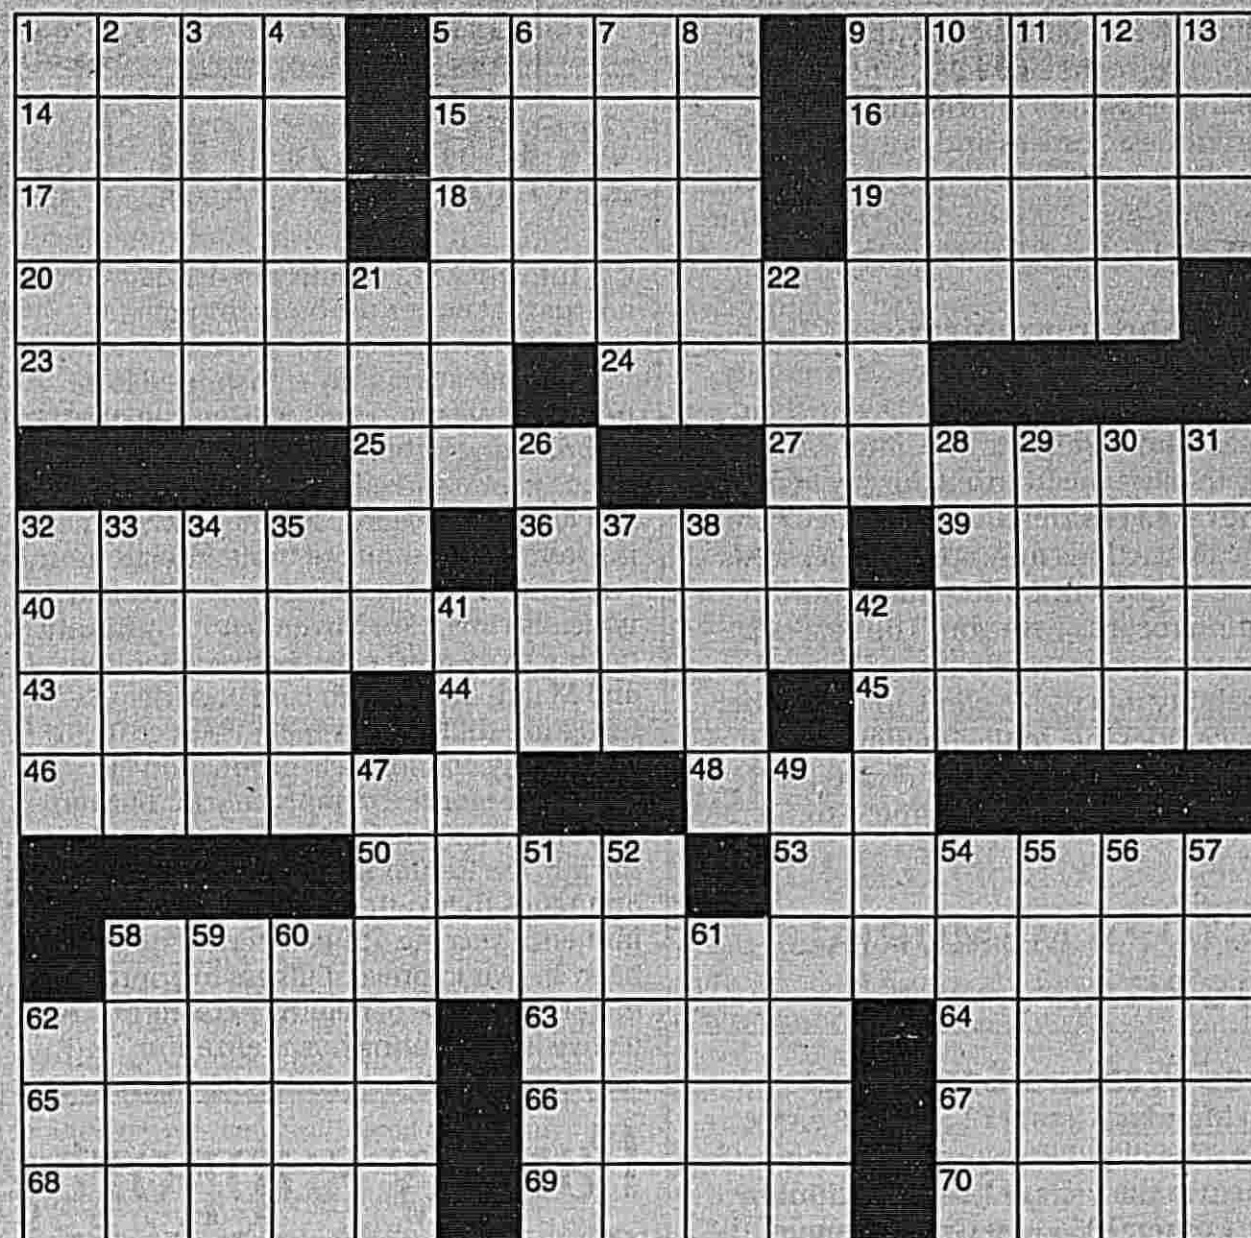

Be realistic when it comes to setting your agenda this week, Aquarius. There is quite a bit that you want to accomplish, but you know that it isn't possible to do everything on your own. Don't be afraid to ask those closest to you for help. You know that they are always there for you.

Pisces - Feb 19/March 20

Don't let your sarcasm get out of hand when a close friend is in trouble this week. While this person gets into this mess on his or her own, don't rub it in. Just try to help rectify the situation. Your efforts will be appreciated.

Leo plays a key role.

2000-2001 flu shot information available

Influenza is a serious disease caused by a virus that enters the body through the mucous membranes of the eyes, nose or mouth and is primarily transmitted from person to person. Transmission can occur by breathing airborne droplets that carry the virus and are spread by an infectious person who has sneezed, coughed or by touching items contaminated by an infectious person. The "influenza season" varies but typically runs from November to April with peak activity most often between January and March. As a health care provider we recognize that employee illness is costly to a company and impacts production all across the world. To improve your bottom line and keep your employees well and on the job, the Center for Disease Control recommends that your employees receive the influenza vaccine. Influenza vaccine has been shown to prevent illness in approximately 70%-90% of healthy persons and effective in preventing hospitalization.

This year the optimal time to receive an influenza vaccine is between October and December because it takes about two weeks for immunity to develop and provide protection. Flu shots are recommended for anyone who wishes to reduce the chance of becoming infected with influenza. A vaccine, like any medication is capable of causing serious problems, however, the risk is extremely small. The vaccine is safe, effective and is made from killed influenza viruses, which cannot cause the flu. Mild side effects such as soreness, redness or swelling where the shot was given, fever or aches are possible symptoms. Employees should consult their physician if they are allergic to eggs, have a history of Guillain-Barre Syndrome or had an allergic reaction to a previous dose of the influenza vaccine. For additional information on the influenza vaccine you may contact the Center for Disease Control at 888-232-3299.

The Acute Care Centers located in Ver-

non Hills, Buffalo Grove, Round Lake and Gurnee, will be offering flu shots for \$15 from October 1st through Dec. 1st at all four facilities. Special staffing will be available every Tuesday and Thursday from 8 a.m. to 10 p.m. to expedite your visit at the centers. Should this time frame not meet your needs, you are welcome to come during the centers regular hours. The Vernon Hills and Round Lake centers are open daily from 8 a.m. to 10 p.m., the Gurnee center from 8 a.m. to midnight daily and our Buffalo Grove center is open 24 hours.

To accommodate companies with many employees and minimize time off the job, flu shots will also be offered after Oct. 1st on-site for a minimum of 30 individuals at the same cost. To coordinate flu shots at the Acute Care Centers for multiple employees or set up times for our staff to come on-site to your company, please contact the Occupational Health Services Department at 990-5526.

Family support group meeting to focus on Alzheimer's disease

The Lake County Health Department and Community Health Center, in cooperation with the Greater Chicagoland Chapter of the Alzheimer's Association, will sponsor a family support group meeting on Tuesday, October 31, from 6:30 p.m. to 8:30 p.m., in room #137 (lower level conference room) of the Lake County Health Department, 3012 Grand Avenue, Waukegan.

The meeting is designed for family members who care for Alzheimer's suffer-

ers, and will include information on disease specifics, current research, practical care techniques and community resources. In addition, time will be provided for those in attendance to share their personal experience in caring for people with Alzheimer's Disease.

The support group meeting is free. More information can be obtained by calling the Lake County Health Department at 360-6621.

A safe place celebrates 20 years of service

Since opening the doors of a Victorian-era with 18 beds, and quickly filling them, 20 years ago, A Safe Place/Lake County Crisis Center has meant refuge and hope to thousands of Lake County area residents fleeing violence in their own homes. Today, that original domestic violence shelter has been replaced by a modern, 35-bed residential home which provides more than 12,000 nights of shelter each year, and the original staff of four has grown to 44. While counseling services have always been available for clients and their children, today counseling may be accessed at satellite points in Deerfield, Vernon Hills, Round Lake and at a new walk-in center in Lake Villa. A state-honored court advocacy program guides domestic violence victims through the judicial process of obtaining orders of protection. Abuser services are offered to perpetrators who may finally accept responsibility for their own behavior. The 24-hour HELP LINE number that handled several hundreds call that first year, now rings with more than 3,800 calls annually.

The community support that made this growth possible for services for victims of domestic violence in just 20 years will be remembered and celebrated at the 20th Anniversary Annual Meeting and Dinner on Monday, October 16, at Thunderhawk Lodge in Beach Park. Former executive directors and board presidents will recount the vision and efforts that have brought A Safe Place closer to its mission of eliminating domestic violence in the community. A Safe Place is hoping that many members of the community, past staff, board members and volunteers will plan to attend.

Tickets for the event are \$60 each and may be served by calling A Safe Place at 249-5147.

Women's Auxiliary of Lake Forest Hospital hosts holiday boutique

The Women's auxiliary of Lake Forest Hospital hosts its annual holiday boutique on Thursday, November 2 from 9 a.m. to 7 p.m. and Friday, November 3 from 9 a.m. to 4 p.m. in the hospital's A. Watson Armour Patient Services and Health Education Center. Community members are invited to attend. There is no charge for admission. Proceeds from the event benefit Lake Forest Hospital.

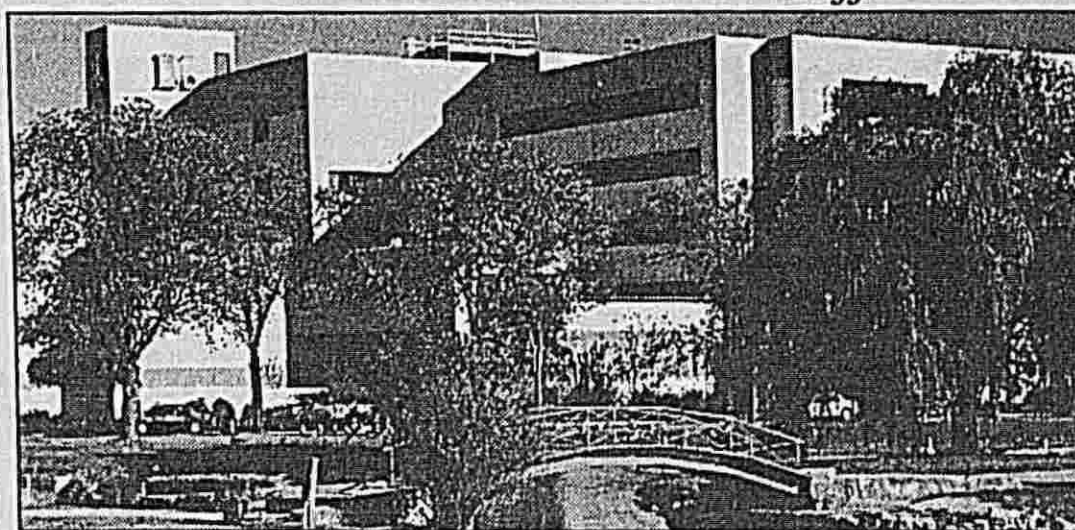

This year's holiday boutique chairman, Kathleen Cassidy, expects more than 20 vendors to participate. The festive sale features unique gift and decorating ideas including: wonderful jewelry, handpainted and embroidered clothing and gifts, specialty toys and books, a fabulous bake sale and lots more.

For further information, please contact Sue Skinner, Director of Development, Lake Forest Hospital 535-6111.

Are interrogating parents going too far?

Hi Dr. Singer,

I am 15 years old and I'm sure you probably don't get many calls from kids, and I don't normally read the newspaper, but I did this one time and saw your stuff and I thought I would ask you this question since I believe my parents are being ridiculous. I thought maybe if you printed this, and it was the right answer, I could show it to my parents and they could change their minds. My parents think I need to tell them who I am going out with, where I am going and when I am going to be home every time I go out. None of my friends deal with this with their parents and I think mine should just get a life! Tracy C.

Hi Tracy C.,

So pleased to know that people your age are also interested in what I have to say. I'm not sure my answer is going to be what you want to read though. First off, I know nothing about your relationship with your parents. I also know nothing about whether or not you have been trustworthy or not. You see, I believe in older teenagers being able to make more of the decisions in their lives provided they have shown their parents that they can be trusted. At 15, I was also the kid who had to give the full plan to the parents as well. Mine went two further. If there were going to be boys there, I had to bring a girlfriend with me and also, they had to meet the parents. How embarrassing that was for me, but it had to be done or I didn't go out. Now, prior to that happening, I had gotten caught in more than a few lies. Yes, even me! I was

PARENT'S PLACE

Dr. Sherri Singer

a "colorful" teenager to say the least, but things turned out o.k. More than likely they did turn out o.k. because my parents came down pretty hard on me when I did mess up. If you are like I was, not always telling the truth, sneaking around, etc., than I have to agree with your parents right now. They are trying to keep you safe and out of trouble and you need to understand that at some level. If your parents are being this tough, it has to be because some of those kinds of behaviors are occurring, am I right? I can almost see your face right now!

Now, to be fair, even if a kid is honest all the time and doesn't get into trouble, I think it is still o.k. for parents to want to know who their kid is going out with and where and for how long. These are logical things for a parent to want to know. It is rare, but sometimes, I do see parents being overly protective of a very responsible kid. For example, never letting the kid go out at all or having a 7 PM curfew for a 17 year old. These are pretty ridiculous, but sorry sweetie, none of what you brought up sounds ridiculous to me.

Regarding your friend's parents, I think your friends are not going to like the outcome that their parents' behavior will have on their futures. I grew up saying the same thing and do you know that out of all of my friends (and I had a huge group of friends-

25 people,) I was one of the few who actually made something great out of my life and didn't need to struggle through horrible things to get there. The kids whose parents were there to make sure they were not getting into trouble were the ones who made it. The ones whose parents were being, "cool" didn't. It was that simple. I thank my parents now, even though then I probably sounded more upset than you do now. I cherish parents who get involved in their kid's lives and ask questions. You should feel very loved and cared for because your parents are not just willing to let you go. I know you can't see that now, but you will later on.

Wish I could say that I was sorry that my answer couldn't be what you wanted it to be, but I can't. I wish you luck. Just do

the honest and right things and you will be fine! Thanks for reading and calling!

U.S. Supreme Court lets ruling stand: Abbott's Similac® is the first choice of doctors

The Ross Products Division of Abbott Laboratories may continue to use the claim "1st Choice of Doctors" in advertising its Similac® infant formula, after the United States Supreme Court let stand, without comment, a federal appeals court ruling on the claim.

On Jan. 5, 2000, the United States Court of Appeals for the Seventh Circuit ruled in favor of allowing the claim, reversing the opinion of the United States District Court for the Southern District of Indiana in a case brought by Mead Johnson, makers of Enfamil®. The lower court had temporarily barred Abbott from using the claim "1st Choice of Doctors" on labeling for Similac — but had recognized

the validity of the claim for Isomil®. Most recently, Mead Johnson had appealed the appellate court ruling to the United States Supreme Court. The justices refused to consider the appeal.

In issuing its opinion, the Seventh Circuit appellate court found that the "absolute and relative preferences for Similac are substantial." The court stated that "more than a score of surveys show that pediatricians prefer Similac over Enfamil..." and that in those surveys Enfamil never beats Similac. In fact, a number of those surveys showed Similac is preferred by doctors 2-to-1 over Enfamil — "in politics this would be a landslide," the court said.

"Abbott research has continued to demonstrate that its Similac and Isomil brands are the first choice of doctors and we know that physicians' specific brand recommendations are important to parents," said Joy Amundson, president of the Ross Products Division of Abbott Laboratories. "We are pleased that the nation's highest court has refused to hear the appeal. We can proclaim what we have always maintained, that Similac and Isomil are the first choice of doctors and are preferred over Enfamil and other infant formulas. Our claims remain truthful and substantiated."

The Ross Products Division of Abbott Laboratories is a longtime leader in the United States and international marketplace, well known for the manufacturing and marketing of leading brands such as Similac and Isomil infant formulas and Ensure® adult nutritional products.

Abbott Laboratories is a global, diversified health care company devoted to the discovery, development, manufacture and marketing of pharmaceutical, diagnostic, nutritional and hospital products.

October is mammogram time—schedule an appointment soon

During October, National Breast Cancer Awareness Month, the staff at Provena Saint Therese Medical Center and Victory Memorial Hospital encourage women aged 35 and older to have a mammogram. This simple test helps identify breast cancer in its early stages.

mammogram screening appointments scheduled between October 1 and 31 will be performed for the special low price of \$60 plus the \$30 radiologist interpretation fee. Screening mammograms are designed for women with no known breast problems. Women who have experienced previous breast problems will require a diagnostic mammogram at a higher cost.

Screening mammograms are available at three convenient locations. You can schedule an appointment at Provena Saint Therese Medical Center, 2615 Washington Street, Waukegan, by calling 360-2020; Victory Memorial Hospital, 1324 North Sheridan Road, Waukegan, by calling 360-4184; or the Victory Surgery and Treatment Center, 1050 Red Oak Lane on the Victory Lakes campus, Lindenhurst, by calling 356-4700.

Back to school eye care, best time for an exam is after school begins

As we enter the new school year, children and their parents have to pay the usual visits to certain physicians in order to begin the year. One of the most important visits is the trip to the family optometrist.

"Children are our most important patients, because the sooner we can detect a problem, the earlier we solve it and the better the outcome," said Dr. Marvin "Mel" H. Heimlich of the Libertyville and the Buffalo Grove Eye Care Center in Buffalo Grove. The two centers are one of the largest private optometric group practices in Lake County.

Children entering the preschool years are in a very important stage because their eyes are still developing. They must now learn coordination, motor skills and the vision skills necessary for learning.

"A Parent should look closely for signs of vision problems at this age," said Dr. Heimlich, who has an emphasis in pediatrics. "Especially if there is a history of vision problems in the family. Heredity can play an important roll in a child's eyes, such as large refractive 'errors', lazy eye (amblyopia) or crossed eyes.

According to the American Optometric Association, the other signs that should be looked for are the inability to sit still for a simple story or express ideas with paint, chalk or pencil; a short attention span for the child's age, or poor performance in preschool are other signs.

If these signs are evident, parents should bring their child to their optometrist immediately. A professional eye health and vision examination is the only way to rule out any type of eye disease or visual deficiency.

As children grow and mature into grade school, it is imperative that their vision skills are monitored. Near vision, distance vision, peripheral awareness and eye/hand coordination are all skills a child needs to refine as their eyes and bodies mature.

According to American Optometric Association, parents should not rely solely on a school vision screening. It cannot test all of the vision skills needed for learning and frequently fails to diagnose a problem, or can falsely diagnose a problem when there really isn't one.

Vision skills continue to grow as children enter junior high and high school. The students now are subject to more reading and more analytical skills, not to mention athletics where they rely heavily on excellent eye/hand coordination skills.

"Since 1981, I've treated grade school and high school athletes as well as professional athletes from the Chicago Bears and

each of them counts on their eyes in order to perform at their highest level," said Dr. Heimlich.

"Many parents think the best time to bring their child to the optometrist for an exam is before school begins. I feel, however, the best time is after school has been taking place for at least a couple of weeks," advises Dr. Heimlich.

"After a long summer, a child's eyes aren't stressed as much as when they are in school. Therefore, I'd rather see a child's eyes after they've attended school for a month or two so I can get an idea of how their eyes are while under the intense demands of school."

Dr. Heimlich, mentioned how this applies to all school age groups, even those attending college. "Not many college students have the chance to come home regularly, so I prefer to see them during their winter break, weekends home or at the beginning of the summer, after final exams when their eyes have been taxed the most."

A child's eyes are always roaming and always exploring. As a child grows, so does their vision demands and parents must remain aware that timely and necessary vision and eye health examination are imperative in order to preserve the wonder of their child's eyes.

For more information, contact the Libertyville Vision Center at 362-3444 or the Buffalo Grove Eye Care Center at 541-1184.

North Shore Glaucoma Center now seeing patients at Grand Oaks at Hollister Grove

Another new physician is seeing patients at Grand Oaks Health Center at Hollister Grove. Michael L. Savitt, M.D. opened his doors in late August, according to John Sheridan, Chairman of L.J. Sheridan & Co. L.J. Sheridan & Co. is the developer and property manager for Grand Oaks Health Center, located on the Hollister Grove campus on Milwaukee Avenue just north of Route 60 in Libertyville.

"Grand Oaks Health Center at Hollister Grove is delighted to welcome Dr. Savitt and North Shore Glaucoma Center to the Lake County medical community," said Sheridan. "North Shore Glaucoma Center is a leading provider of specialty eyecare services and provides an important complement to the other practices located at Grand Oaks Health Center and Hawthorn Health Center." Both Grand Oaks and Hawthorn Health Centers are located on the Hollister Grove campus in Libertyville.

Dr. Savitt was certified by the American Board of Ophthalmology in 1992. He currently holds a variety of academic positions, including a seat on the Advisory Board to the

Chairman, Department of Ophthalmology, at Rush Medical College and is Vice-President of the Chicago Glaucoma Society. He is also a Fellow of the American Academy of Ophthalmology. Dr. Savitt served 5 years as Assistant Professor of Ophthalmology and Director of Glaucoma Service at Loyola University Chicago and he is currently a Clinical Instructor at Northwestern University Medical School and an Assistant Professor at Rush-Presbyterian St. Luke Hospital.

Dr. Savitt has always had a fascination with glaucoma and ways to manage the disease. His dedication and interest led him to the University of Illinois Eye and Ear Infirmary, where he completed a one-year advanced fellowship in the medical and surgical management of glaucoma. The widely published physician has authored several technical documents on the disease.

For additional information about leasing opportunities at Hawthorn Health Center or the new Grand Oaks Health Center at Hollister Grove, contact John Sheridan at 367-6180. Or take a virtual tour of the Hollister Grove campus by visiting www.hollistergrove.com.

Health Department offers free breast and cervical cancer screening

Free breast and cervical cancer screenings are offered to eligible Lake County women through the Illinois Breast and Cervical Cancer Program (IBCCP), located at the Lake County Health Department/Community Health Center. Through the program, women can receive, at no cost to them, a complete medical examination, a clinical breast exam and a pap test, as well as referral for a free mammogram at a local hospital. Ongoing yearly exams and medical follow-up

are provided.

Women 35 years of age or older, who are underinsured or uninsured and whose family income does not exceed 200% of federal poverty guidelines are eligible for this free program. Examinations are done at the clinics of the Lake County Health Department/Community Health Center, also through private providers, and are by appointment. To find out if you are eligible, please call the Health Department at 360-2917.

Home health care available from the Lake County Health Department

Lake County Health Department and Community Health Center's Home Health Care Services provides nurses; physical, speech and occupational therapists; a nutritionist; aides and a social worker on a part-time basis to homebound Lake County residents under the care of a physician. Fees are

paid by Medicare, Medicaid, and private insurance. If none of these are available, fees are based on a client's ability to pay, with no one refused services due to an inability to pay. For more information on how you can obtain this part-time health care at home, please call 360-6717.

More than crates and boxes: Moving is an emotional experience

The next time you're at a party and the conversation starts to lag, try this: tell a story about something that happened the last time you moved. Within minutes, everyone in the room will be chiming in with "I can top that" tales of nightmarish moving experiences.

That moving can be traumatic is certainly understandable. "Even when the reason for the move is positive, such as a new job or a new house, the actual process of moving can be stressful and challenging," says Melanie Bergeron, president of Two Men and A Truck, the country's first and only franchised local

moving service based in Okemos, Michigan. "It's a lot of work and there are so many details to remember, even when you're just moving within the same town."

What can you do to keep your move from turning into a disaster? Bergeron offers these tips:

- Plan ahead. The more you do in advance, the easier moving day will be. Set up a notebook or file with all moving information, contacts, checklists, budgets, etc., so you can keep track of what's been done and what you still need to do.

- Choose your mover carefully. With all the other costs associated with moving, it's tempting to choose your mover primarily on price - but cost is only part of what you should consider when making this decision. You want a mover who will handle every box and piece of furniture with the same care you would. Be sure the mover has proper licenses and insurance. Check their record with the Better Business Bureau and whatever regulatory agency oversees movers in your state. Ask for and check references.

- Consider your children's feelings. Moving can be a frightening experience for youngsters. Turn it into a positive adventure by taking them to the new house before you move; drive around the neighborhood, meet some of the neighbors, visit sites such as the nearby park, schools and library. Involve them in the process by letting them pack some of their toys and favorite items. Expect them to be upset about leaving their friends and familiar environment. Organize a farewell party and take plenty of pictures, then explain that while they may be saying

good-bye to these friends, they're going to meet lots of new people, make new friends and explore new places. Always be positive.

- Remember the pets. If the move is stressful for you, just imagine what it's like for the family pet when their world is turned upside down. If you have dogs or cats, take them with you on visits to your new residence (but don't allow them to roam freely in the car; it isn't safe). Bring a jug of water and a familiar snack for them to enjoy when you arrive at the new home. Walk your pet around the new neighborhood and help them get familiar with the surroundings. Keep in mind that some pets have been known to try to return to their old homes after moving, so you'll want to keep a close eye on your pets especially in the first few days.

"There's a lot to remember," says Bergeron, "but if you take a systematic, organized approach, your move can be a positive experience." Of course, if you take Bergeron's advice, you won't have any moving-related horror stories to tell at your next party, so you'll have to think of something else to talk about. Ten free trees - autumn classics

Ten free trees, autumn classics, will be given to each person who joins The National Arbor Day Foundation during October 2000.

The free trees are part of the nonprofit Foundation's Trees for America campaign.

The ten trees are 2 Sugar Maples, Scarlet Oak, Sweetgum, Red Oak, Silver Maple, White Dogwood, Washington Hawthorn and 2 Red Maples.

"These trees will produce vibrant red, orange, yellow, scarlet and purple leaves in the fall," John Rosenow, the Foundation's presi-

dent, said.

The trees will be shipped postpaid at the right time for planting between November 1 and December 10 with enclosed planting instructions. The six to twelve inch trees are guaranteed to grow, or they will be replaced free of charge.

To receive the free trees, send a \$10 membership contribution to Autumn Classic Trees, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by October 31, 2000.

Real estate partnership thrives on teamwork, integrity

By LAURA WOOD

Although it is not uncommon these days to see real estate agents paired up together, Fred Brendel and Sherry Barlow were one of the first to do so in the Lake County area.

Fred and Sherry are agents for Keller Williams Realty, a full service real estate agency, located at 1326 Main Street in Antioch. Fred and Sherry are fully enjoying the team effort.

Fred received his real estate license in Illinois in 1989 and was licensed in Las Vegas in 1994. It was while working in Las Vegas that he noticed the top agents were partners. He decided to bring that idea back with him to Illinois. He presented the idea to Sherry, who was his partner outside of work as well, and she set to work on achieving her real estate license. After receiving her license in 1994 the two were ready to work together.

It is a well organized partnership. Fred does the field work, research and listings while Sherry takes care of the computer work, advertising, customer follow-ups, and making sure deadlines are met. "Fred is the brain, the problem solver, the negotiator, I'm the brawn," said Sherry. Fred is such a good negotiator that even other realtors have come to him for help, and he is always open to helping others. Part of what makes him do such a good job at negotiating is his outlook on any given situation.

"There is always a solution," said Fred. It is obvious that the partnership

works so well because Sherry and Fred share the same work ethics. "We pride ourselves on our integrity, our honesty with clients," said Sherry. She went on to add, "we are the first generation of realtors to realize that after the day is done you have to be able to live with yourself, treating people with respect is our main focus."

To ensure their clients receive quality service, Fred and Sherry make sure everyone involved in the transaction, such as the mortgage company, share their sense of integrity. "We have to enjoy what we are doing, if our integrity is tested we would give up the work," said Fred.

One of the things that surprises clients most is the quick response they receive from Sherry and Fred. "People are almost shocked by the quickness," said Fred. Phone pages are answered immediately and voice mail is responded to with the same quickness. Fred and Sherry do not believe in keeping their clients in the dark. "We stay in constant contact with our clients, whether we have good news or bad news," said Fred.

Knowing that buying a home is a huge transaction, Fred and Sherry approach the sale as if they were buying the house themselves and leave out the high pressure sales. Their clients fall into all age brackets, from couples buying their last home before retirement, to clients buying their first or second home. Sherry's favorite clients are first time buyers because they remind her of when her own children were buying their first homes.

Fred and Sherry know they did their

Partners Fred Brendel and Sherry Barlow are partners both in and out of the real estate office. Fred got the idea to team up after seeing most of the successful real estate offices in Las Vegas had a similar partnering arrangement. The pair works out of the Keller and Williams office in Antioch.

job well when they receive a referral from a client. "Our best compliment is repeat business or referrals from friends and family," said Sherry. Fred and Sherry prove that

good work ethics pay off. "Are sales speak louder than words," said Sherry.

Shopping for windows? Here's what to look for and what to watch

Windows play an integral role in home construction and remodeling projects. They can improve a home's energy efficiency, enhance a home's architectural design and provide essential daylighting.

Window-shopping, however, can be a trying time for some consumers, especially considering the maze of choices, widely varying price ranges and conflicting sales pitches. Experts at Andersen Windows, Inc., America's leading brand of windows and patio doors, offer consumers these window-shopping tips to simplify the process:

- Work with trained window experts. Trained window experts will help you understand a window's performance, answer questions about energy efficiency, and provide sound advice about remodeling projects.
- Choose high-quality windows with a reliable warranty.

What a customer sales representative promises and what a warranty's fine print promises may be two different things. Windows are only as good as the warranty that comes with them. Andersen Windows provides a 20-year warranty on glass and a 10-year warranty on parts that is non-prorated and fully transferable should you sell your home giving homeowners an additional bargaining tool.

- Buy only energy-efficient windows carrying the National Fenestration Rating Council (NFRC) label.

The NFRC label rates a window's energy performance and allows consumers to make apples-to-apples comparisons regarding U-Factor and Solar Heat Gain Coefficient (SHGC). The lower the U-Factor, the better the window prevents interior heat from escaping; the lower the SHGC, the better the

window prevents unwanted solar heat from entering.

Many states are now requiring all window products to carry the NFRC label. Check your local building codes for proper compliance.

- Choose windows with low-emissivity (Low-E) glass for maximum energy efficiency. Low-E glass features transparent metallic coatings that significantly reduce heating and cooling costs year-round. Low-E glass is a standard component of most Andersen wood-clad products. In fact, Andersen High-Performance glass is, on average, 41 percent more energy efficient in summer and 35 percent more energy efficient in winter than standard dual-pane glass.

- Select energy-efficient windows that require minimal maintenance.

A clad wood window in either an aluminum or vinyl-coated exterior provides maximum energy efficiency, low maintenance and the beauty of a natural-wood interior finish, if desired. If homeowners prefer a painted interior, wood windows are easily painted to change the look of a home's interior.

- Maximize the light in your home with window combinations, skylights, high ceilings and light interiors.

Studies show that exposure to natural light has a positive effect on our emotional and physical health. But most people spend a majority of their time in artificially lit environments, receiving less than an hour of natural light a day. Not surprising, homeowners crave light-filled rooms, and adding windows is one of the most popular remodeling projects in the nation today.

Warren Township youth roundup

Football

Warren's Saturday Featherweight Blue team played an outstanding game against Fox Lake's Cardinals. The game started off with Chance Johnson recovering a Fox Lake fumble which eventually led to a Brad Goldstein touchdown giving Warren a 6-0 lead. Mac Johnson recovered another Fox Lake fumble in the second

Goldstein ran for 15 yards (102 total yards for the game) and a first down setting up Angelo Perino's 37 yard run for a touchdown putting Warren ahead 12-0. The extra point was good by Brad Goldstein giving Warren a 13-0 lead. In the beginning of the third quarter, Mac Johnson sacked Fox Lake's quarterback. This led to another Warren touchdown by Brad Goldstein, bringing the score to 19-0. In the fourth quarter, Nicholas Rogers and Angelo Perino sacked the Cardinals quarterback on fourth won which then set up the next play which as a 35 yard pass from Carl Reeves to Chris Diaz which gave the Demons a first down. With 24 seconds left on the clock, Brad Goldstein ran in another touchdown which brought the Demon's to a 25-0 lead. Fox Lake scored with 13 seconds left in the game which brought the final score to 25-6.

The **Warren Bantam** football team ended up on the winning side of a nail-biting homecoming game, hosted by Warren. The final score was 13-12. Initially, it looked like it might become an offensive battle, with both teams scoring on their first possessions. North Chicago made the first strike on a fifty yard outside run for a touchdown. CJ. Stempeck made what would prove to be a key defensive stop on the PAT. On the following first play from scrimmage, Jake Economos scores on a 50-yard reverse play.

On the following drive, North Chicago scores again on a long run on 4th-and-10. Warren's offense continued the scoring rally by completing a long drive with Mike Herrmann scoring on a three yard run with just nine seconds left in the first half, made possible by great blocking from Cole Jacobs.

Riley Karlstrand then pounded in the PAT on a quarterback keeper making the score 13-12 in favor of Warren.

The second half of the game was a showing of great defensive play by both teams. Notable plays included a touchdown saving tackle by Alex Lundeen and drive stopping tackles by C.J. Stempeck, Jake Economos and Tanner Erbach, resulting in no additional scoring in the second half of the game.

The **Warren Bantam** team ended up on the losing end of a 27-6 decision to Fox Lake, a game punctuated near-freezing temperatures. The cold weather seemed to keep Warren on ice for the better part of the game. Shortly after a Warren punt, Fox Lake scored first on a strong run followed by the PAT making the score 7-0 in favor of Fox Lake.

Again, Warren couldn't shake the cold and punted. Fox Lake again went on to score on a strong run bringing the score to 13-0 at the end of the first half. In the second half, Fox Lake went on to score two more touchdowns and PATs bringing the score to 27-0. Near the end of the game, Warren scored a touchdown by Riley Karlstrand with help by strong running during the drive by Jake Economos. Final score 27-6. Standouts on defense for Warren were Tanner Erbach, Tommy Lindal, and CJ. Stempeck.

Night game-Oct. 14

Just a reminder that the Bantam team will be playing at Warren High School in a night game. The tentative time will be 6 p.m. Bring the kids by 5:15 p.m.

Reminder for next game

Game treats are Stempeck for oranges, Tucci for snacks, and Bittner for drinks. The score board will be run by Mark Hedlund with help by Rodney Karlstrand, McMillin, Burmeister and Economos will be the Chain Crew. If anyone cannot help with these items, let Bob Herrmann know or make arrangements with other parents. Also remember to dress the players appropriately for cold weather with long sleeve shirts, gloves and heavy jackets. Hand warmers would also be helpful.

In other action

The **Warren featherweights** suffered a narrow 19-12 overtime loss to North Chicago on a very cold and winter-like day at the Warren Township Center. Cody Cusker provided the Warren scoring with two touchdown runs. Both teams traded touchdown scores during the first half as the game was tied 6-6 at halftime and 12-12 at the end of regulation. North Chicago got the ball first in overtime and quickly ran the ball in and converted the extra point. Warren was unable to answer as lost yardage on first and second down forced Warren to unsuccessfully go to the air on third and fourth down.

Warren scored first on their first possession of the day when a failed North Chicago punt attempt found the ball at the Warren 4. Cusker ran the ball in off tackle on the first play from scrimmage. Warren's second score came at the beginning of the second half when Warren sustained a long running attack which culminated with Cusker's second score of the day from one yard out. Other offensive highlights were put in by Ken Echtenacher, who recovered two on-side kickoffs, Joey DeVries who found Eric Kehm and Robbie Tomei on a number of pass plays and (once again) the offensive line of Kehm, Jonathan Weil, Andrew Simonetti, Nick Kazarian, Charles Crump, Ken & Kevin Echtenacher, Matthew Mazzetta and Clifford Jones who provided excellent pass coverage the entire day.

The Warren defense also had a number of victories on the day. North Chicago's first punt attempt was denied leading to Warren's first score. Raymond Varner and Erich Swank recovered fumbles forced by Alex Morton who tipped the ball out on both occasions. Cory Vela did an excellent job on the corner staying stride-for-stride with the North Chicago receivers. Outstanding tackles were also turned in by

Brian Behnke, Jimmie Marco, Adam Weil, Ryan Stolarik, Samuel Lapalio and Bryan Vasquez.

Outstanding Players: Cody Cusker (2 TDs), Raymond Varner (fumble recovery), Erich Swank (fumble recovery), Alex Morton, Ken Echtenacher, Andrew Simonetti, Cory Vela, Samuel Lapalio, Brian Behnke, Jimmie Marco, Charles Crump, Matthew Mazzetta, Adam Weil, Ryan Stolarik.

The **Warren Lightweight** team suffered its first defeat of the season, a 20-0 decision to Mundelein, on a warm Saturday night at Carmel High School. The game was a well fought contest and much closer than the final score indicates. A very tight 6-0 first half battle got away from Warren in the second half when Mundelein broke two long touchdown runs.

Although the Warren defense spent much of the game on the field, they played hard the whole way and had many positive events during the evening. They stuffed Mundelein on a 4th-and-1 play on the second drive of the game. There were a number of negative yardage tackles made. Raymond Varner showed his heart and determination by running down a Mundelein player who broke away for what looked like a sure touchdown late in the game. Tyler Holm pick off his third pass of the year. Other key defensive contributions were made by Cody Cusker, Sam Lapalio, Cory Vela, Ryan Stolarik, David Yelk, Erich Swank, Alex Morton and Kurt Beinlich.

Turnovers were the prohibitive factor for the Warren offense, which moved the ball well all evening but could not sustain a long drive to get on the scoreboard. Quarterback Joey DeVries did a nice job of spreading the ball around to receivers Eric Kehm, Ryan Koehn, Jonathan Weil, Robbie Tomei and A.J. Kegg in the second half when Warren was forced into its passing attack. Other key offensive contributions were made by Kevin Echtenacher, Matthew Mazzetta, Clifford Jones, Nick Kazarian and Ken Echtenacher.

Outstanding players: Tyler Holm, Raymond Varner, Sam Lapalio, Cory Vela, Ryan Stolarik, Jonathan Weil, Kevin Echtenacher, Matthew Mazzetta, Clifford Jones, Nick Kazarian, David Yelk, Erich Swank, Ken Echtenacher, Kurt Beinlich.

The **Warren Featherweight White Sunday Blue Demons** defense was stellar, holding North Chicago to four yards rushing through four quarters. But unfortunately, two long TD passes allowed North Chicago to come away with a 12-0 victory, dropping Warren to 2-1 in the league.

Leading the defensive charge for the Demons included Dustyn Lotz, Sid Estrada, Alex Crandall, Terrance Leonard, Andrew Cantwell, John Barnhill, Joseph Holguin and Justin Vasquez, who picked off a pass. Billy O'Neill's specials teams play also prevented key turnovers.

Several standout performances were turned in despite the **Warren Pee Wee Blue** football team's 21-0 loss to Mundelein. Defensively, Stephen Shauer recovered a fumble and Billy Shaffstall recorded a sack. On offense, Eric Williams caught a 15-yard pass and Kevin Graham returned a kickoff 25 yards.

Other standouts included Dontae Collins, Ryan Economos, Gordon Booker, Jonathan Glende, Austin Herbst, Zak Jergensen, James Scher and Lou Stochl.

Despite falling 18-13 to Fox Lake, the **Warren Sunday White Featherweights** had several outstanding performances.

Strong offensive line work led by Mike Carpenter, Jimmy O'Brien, Nicholas O'Brien, Alex Foster and Bill O'Neill led to exciting runs by Kyle Harris (7 rushes, 70 yards), Jeremy Robinson (9 rushes, 90 yards, 2 touchdowns), Brennan Drew (2 rushes, 15 yards, 1 pass completion for 25 yards), and Myllano Kegg (3 rushes, 10 yards, 1 reception for 25 yards).

Defensive efforts by Justin Haynes (1 interception), Justin Carlson (8 tackles), Alex Crandall (6 tackles), John Barnhill (6 tackles) and Matt Szostak (3 tackles, for negative 10 yards) shut down Fox Lake's offense in the second half.

The team's overall effort made parents and coaches proud of their performance as a team.

And, despite a 6-0 overtime loss to Mundelein, **Warren** played a strong game as the defense held Mundelein scoreless for four quarters, especially on pass coverage by Bradley Meadows, Ryan Veseling, Brandon Parmelee, Ricky Muhlig, Justin VanSchaick, and Austin Sommer. Defensive lineman Adrian Dodds, Nick Wimberley, Tom Hajnos, Matt Jones and Greg Bartos stopped the running game and kept the pressure on the Mundelein quarterback.

Strong running by Peter Fitzgerald, Justin Graham and Ryan Finkel moved the ball deep onto enemy territory but weather and bad breaks stalled Warren's drives.

Soccer

Coach Dave Parker hit the nail on the head when he said, "All that practice on finishing is paying off." The **U-12 Blazer girls**, also coached by Bob Green, scored six goals in defeating the Hawthorne Stingers, 6-0. It was the Blazers fifth straight victory.

Brittney Parker took a long clear from Emily Sanchez and sent it to the far post for the Blazers' first score. The home team scored again when Erin Mruz beat a defender, sent a blistering cross to the far post, and Parker one-touched it home.

Sanchez' long chip over the keeper proved to be the game-winner. Rachel Denenberg assisted on the next goal when she centered a pass to Ellen Jepsen who sent it low inside the left post. Jordan Toler didn't hesitate to shoot when the ball broke free of two defenders, and her decisiveness paid off as she tallied the fifth Blazer goal of the half.

Supporting all that offensive punch was great midfield teamwork by Katie Martin, Abbey Ramsey, Jenna Kuehl, and Sarah Body. Keeper Alicia Petro snuffed out a wide shot and was only scored on when

a Hawthorne shot deflected off a Blazer defender's foot. Stacy Leach was credited with two non-goalie saves late in the half, and the defensive wall of Lauren Glogovsky, Brynn Grosskopf and Kirsten Bohrmell held the Stingers at bay.

Hawthorne kept up the pressure after their late first half goal, but defenders Katy Jackson and Glogovsky (non-goalie save) and midfielder Petro were up to the task with strong tackles to their credit. Keeper Jepsen (1 save) got a hand on but was unable to stop Hawthorne's second goal of the game.

Rebecca Taylor, Amy Green, Mruz, and Martin showed solid effort on offense in the second half, but Leach was the one who came through with the score when she roofed a beauty from about 12 yards. The win brings the U-12 Blazer record to 4-0 (6-1).

The **Warren United Blazers U-11 girls** soccer team tied the Palatine Scream 1-1 as Rachel Gradner scored off an assist by Chelsea Youngberg. Other standout performances included the play of keeper Amy Hoffmann.

The Blazer girls then posted a 1-2 record in the Libertyville Oktoberfest tournament. In game 1, Warren downed Elm Grove 2-1 as Jackie Staszczak and Kristine Pikula (assisted by Jackie Staszczak and Erin Glogovsky) scored the goals. Elm Grove then scored on a penalty kick. But strong defensive efforts by Lory Shaw, Erin Glogovsky and Nicole Salaman helped preserve the victory. Solid offensive efforts paid off by Laura Martin, Allison Glancy and Jacquie Welch. Hoffmann earned the victory in goal.

In game 2, the Blazers lost to the Tosa Kicks from Wauwatosa Wisconsin 3-1. Erin Glogovsky scored the lone Blazer goal on a penalty kick. Lory Shaw and Hoffmann shared goalie duties. Sara Wimmer, Casey Morgan and Cassie Massong also gave strong efforts in this game.

And in game 3, Warren fell to host Libertyville 3-0. Rachel Gradner, Chelsea Youngberg and Kristine Pikula fought the wind, and gave good efforts in this game.

Emily Sanchez scored the game-winning goal early in the second half of play as the **Warren United Blazers U-12 girls soccer team** defeated COPA FC of Crystal Lake 2-0. Amy Green received a pass from Erin Mruz a few minutes later and sent it home for the insurance goal.

The game started with fast and furious offensive charges by Blazers Brittney Parker, Rachel Denenberg, and Sarah Body. Three of the team's nine shots on goal in the first half were denied by the goal post and the rest were stopped by a fine COPA keeper. COPA only came near the Blazer goal twice in the half with keeper Jenna Kuehl scooping up a wide shot and Denenberg credited with the non-goalie save.

Parker and Ellen Jepsen shared keeper duty in the second half with Parker pouncing on a wide attempt and Jepsen coming out to smother a ball for the only save of the game. The victory brings the U-12 record to 3-0 (5-1).

The **Warren United Blazers U-10 White soccer team** is still looking for its first league win after a 4-0 defeat at the hands of the Mundelein Magic. Although the girls were unable to find the back of the net, their offensive efforts showed promise. Laura Scheck, Kelley Jazdzewski and Laura Stark worked Mundelein's keeper with encouraging shots on goal, and Joree Green added her energetic efforts to the offense. Nicole Sawick ably anchored the midfield. Kayla Verheyen and Erin Kilroy contributed strong defensive efforts to protect keepers Rebecca Toler (3 saves) and Green (8 saves).

Other results

Warren United Blazers 2, COPA FC 0

Standouts: Rachel Denenberg, Sarah Body

Warren United Blazers 6, Stingers of Hawthorne 2

Standouts: Katie Martin, Rebecca Taylor

Mundelein Magic 4, Warren Blazers White 0

Standouts: Laura Scheck, Nicole Sawick

Meanwhile, the **U-10 Blazer Blue** defeated Rockford 2-0 to improve their record to 6-2. Desiree Aber scored the first goal on a corner from Kelsey Armour that caught the defense off-guard.

Rebecca Chavers scored the final tally toward the end of the first half on an assist from Katie Burke. Burke and Anna Trout shared the duties in goal and defensive standouts by Megan Schoen and Maddie Ogrinc help preserve the shutout.

The **Warren United's U-10 Blazer Blue** girl's soccer team blanked Glenview at home 3-0. Karina Hoppe scored the first goal on an assist from Kelsey Armour. The Blazers added two more goals in the second half as Annie Strychalski reached the back of the net on a pass from Lucy White. Hoppe tallied her second score on a double assist from Desiree Aber and Megan Fowler. Aber, Katie Burke and Anna Trout preserved the shut out in goal with the help of strong defensive play from Maddie Ogrinc and Kelly Schoen. The Blazers are now 5-2.

The **Gurnee Gunners U-14 boys soccer team** stretched its winning streak to 10 games following a 2-0 victory over the Glenview Titans.

Gurnee controlled the action in the first half, which was highlighted by the outstanding play of defenders Taylor Holop (named Man of the Match) and Willie Harju, but was still unable to score.

The Gunners best scoring attempt in the first half came when midfielder Shane Kurth blasted a shot that just went wide left. Jason Drake broke the deadlock three minutes into the second half off of a feed from Eric Ahonen, with Eric Michel also assisting on the play. The Gunners got the insurance goal when Drake sent a corner kick into the box where Ahonen was waiting. When Ahonen's attempt was deflected by

a defender, Jonathan Zegar was there for the tip-in.

Keeper Scott Shaw recorded his eighth shutout of the season with his usual sterling goalkeeping. When starting sweeper Ben Ferrara went down early in the second half with an injury, midfielder Mike Armour moved back in and did a terrific job.

The **Warren United U-15 Blazer** girls opened their fall season with a 1-1-1 record at the 2000 Wheeling Soccer Classic. In game one, the Blazers faced the Glenview Titans Blue and came away victorious on the strength of Gina Orlando (2 goals), Natalie Kohn (2 goals), Assist from Denise Absil, Kate O'Brien, Michelle Sanchez, Brittany Strezo and Kate O'Brien added additional offensive pressure from the midfield position. Laura Steel, Danyelle Aber, Laura Nemeth, Michelle West and sweeper Cadie Sanchez were affective deep in their territory with patient, pursuit and foil of the Titans. Suzane Gersich manned the net for the 4-0 shutout with 4 saves to her credit.

The Blazers tied the Orland Park Magic an A team. After offensive threats from Gina Orlando and Natalie Kohn the Magic put on their own offensive punch only to be turned away by the defense of Cadie Sanchez and Laura Nemeth to come away with a 0-0 tie. Suzane Gersich two blocks and four saves preserved her shutout.

The Blazers fell to the Darien Dare Devils 3-1, in game three. Brittany Strezo scored the second half goal assisted from Michelle Sanchez on free kick from Natalie Kohn. After numerous shots on goal, 2 off the crossbar and save after save from the Dare Devil goalie. Warren was turned away time after time. "That was one of the strongest offensive punches I have seen from our offensive said," Pat O'Brien. Warren United place third in the tournament.

The game started with 20 minutes of action-packed but scoreless soccer in the contest between the Warren United Blazers and the Schaumburg Shooters. Blazers Kay Jackson, Ellen Jepsen, Jordan Toler, and Brittney Parker peppered the keeper early in the contest, but it was Schaumburg's first shot on goal that stunned the home team and took the score to 1-0 Schaumburg. Blazer defenders Kirsten Bohrmell, Lauren Glogovsky, and Bryn Grosskopf clamped down and played meticulous possession soccer to protect keeper Alicia Petro (1 save). The frustrating goal against only served to fire up the U-12 girls as Sarah Body fed Erin Mruz for her tally a few minutes later to even up the score. In the closing minutes of the half, Emily Sanchez's corner kick screamed into the box inciting an opposition handball. Mruz calmly took the penalty kick and nailed it high and left for the 2-1 halftime lead.

The second half started out as a midfield battle with Rachel Denenberg, Anastasia Leach, Abbey Ramsey and Katie Martin leading the way. The offense kept up the pressure with nice teamwork by Amy Green, Mruz, Jenna Kuehl, Rebecca Taylor and Sanchez to set up six shots on goal and three close shots off goal. Petro denied Schaumburg a final corner kick and preserved the 2-1 victory when she astutely cleared an opposition free kick over the touch line after it had glanced off a teammate on its way toward the goal line. The victory brings the U-12 record to 2-0 (4-1 overall).

The **Warren United Blazers U-10 girls** soccer team continues to seek their first league win after suffering 0-2 defeat to Lindenhurst Spirit. "The girls showed a good effort," said coach Paul Verheyen, "but we just came up short in the field."

Defensively, the Blazers were strong. Leading the way with aggressive ball clearing, Laura Stark provided two chest traps while stopping the Spirit's drives. Kayla Verheyen stopped a direct kick in the first half and Nicole Sawick controlled the midfield in the second half. Erin Kilroy and Laura Scheck also played aggressive defense.

In the net, Rebecca Toler made one key save. In her first appearance as goalie, Joree Green made eight saves during the second half.

Accurate passing during the game by Carly Borders and Kelly Jazdzewski allowed for four shots on goal: Maren Dixon (1), Anne Jepsen (2), Green (1).

Swimming

Stingrays meet their goals

When Gurnee Park District swim team coach Anja Grevers came back to the District three years ago, she set a goal for the team, which was to move up in the Northern Illinois Swim Conference (NISC) from Division C, which is the lowest division, to Division A. This goal was met by the fall/winter swim team in two seasons, followed by the summer swim team who met this goal in three seasons. "This was all made possible by a tremendous effort on the part of the swimmers," stated Grevers. "The coaches' desire for the swimmers to improve their times was put ahead of winning races and winning meets. The swimmers practiced in an outdoor pool this past summer with no lane lines or starting blocks. The swimmers' goals were achieved because they all have great heart for the sport."

The following are the conference champions (first place winners):

COLLEGE OF LAKE COUNTY SPORTS ROUNDUP

Women's tennis

The Lancers didn't fare very well in their last Skyway conference meet of the season, losing to Waubesa 5-2 on October 3 in a meet that would later decide second place in the final Skyway standings. Winners for CLC were Megan Schulmeister at No. 3 singles 6-4, 6-2 and Stacey Haseman at No. 4 singles 5-7, 6-2, 6-2.

The loss dropped CLC to third place in the Skyway dual meet schedule with a 3-2 record, on game behind Waubesa's 4-1 record.

That match was instrumental because the Lancers tied with Waubesa for second place in the Skyway conference tournament on October 6-7. However, because CLC lost to Waubesa, they lost the tie-breaker and finished third in the final Skyway standings.

Schulmeister at No. 3 singles, Haseman at No. 4 singles and Pia Colina at No. 6 singles finished second and Schulmeister and Haseman teamed up to finish second at No. 2 doubles while the tandem of Amanda Marunde and Erika Johnson won the conference title at No. 1 doubles.

The Lancers will compete in the Region IV tournament on October 13-14 at the College of DuPage.

Men's golf

In CLC's final Skyway meet of the regular season the Lancers finished second with a score of 324, 24 shots behind first place Moraine Valley. Josh Navarro shot a 73 to tie for the medalist position.

Unfortunately, the second place finish to Moraine Valley also dropped CLC to second place in the final regular season Skyway standings.

But the season wasn't over for CLC as the Lancers competed in the Region IV championships on October 6-7 in Byron, Ill. with ten other Division II teams in Illinois.

The Lancers finished in fifth place with a score of 665, Illinois Valley took first with a score of 619.

However, Josh Navarro tied for third with a score of 157 (78-79) to advance to the Nationals in Austin, Texas in June 2001. Brett Skelley

shot a 168 (84-84) and will be the first alternate for the championships in Austin.

Women's soccer

On the surface it would appear that the CLC women's soccer team had a bad week with two losses, but that's not the case.

On October 8, the Lancers faced Monroe Community College from New York, the best team in the country, and lost 4-0. However, Jen Beketa, Anna Turk and goalkeeper Nancy Rangel had action packed, terrific games on defense.

"It was our best team effort of the year against the number one team in the nation," said head coach Dave Beck.

CLC's game one day later against Lewis and Clark, Illinois' number one team, wasn't any easier as the Lancers lost 3-1 with the Lancers' lone goal coming from Lisa Langenberg on an assist from Nicky Sowidzral.

"We had four excellent scoring chances to begin the second half," said Beck. "But we couldn't convert them."

Despite the down week, the Lancers still remain in first place in the Skyway Conference with an unblemished 5-0 record.

Men's Athlete of the Week

Dan O'Brien, an instrumental part of the CLC men's soccer program's success all season long, was named Men's Athlete of the Week. At the Bethany Lutheran Tournament, O'Brien had a goal and an assist.

"His work ethic is non-stop," said head coach Tom Holevas. "And that helps push his teammates to work just as hard."

Women's Athlete of the Week

Amy Foley, co-captain of the CLC's women's volleyball team, was named Women's Athlete of the Week. In six matches Foley racked up some impressive numbers including: 36 points and seven aces on the serve, 35 kills and 57 digs.

"It was a very busy week for the Lancers," said head coach Sue Garcia. "Amy played every minute of all six matches in five days."—Rob Backus

In soccer it sometimes takes awhile for a goal to develop. But when that first one finds the back of the net, floodgates tend to open.

The College of Lake County men's soccer team scored two goals within two minutes of each other in the first half and looked well on its way to a sizable margin of victory. But then the hosts went sluggish the rest of the way and had to hold on to a 2-1 victory in the opening round of the Skyway Conference Tournament.

CLC, the No. 3 seed, either hosts Moraine Valley in the semifinals at the Grayslake campus or travels to McHenry Oct. 12. Both contests would start at 3 p.m.

"Not that Oakton is a bad team, but we've had a tendency to play down to our competition," said head coach Tom Holevas. "We need to assert more of that game-in-hand type of attitude."

For the game, the Lancers did wreak havoc with the Oakton goalie to the tune of 32 shots on goal.

One of those shots came as a result of a penalty kick by Dan O'Brien, which found the right side of the net for the Lancers first score in the 33rd minute of the first half. O'Brien took the penalty shot after Juvenal Castrejon

was tripped.

And speaking of Castrejon, the swift midfielder/forward took a feed from Matt Johnson and dribbled one in past a diving Oakton keeper for his ninth tally of the season. Castrejon leads the Skyway Conference in scoring with five goals and is the team leader with nine.

Lake County has numerous other chances to score in the first half but several shots went wide or banged off the goal posts.

"We were around their goal a lot today but just couldn't execute the finishing touches on our shots," added Holevas.

CLC keepers Alex Flores and Nick Placko shared time in goal.

The Raiders broke the shutout on an unassisted goal in the 52nd minute.

For the game, Oakton could only muster five total shots on goal.

Going into the contest, CLC was tied with Moraine Valley and McHenry with identical 5-1 conference marks.

"Whoever wins the tournament will definitely have the inside track to the conference title," explained Holevas.

CLC (8-2-3) had beaten McHenry 2-1 in overtime and Moraine Valley 2-0 earlier in the season.

"Whoever we play, we can't be as lax after building a lead," said Holevas.

COLLEGE SPORTS BEAT

Campus news and notes

Rose-Hulman Institute of Technology junior **Jullanna Van Winkle (Libertyville)** led the offensive fireworks with two goals and one assist as the Engineer women's soccer team blanked Saint Mary-of-the-Woods 5-0. Through its first eight games, Van Winkle has scored four goals and dished out three assists as Rose-Hulman is 6-3 overall, 1-1 in the SCAC.

Waukegan native and **Carmel High** grad, senior **Nikki Ogrin** and freshman **Deanna Deschler (Champaign)** combined for two doubles victories before falling out of the Division III Intercollegiate Tennis Association Midwest Regional while playing for the Illinois Wesleyan Titans women's tennis teams. For the season, Ogrin is 4-4 at #2 singles and 6-5 overall.

Sticking with the Titans, **Gurnee** resident and **Warren H.S. grad Clay Scott** leads the men's soccer team with five goals. Chris Wirsing and Josh Shipley, both of Grayslake and Grayslake High, have scored 3 and 2 goals while dishing out 2 and 3 assists, respectively.

With his time of 27:23, **Elmhurst junior Al Coniglio of Mundelein (Mundelein H.S.)** finished in the top 100 (27th) out of 444 runners while competing for the men's cross country teams.

And, freshman **Jamie Jones, a Wauconda grad**, scored a goal as the IWU women's soccer team posted a 5-2 victory over Central College.

Culver-Stockton quarterback **Jim Coniglio (McHenry, Grant H.S.)** has done just about everything for the Wildcat offense known as the Run and Gun.

Coniglio, who normally lines up under center, leads the Wildcat ground attack with 170 yards on 65 carries. He is averaging 2.6 yards per carry and has scored three rushing touchdowns. Coniglio has only thrown the ball five times, but has completed all five for 12 yards. However, he is second on the team in re-

ceptions with 12 catches for 171 yards and one score.

On Oct. 7 against Mid-America Nazarene, Coniglio led the Wildcats in rushing with 44 yards on 17 carries, receiving with five receptions for 36 yards, and threw the ball twice for one yard. For the season, Jim has 218 yards on 65 rushes and has scored three touchdowns. Brother Tony has gained 106 yards on 35 carries.

Megan and Tiffany Anderson, both former **Libertyville Wildcats**, scored goals as the Northern Illinois Huskie women's soccer team defeated Bowling Green State 4-2. With the win, the Huskie's improved their season record to 3-8-1 overall and 1-3-1 in the Mid-American Conference.

And sticking with the Huskies, Lake Villa resident and Grayslake High grad **Becca Bleyer** scored a goal as NIU earned a 2-2 deadlock with Ball State.

Lake Villa's Jocelyn Gates, a sophomore at Central Michigan University, scored a goal as the Chippewas women's soccer team posted a 2-0 victory over Louisville. For the season, Gates has scored two and dished out one assist for the 6-3 Chippewas.

Carthage College women's soccer player **Jamie Wismer (So., Antioch, Ill.)** leads the team in scoring with 14 points (6 goals, 2 assists). Meanwhile, men's cross country runner **Dan Cooler (Fr., Woodstock, Ill.)** finished 32nd with a season-best time of 28:07.90 at the October 6 Benedictine University Eagle Invitational. Women's cross country member **Jessica Sladek (So., Antioch, Ill.)** finished 52nd with a career-best time of 20:37.60.

Playing for the **Illinois Wesleyan** women's soccer team, **Lake Villa product and Carmel High grad Jill Denoma** has scored one goal while dishing out three assists while **Waukegan native and Warren High grad Lauren Boegen** has added two goals and one assist.

ANTIOCH TOWNSHIP ASSESSMENT ROLL FOR 2000

OFFICIAL ASSESSMENT LIST:

This publication is the official notice to property owners of the 2000 assessment changes in the Township of Antioch. These 2000 assessments, as published, are those determined by the Assessor and/or the Chief County Assessment Office. It is the duty of the Assessor to assess all taxable property on a uniform basis of valuation so that the assessed values of the various properties are a just and equal assessment of such properties according to law.

The assessment roll recording the values of property determines only the distribution of the total tax load among the individual property owners. The Township Assessor and/or the Chief County Assessment Office has no control over the amount of taxes levied, nor the public expenditures. The amount of these assessed values (subject to State equalization), minus applicable exemptions, multiplied by the established tax rate, determines the amount of your tax bill. The Assessor does not make the rate; he merely finds the value of your property.

EQUALIZATION

The following printed assessments, as well as all other assessments in the township, are at 33.33% of market value, having been equalized to that level by the Chief County Assessment Office, who has applied a factor of 1.0096 to all values except those assessed under the provisions of Chapter 35 (ILCS), Act 200, Secs. 10-110 through 10-140, 10-155, and 10-170 through 10-200. Application of the township equalization factor represents a 0.96% increase in assessments.

To determine the market value of your property, divide the total assessed value by 0.3333. If it appears that the resulting number is higher than the market value of the property, you may be over-assessed. If the resulting number is less than your opinion of market value, the assessment may be low.

ARRANGEMENT OF LIST

If you live in an incorporated area (city or village), your property is listed under the name of your city or village, which will be in alphabetical order. Each street within the city or village is also arranged in alphabetical order. Property owners living on the same street will be listed beginning with vacant or improved property that has no street number, followed by property with street numbers listed in numerical order.

If you live in an unincorporated area, the property is listed alphabetically by post office and street name. Then, property without street numbers will be listed first, followed by numbered properties in numerical order. Questions regarding the grid system used in determining address numbers should be directed to the Lake County Map Services Department, whose telephone number is 360-6373. Please do not call this number with questions regarding your assessment.

INFORMATION ON ASSESSMENTS

Any property owner who has any question in regard to the assessment of their property should call the local Township Assessor's office. This publication does not reflect reductions for Homestead Limited Exemptions, Senior Homestead Exemptions, Senior Tax Freeze Homestead Exemptions, Homestead Improvement Exemptions or Disabled Veteran's Exemptions. The aforementioned exemptions are not removed from the assessment until the time of billing. You will see them removed on your tax bill.

Note that the value which appears is a total assessed value for the property. All values are subject to a State equalization factor certified to the County Clerk by the Illinois Department of Revenue. Any property owner who objects to the amount of their assessment should file a complaint, in writing, with the Board of Review on or before November 13, 2000. Complaints must be on the prescribed form and can be obtained by telephoning 360-6609, or by written request to the Chief County Assessment Office, 18 North County Street, Waukegan, IL 60085-4335. Forms are also available on the internet at www.co.lake.il.us/assessor.

Fielder's choice sports complex a real-life Field of Dreams

In the Kevin Costner movie "Field of Dreams," the famous line was, "If you build it, they will come."

There's a real-life sequel to that story, taking place in Sturtevant, Wis. In this case, if the director gets his way, it will literally feature a cast of thousands. Like the original movie, the background is a rural farm-like area complete with a cornfield.

But for Art and Mary Mansavage, the line reads more like, "If you least it, manage it, maintain and improve it, they will come."

You see, for the Mansavages, their Field of Dreams was already built. It's called the Fielder's Choice Sports Complex located on the southwest corner of I-94 and Hwy. 11.

Originally, the complex was a project of Racine real estate agent, Al Orth and former area and major league pitcher Shane Rawley in the late 80s. However, in recent years, for various reasons, the four-diamond center seemed to struggle. Rawley is no longer involved. Different avenues we have tried, still problems existed. There were even rumors the place would close.

Enter the Mansavage family, which includes three sons and two daughters. Early in 2000, Art and Mary worked out a deal with Orth to begin leasing the complex.

"Baseball is my passion, my drive," said the 58-year old Mansavage, who spent most of his life in the broadcasting and entertainment field. "Thank God I have a family that's so understanding and so supportive. When we looked at this, it wasn't like, here's a horse that can't lose. We knew it was going to be a lot of work."

And work they did. So far the Mansavages have invested plenty of time and money to

make the complex one of the premier centers in the Midwest.

From April to October, several times a week and every weekend, the Mansavages make the drive from their home in the northern suburbs of Illinois to Fielder's Choice, whether it's for an adult softball league or a youth baseball tournament. Also, in addition to \$37,000 Orth put in for facility improvements, the Mansavages invested \$50,000 to improve the complex's playing surface, drainage, lighting and sound system.

To say that baseball is Mansavage's passion and drive might be putting it mildly. He has coached on the high school and college level and founded his own youth baseball group—Lake County Baseball. Since his involvement in youth baseball began in 1982, Mansavage's accomplishments read like something out of Who's Who.

Yes, it's the Fielder's Choice Sports Complex and his ability to use that facility to benefit young athletes, especially Lake County Baseball, that he would rather talk about.

"It's great to be able to use this place to help the young ball players involved in our Lake County Baseball program, but it's just as rewarding to see the smiles on all the young athletes faces after competing on a facility like ours," Mansavage said. "I'm not going to kid you and say we're in this to lose. We're here to make money, no doubt. But those smiles are pretty good returns, too. It's like living out a dream."

A dream that hasn't been without its nightmares. But the occasional arguments, last-minute cancellations and bad weather are small in comparison to the nightmare that occurred on a late Good Friday afternoon, last April.

Ryan J. Garrison, a 12 year old player from Des Plaines was warming up near second base between innings. He had just hit a double and scored a run minutes earlier.

Suddenly he collapsed. Nurses and a doctor who were in the stands attempted CPR, rescue squad workers continued CPR and the emergency room staff worked almost an hour to revive him—but the boy was pronounced dead shortly after 7 p.m. at St. Mary's Hospital in Racine, Wis.

After an autopsy and an investigation, it was revealed the boy died from a sudden irregular heart rhythm which cut off the blood flow to the brain. A condition deemed undetectable.

It was just one of those freak things. The boy had no previous health problems and had a physical prior to playing baseball.

"You hear all those things and wonder why," Mansavage said. "I remember calling the hospital to see how he was and when his coach told me, I couldn't believe it. I've been in the broadcast business all my life and I literally couldn't talk."

"His father later said, 'That if his son had to die, he was glad it was on a baseball field, because that's where he was the happiest.' That's quite a statement."

Mansavage, a Vietnam veteran, who struggles with a number of physical problems himself, also continues to make quite a statement for the sport he loves. Despite his prosthetic leg and arthritic hands, he truly is an ambassador for youth baseball.

In fact, when donning one of his favorite shirts, he's more like a walking billboard. The front reads, "Baseball is just another game,"

which seems odd until he turns around and the back reads, "Like Mt. Everest is just another hill."

Even as the 2000 season winds down, Mansavage anxiously talks about next year. He plans to spend the off-season attending conventions in hopes of getting a bid that would allow Fielder's Choice, a very fan-friendly facility, to host national youth baseball tournaments and national softball tournaments.

"You have to go and convince these organizations that your pot is the best," Mansavage said. "I'm not just talking about quality of fields, seating, parking and things like that, I'm talking about the advantages of having it here because of what the surrounding areas have to offer. I believe that's a lot. This whole area has been very kind to us, it would be nice to be able to give something back to the community."

"If I get my way, I'm talking 50-60 teams, staying a week to 10 days, with each state being represented. Can you imagine the attention that would bring to the area and the business it would create?"

Mansavage would also like to build a \$250,000 addition—a fifth diamond, complete with bleachers and a grandstand area—a first class facility suitable for area high school, college and independent play in the spring of 2001.

"That one is going to take some work and some money," he admitted. "We're going to need some help, either that or maybe we'll win the lottery. Hey, almost everybody dreams about winning the lottery."

Then again, not everybody dreams like Art and Mary Mansavage.

Carillon North Golf Course opens in Grayslake

An executive, nine-hole golf course at Carillon North in Grayslake is open for play.

Cambridge Homes developed the golf course as part of its Carillon North active adult lifestyle community for those at least 55 years young, and donated the course to the

Grayslake Park District which now owns and operates it. The Carillon North Golf Course is open to the public with reduced fees offered for all residents of the Grayslake Park District who are 55 years of age or older.

Cambridge's donation to the Grayslake

Park District is valued at approximately \$1.5 million, which includes the land and completed nine-hole golf course. Additionally, Cambridge is building a clubhouse near the first tee for the Park District. The golf course clubhouse is expected to open by mid-October.

"We have created a high caliber golf course at Carillon North that is not only an asset for our residents in Carillon North, but for residents of Grayslake as well," said Richard J. Brown, chief executive officer of Cambridge Homes. "The golf course is sure to challenge golfers at all levels as it is situated on a rolling terrain and includes some long par three holes and water hazards," Brown said.

The Carillon North Golf Course was designed by Martin Design Partnership, an award winning golf course architectural firm that designed the Carillon Golf Course at Cambridge's other active adult community in the Romeoville/Plainfield area, which is recognized as one of the top 25 public golf courses in the Chicago area.

"The Grayslake Park District is grateful to Cambridge Homes, who with this donation, have significantly gone above and beyond the Village ordinance requirements," said Gayle Cinke, president of the Grayslake Park District. "This is a wonderful golf course in a beautiful location that not only preserves open space in the area, but provides a great recreational amenity that can be enjoyed by our residents for many years to come. We are excited about its location off Drury Lane, which is near Sunrise Park and the Forest Preserve at Rollins Savanna. It's an ideal setting for a golf course, and is a huge benefit for the community of Grayslake as well as Carillon North."

"Cambridge Homes donated three completed recreational parks to us in the past, and as a result was honored by the Grayslake Park District, Illinois Park and Recreation Association, and the Illinois Association of Park Districts for outstanding contributions and support of parks and recreation in Grayslake," Cinke said.

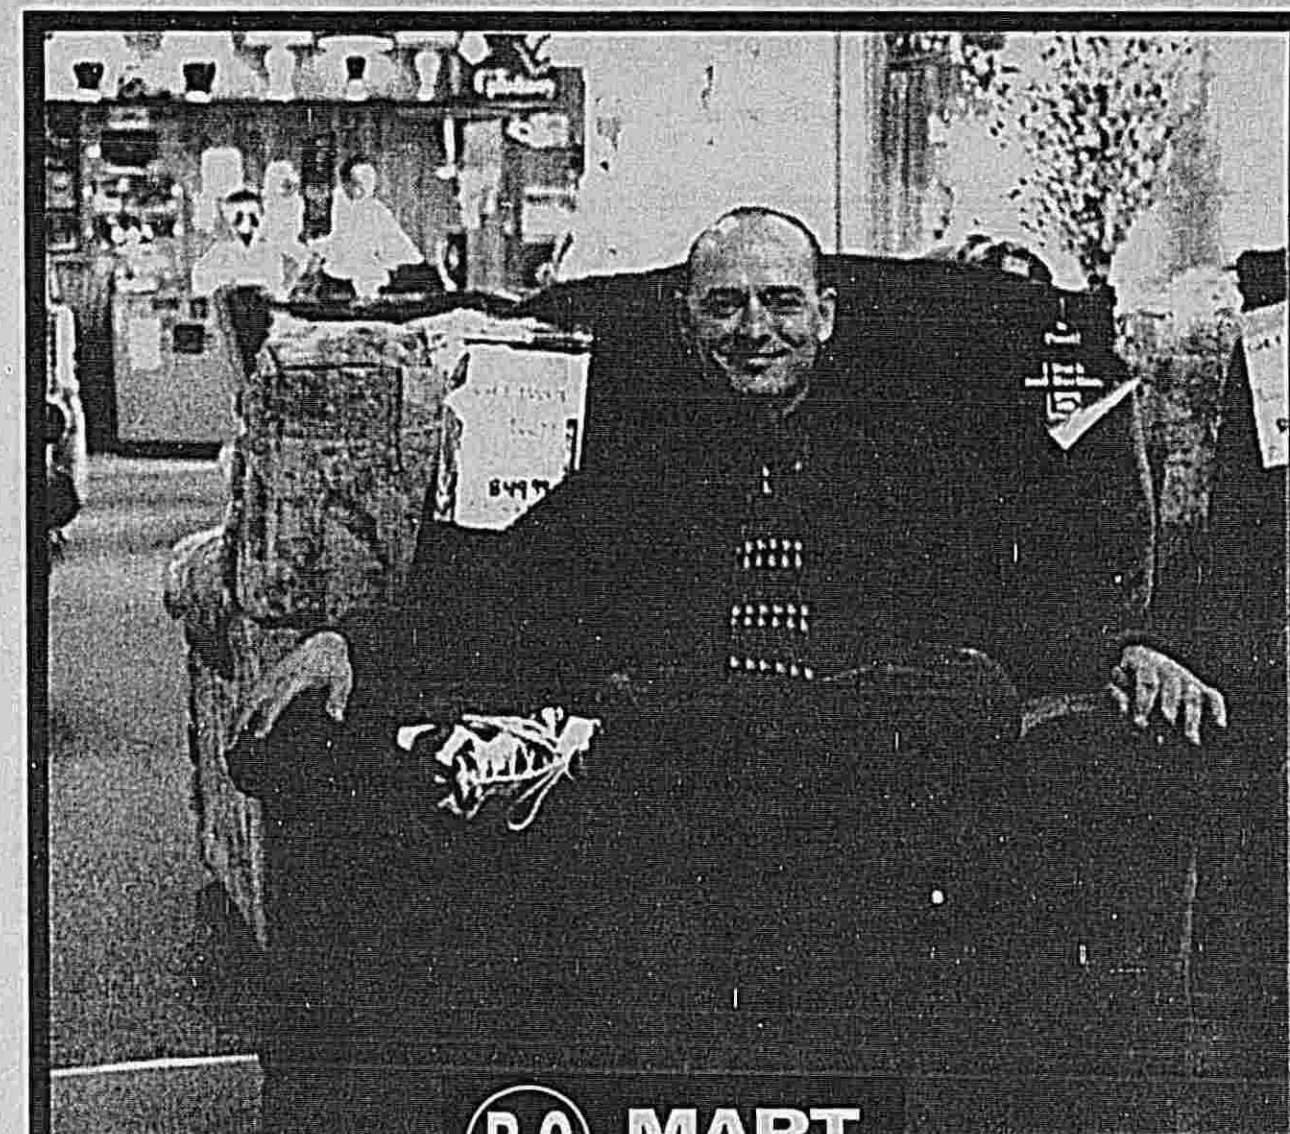

According to Cinke, the user fees are expected to offset most of the Park District's cost for maintaining and operating the golf course. "In every way, it is a win, win situation for our residents," she said.

A special dedication ceremony for the new golf course is planned to be held on Oct. 22 from noon-3 p.m.

Carillon North is a planned active adult community of 360 homes with 12 different designs offered among a line of single-family homes and two series of townhomes.

The Carillon North information and model center are located at Rollins Rd., approximately one mile east of Rte. 83 and approximately two miles west of Rte. 45. To visit, take the Tri-State tollway (I-94) to Grand Ave. (Rte. 132). Exit west, traveling approximately three miles to Rte. 45 and then south less than 1/4 mile to Rollins Rd. west on Rollins approximately two miles to the community entrance on the south side of Rollins Rd. Office hours are from 10 a.m.-6 p.m. (noon-6 p.m. on Friday). Call 223-9999 for more information.

Cambridge Homes is the largest home-builder in Illinois. The Libertyville-based company is building 25 communities throughout the Chicago area. Cambridge offers a variety of single-family and townhome designs with ranging from the low \$100,000s to more than \$400,000.

Either way, Gurnee's Stanton is golden

By JOHN PHELPS
Sports Editor

It's not very often that one gets the chance to compete in the Olympics. While that might be a tremendous honor, even more emphasis can be placed on the circumstances.

And Amie Stanton, a 17-year-old Gurnee resident and Warren Township High School senior, is probably doing a little training as we speak—'down under' style. It's all in preparation for the 2000 Paralympics in Sydney, Australia, which begin Oct. 19.

Stanton qualified in six events by finishing second in the 100, 200, 400, 800 and 5,000-meter races last spring in New London, Conn. She also qualified after winning the 1,500-meter race.

Competing in wheelchair racing since age 11, Stanton seemed suprised that she qualified for the this year's Paralympics.

"I definitely had the 2002 games in mind," she reflected. "If you were to have told me I was going to Sydney this year to compete, I wouldn't have believed you."

But success breeds success and it should come as no surprise that Stanton has landed in Sydney. She trained with one of the great wheelchair racers, Jean Driscoll, in downstate Champaign.

"She's was tremendous," said Stanton.

"She showed me a thing or two." Should be interesting since the two will be competing against each other in a short week or so from now.

And while Stanton is busy taking numbers on the track, her accomplishments and involvement at Warren are also worthy of attention.

Polish immigrant Agnieszka Kasperek, also a senior at Warren, and Stanton have become close friends as Stanton tutors her in English. And because of that, Kasperek will be able to graduate high school.

"I'm so happy for her. I feel like crying," said a teary-eyed Kasperek last week during Stanton's huge sendoff at the Almond Road campus.

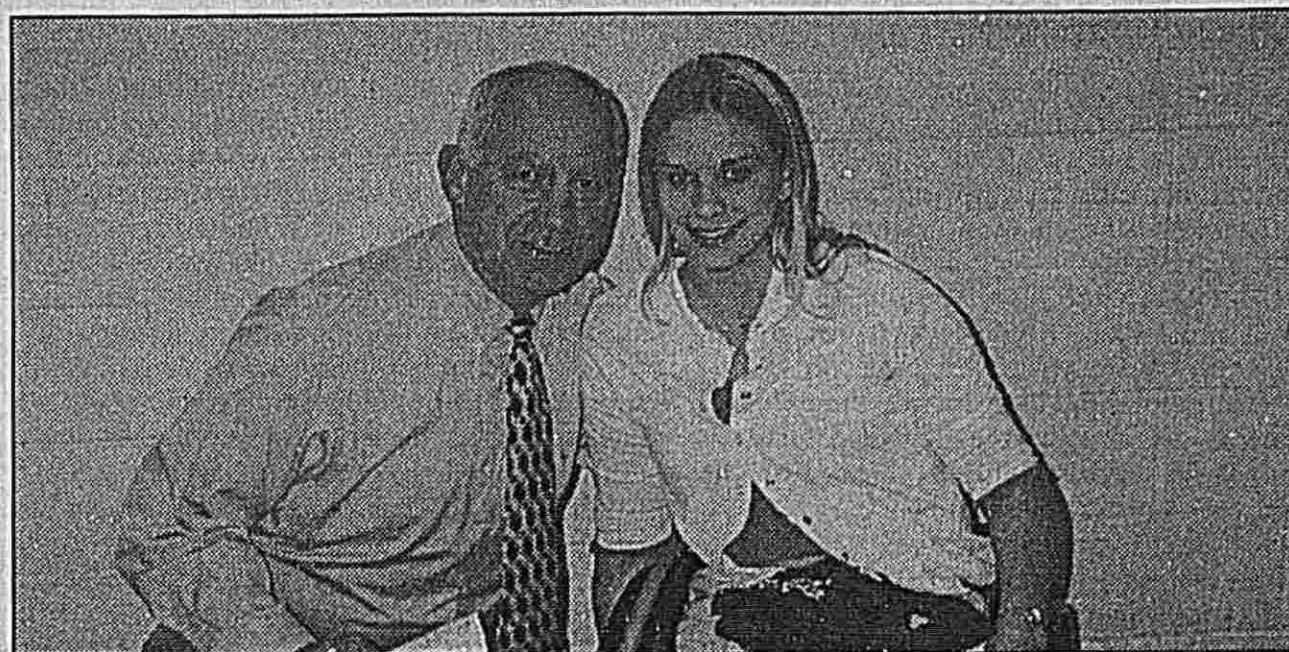

Kasperek, along with twin sister Erica right there by her side, 1,400 of Stanton's closest friends gave her the sendoff of a lifetime while touring the hallways at the Almond Road campus last week, all serving as part of a royal send-off.

"This is very touching," said Stanton. "I didn't know I had so much support."

Stanton became paralyzed from the waist down after suffering a spinal cord injury in a car accident at the age of two-and-a-half.

And Dean of Students Ron Shelton couldn't have summed up Stanton any better.

"She's just a great kid and tremendous role

Paralympian Amie Stanton, a Gurnee resident and senior at Warren Township High School, and Dean of Students Ron Shelton following Stanton's royal send-off at the Almond Rd. campus.—Photo by John Phelps.

model for everyone," he said following the "Tour de Amie." "Warren High School and the community for that matter couldn't have a better representative in the Paralympics than Amie Stanton."

"I think it's terrific," said Athletic Director Lenny Chimino. "It just goes to show you that hard work and determination can take you a

long way and that's what Amie's all about."

Stanton thinks her best shot at a medal is in the longer distance races.

"My stamina is excellent and I'm expecting at least one medal in the longer races," she said. "A gold would be nice."

Don't worry Amie—you've already won a gold medal in a lot of people's eye's.

Carmel football suffers setback against Marist

By ROB BACKUS
Staff Reporter

After sprinting out of the gate with a 5-1 record, including three consecutive wins in the tough Catholic Metro (White) conference, the Corsairs (5-2, 4-2) hit a wall with a 17-7 loss to Marist on October 6.

Perhaps Carmel took Marist lightly because they had yet to win a conference game, or perhaps Carmel just had a bad game. But it

was clear that the Corsairs were out-hit and out-played by the Redhawks.

The most telling statistic, other than the final score, was time of possession. While Carmel usually dominates this stat, Marist turned the tables by controlling the ball for almost 33 minutes compared to Carmel's 15.

Marist ran the ball 60 times for 248 yards, and threw nine times for a total of 69 plays, while Carmel ran only 30 plays from scrimmage.

"Marist didn't do anything spectacular," said head coach Andy Bitto. "They just kept pounding away on the ground and chewing up the clock."

Despite the limited time of possession, the Corsairs were actually up 7-0 in the first half after an Adam Chorazy punt block was scooped up by Ben Lawrence and returned 37 yards for the score.

However, that's where Carmel's scoring would end as Marist scored 17 unanswered points for the 17-7 win.

"It was just our bad game of the year," said Bitto. "We got out-played and had a big drop off in execution."

Offensive leaders for the Corsairs were

Matt Roe (12 carries, 57 yards) and Lawrence (six carries, 34 yards).

"We were right where we wanted to be as far as yards per carry," said Bitto. "But we didn't have the ball."

The loss prevented the Corsairs from clinching an at-large berth in the state playoffs. So with Benet and Joliet Catholic, one of the best teams in the state, up next Carmel needs a split to clinch that berth.

Barring the upset of the year against Joliet Catholic, Carmel's best shot is October 13 against Benet in the Corsairs' homecoming game.

"We'd like to clinch a playoff berth at homecoming in front of our fans," said Bitto.

Special thanks

And, a special thanks goes out to Bingo Gier, Bones Gier, Jim Spohr, Mike Sanko, Scott Zielinski, Jerry Carlson and the other assistant coaches of the Cardinal Pee Wee Saturday and Sunday teams.

Contrary to the belief of some disgruntled parents, the aforementioned coaches are doing an excellent job. These days, it's hard to find good coaches who know what they're doing and care about the kids as you guys demonstrate. Keep up the good work and just know that we're behind you!

Thanks again!—The parents of the Lakeland Cardinal Pee Wee Saturday and Sunday football teams.

Remember
When All Of
Your Friends
Lived in the
Neighborhood?

As you grew up, many of your closest friends moved to other towns and even different states. Perhaps, at no other time as much as when a death occurs do you miss the support of those who knew you best. We want you to know we are one friend...who is still here in the neighborhood...as we have been for so many years.

THE BOARD OF LIBRARY TRUSTEES
OF THE FOX LAKE PUBLIC LIBRARY DISTRICT
LAKE AND McHENRY COUNTIES, ILLINOIS

Public notice is hereby given that a public hearing will be held on the proposed annual budget and appropriation ordinance, for the fiscal year July 1, 2000 to June 30, 2001, at the following time and place:

September 12, 2000 at 7:30 p.m.
 Fox Lake District Library
 255 East Grand Avenue
 Fox Lake, Illinois 60020

The said ordinance in tentative form shall be available for public inspection at least thirty (30) days prior thereto at said Library during regular library hours.

Dated this 17th day of July, 2000.

/s/ Marie Swiss

Marie Swiss, Secretary

Section 4. All unexpended balances of proceeds received annually from public library taxes not in excess of statutory limits may be transferred to the Special Reserve Fund, heretofore established according to 75 ILCS 16/40-50, pursuant to plans developed and adopted by this Board, and said unex-

pendent balances shall be accumulated in this Fund for the purposes of erecting a building to be used as a library or to purchase a site for the same, or to purchase a building, or to repair, remodel or improve an existing library building, or to build an addition thereto, to furnish necessary equipment therefor, to acquire library materials such as books, periodicals, films, recordings and electronic data storage and retrieval facilities in connection with either the purchase or construction of a new library building or the expansion of an existing library building, or for the emergency expenditures for the repair of an existing library building or its equipment, or to do any or all of these things.

Section 5. Except as otherwise provided by law, no further appropriations shall be made at any other time within such fiscal year, provided that this Board may from time to time make transfers between the various items in any fund, or appropriations in excess of those authorized by the budget in order to meet an immediate and unforeseen emergency by a two-thirds (2/3) vote of all of the trustees, as provided by 75 ILCS 16/30-85, et seq.; provided that nothing in this section shall be construed to permit transfer between funds required by law to be kept separate. Any remaining balances after the close of the fiscal year shall be available until August 30th for the authorization of payment of obligations incurred prior to the close of the fiscal year, and until September 30th for the payment of such obligations or for the transfer of unexpended balances thereof to be accumulated, as provided by 75 ILCS 16/30-90.

Section 6. Pursuant to 75 ILCS 16/35-5, et seq. there has been established a "Building Equipment and Maintenance .02% Fund", as set forth in the ordinance of the corporate authority of this Library, and said fund being for the purchase of sites and buildings, for the construction and equipment of buildings, for the rental of buildings required for library purposes and for the maintenance, repairs and alteration of library buildings and equipment. Any expenditures of these funds from this special fund shall be limited solely to the purposes set forth in the statute, or such other purposes as set forth in said statute as may be from time to time provided by amendment.

Section 7. This Board hereby certifies that all applicable provisions of 35 ILCS 215/1, et seq., as amended, ("The Illinois Truth-in-Taxation Statute") have been complied with.

Section 8. This ordinance is passed pursuant to statutory authority and the Illinois Public Library District Act, 75 ILCS 06/35-5(b) et seq., 16/30-85 et seq., and Para. 16/40-50 et seq.; the Illinois Municipal Budget Law, 50 ILCS 330/1 et seq.; and the Illinois Revenue Code, 35 ILCS 205/157, et seq., and other statutes hereunto appertaining.

Section 9. This ordinance shall be in full force and effect from and after its passage and approval according to law, and any resolutions or ordinances in conflict therewith are hereby repealed, and should any part of this ordinance be adjudged invalid or unconstitutional, such adjudication shall affect only that part of this act specifically covered thereby, and shall not affect any other provisions or parts of this act, but shall be severable therefrom.

PASSED by the Board of Library Trustees of the Fox Lake Public Library District, Lake and McHenry Counties, Illinois, on the 21st day of September, 2000 by a vote of:

ATTENTION PET OWNERS WE DO NOT KNOWINGLY ACCEPT ADS FOR ANIMALS IN OUR FREE GIVE AWAY COLUMN. If you must give up your pet, please consider these facts.
*Free animal ads suggest that there is something wrong with the animal, or that it has no value.
*Some people who respond to these free animal ads are not reputable and are more concerned about making a profit than the animal.
*Charging a fee to a potential pet owner confirms the responsibility of pet ownership for an entire lifetime of that pet. For more information, please contact the Humane Society.

OUR SUCCESS IS IMPRESSIVE. So are the people behind it.

At Quill Corporation, we're growing at a remarkable pace. And the people who are driving our success are growing right along with us. If you're ready to take a major step in your career, we're ready to talk to you.

Administrative Assistant Furniture Group

Working at our Corporate headquarters, your primary responsibility will be to support our Furniture Group by continually creating, updating and reporting on the results of projects. This will involve maintaining a clear, organized system, working with vendors to maintain swatch inventory, maintaining a public furniture cross referencing spreadsheet in Excel and researching competitor and vendor information. You will also perform various administrative functions like producing letters, memos, ordering department supplies, distributing mail, filing and making travel arrangements.

Qualified candidates must have 2+ years general office administration experience, good typing and grammatical skills and a working knowledge of office procedures. Computer skills a must with familiarity with Word, Excel, Access and other software programs. Ability to work across department lines to coordinate and implement projects highly desired. Strong organizational and communication skills required.

Quill offers an outstanding benefits package with tuition reimbursement, full medical, dental insurance and 401k & more. To apply, send resumes:

How To Survive The Job Search By Nancy Sakol

Q I hope that you can help me with a problem I was faced with at work today. I left a job that I had with (name withheld) for the past four years and started with a new company (name withheld) two months ago. I had a great benefit package at the former employer which included medical coverage for my family. My new employer doesn't allow benefits to kick in until after a 90 day probationary period and so I am still staying on my former employers benefits until my new insurance kicks in. Today, my new employer gave me the information to fill out to start processing my new insurance. The person in Human Resources that gave me the application and explained how the benefits work. At that time it was brought to my attention that the only one covered under this policy is me. They are telling me that they do not pay for my family to be covered, and that adding them to the policy would be coming out of my paycheck. I was floored. I have not heard how much it will cost to insure my family, but my friend just told me it is quite a bit of money that I don't know if I can afford now. Thank goodness when I left (company name withheld) they gave me a letter saying that I could stay on their insurance for a period of time until new insurance kicks in. Should I wait until I find out how much it will cost for the insurance at this new company, or should I start looking for a job that will pay for my family to be covered? Please respond. D.M. - (via e-mail)

A I received your e-mail and I must say I am confused by some of the information you have given me. Typically, when you terminate employment from a company, your insurance is usually carried out until the end of the month at the expense of your employer. At which time, a COBRA program would kick in, allowing you to maintain your medical coverage by paying for it monthly at an amount which should have been given to you. Something you said caused me to check with your former employer. Without mentioning your name specifically, they reviewed their standard policy on insurance. I was told that their policy states when an employee terminates, a letter is sent certified, informing them of their ability to stay on the insurance for a period of time, providing you contact them before a certain date (also indicated in the letter), at which time they would extend your insurance at your expense. The letter also states that in order for this to be activated, you must send back the form or contact the company who would then inform you of the amount you need to send in monthly. In order for this policy not to lapse, I am hoping you are not assuming that this company has been paying for your medical coverage, because unless you responded to their letter, and have been paying your money, you have no coverage at this time. I was also made aware that your former employer does not pay for family coverage, only individual coverage. If you were covered for your family for the past 4 years, you may want to look at your pay stubs from your payroll check, as I am told you will clearly see that you have had insurance deduction taken out of your check every two weeks since the day you went on their plan, meaning that you have been paying for your family medical coverage, not the company. Your new employer along with a slew of employers may join the ranks of companies that offer dependent (family) coverage at a price. This is normal. I would stay put in the position that you are in. Obviously you left your former employer to take on this new position for a reason. I would take stronger effort to read and understand information given to you by your employers. Misconstruing information as you have done here could end up in a serious situation.

For one, you may not have any insurance now, or for at least another 30 days until your new policy kicks in. Now that you know you have been paying for your family to be covered all along, this shouldn't come as such a shock.

Pet OF THE WEEK

Is there anything quite as cute or helpless as a kitten? Nature has made these little critters especially endearing with huge innocent eyes, tiny faces that call for love and protection and actions that can give more fun and entertainment to a family than most current TV entertainment!

The Assisi Animal Foundation has wonderful babies like this one for responsible homes that look forward to a lifetime companion. Assisi Animal Foundation (815) 455-9411

Play Better Golf with JACK NICKLAUS

IF YOU STILL HAVE ROOM TO SWING RIGHT-HANDED WHEN LYING CLOSE TO A TREE, FENCE OR OTHER OBSTRUCTION, YOU CAN GET THE BALL A REASONABLE DISTANCE.

TO DO SO, SIMPLY CLOSE THE CLUBFACE ACUTELY, THEN MAKE YOUR NORMAL SWING. IN OTHER WORDS, HIT A DELIBERATE QUICK HOOK THAT WILL GET THE BALL MOVING SHARPLY AWAY FROM THE OBSTACLE AND BACK INTO PLAY.

Nineteen-year-old Jamie Nelson's inquiry about becoming an emergency medical technician (EMT) has led this young lady not only toward fulfilling her own career goals, but has made her a pioneer in the county's first EMT cadet program.

The Gurnee teen was well on her way to completing her EMT-B (basic) course when she began to look for a rescue squad that would be willing to offer her an opportunity to gain some practical experience.

"I just went through the phone book, and started calling around to all of the rescue squads in the area," she said.

She was met with some disappointment as nearly every squad would require her to have already completed her EMT training, be 21 years old, or both.

Her future prospects began to look brighter when she contacted the Antioch Rescue Squad. Not only were doors not shut in her face, but they were flung wide open. Though the squad did not have a cadet program in place, the six officers of this volunteer squad decided one would be a good idea. Work toward that end began immediately.

The Antioch Rescue Squad was built on pioneering spirit, and this enterprise fit right in with the progressive temperament of the squad.

"We didn't have any positions available for someone under 21 years old, but we recognized that we would benefit from adding eager young adults in our community service," said rescue squad chief Wayne Sobczak.

The squad began within the Antioch Fire Department in 1939 with the agreement that Herman Holbek (considered to be the father of the squad), Herman Rosing and L.D. Powles would be the nucleus of the Rescue Squad. In 1941 the squad received an outboard powered boat for its use on the surrounding lakes for accident and drowning victims. By 1947, the squad separated out of the fire department to become Illinois' first rescue squad.

In the early 1970s, some of the squad members were the first to become

Rescue squad teaches how to save lives by doing just that in the field

paramedics, and in 1980 three members became the first nationally certified paramedics. In 1982, the squad received a letter from then Gov. James R. Thompson lauding the squad as "the first paramedic unit organized in our state."

The letter continued with, "Your innovative techniques led the way for the entire State, and indeed, the whole country, toward better health care services for people stricken at home or on the job..."

The informational packet supplied to those 18-21-year-olds interested in becoming cadets sets the tone for what will become a mutually beneficial relationship between the squad and cadets. In addition to rescue experience, cadets can earn reimbursement of the training expenses incurred with enrollment to both the EMT-B, and the EMT-P (paramedic) courses.

Members of the squad have the opportunity to pass on the knowledge gleaned from years of personal experience to responsible young adults while reducing some of the time burden placed on the regular squad members.

Applicants considered for the Antioch Rescue Squad Cadet program need not be Antioch residents, but they must fulfill numerous other requirements.

The minimum age requirement is 18 years old. Applicants must provide two written recommendations, an additional four references (only one can be from a family member), a 300-word essay on "Why I want to be part of the Antioch Rescue Squad," a one-page article about oneself, and may have no more than one moving violation in the past year.

In addition to meeting these requirements, applicants must go through an interviewing process, and then be voted on through a secret ballot.

Fame: My cups runneth over

Despite the title, today's column is not about Dolly Parton. It is about me. But get your mind out of the lingerie section, because what I am referring to is my discovery that there seems to be a strong connection between fame and "coffee cups".

I am sure this will come as a complete surprise to many of you. It came as a complete surprise to me, too. You see, the reason that I know about this at all is because I have actually had a few brushes with fame, or "brush offs" if you want to be picky. I believe that there is a certain pattern here that you may want to be aware of, especially if you have ever wondered what it would be like to get your "fifteen minutes of fame," as promised by Andy Warhol.

Actually what he said was "In the future everyone will be famous for fifteen minutes." Considering what I've learned, I think he should have said this: "In the future everyone will be famous for fifteen minutes and get one or more coffee cups."

Let me recount my two most recent experiences, and you will see exactly what I mean. The first was about 3 1/2 years ago, and it occurred during the Bulls playoffs. I wrote a parody song about Phil Jackson and Dennis Rodman, sent it to a popular Chicago radio station and, to my surprise, was asked to come down, be on the show, and record the song to be played on the air for a couple weeks.

While friends, family and co-workers were thrilled by what they thought was my instant fame and success, and wondered just where it would take me, that can best be answered by comparing the "price" with the ultimate tangible "reward":

PRICE OF RADIO STATION APPEARANCE:

1. Gas money to Chicago
2. New clothes
3. Breakfast downtown
4. TOTAL PRICE: About \$150

REWARDS OF RADIO STATION APPEARANCE:

One Oldies 104.3 Coffee Cup
The second, and VERY recent example, was October 4th, when both my husband and daughter were able to participate in the "fame experience" with me, thanks to a lucky e-mail I sent to the Oprah show. As some of you may have noticed, if you caught the show, "live" television has its good and bad points. In our case, I can only tell you about the bad point, which is that we were scheduled to be the last family spoken to and, as can happen when things are "live," the previous segments ran too long. Our moment in the sun quickly shriveled up. One minute we

LIFE'S A BEAR

Donna Abear

thought we thought we were grapes. The next minute, we were "live television" raisins.

Although my daughter gave a big "two thumbs up" to the limo ride, it is always best to take a look at things from the practical side. Here is how our visit to the Oprah show panned out:

PRICE OF OUR NATIONAL TV APPEARANCE:

1. New clothes, shoes and accessories for me
2. Visit to the hair salon for me
3. New clothes for my husband
4. Visit to the barber for him
5. New clothes and accessories for my daughter
6. TOTAL PRICE: About \$400

REWARDS OF OUR NATIONAL TV APPEARANCE:

One Oprah Coffee Mug
Lest I sound ungrateful, I must admit that I enjoyed the experience. In addition, our Oprah appearance, short though it might be, was preserved for posterity on videotape by my mother-in-law. No doubt we will be able to enjoy it at family gatherings for years to come:

Me: "Oh! Oh! Here's the part where I get to talk. Shut up everyone and listen!"

Oprah: "And that is the key point...SLOWLY..."

Donna: "Umm, hmm..." Cut to commercial.

As for you readers, I hope you have found this information helpful. Maybe next time you are wondering about what it feels like to be in the limelight, and how your life will change because of it, you will first ask yourself these two questions:

1. Am I willing to spend the money?
2. Do I really need another coffee cup?

As for me, my answer to both questions is pretty obvious:
"Umm, hmm..."

If you enjoy her column, check out Donna's book, "Mom...you're not NAKED, are you?" available at Books, Etc. or J. J. Blinks in Antioch, online at Amazon.com or Donna's website at www.lifesabear.com. You can reach Donna by e-mail at donna@lifesabear.com or by mail at P. O. Box 391, Antioch, IL 60002

Community Concerts opens season

Lake County Community Concert Association is offering subscribers a varied series of shows for the coming season.

Leading off the series on October 28 at 7:30 p.m. is pianist Christina Pegoraro, an Italian-born child prodigy who has been concertizing since age 10. Proclaimed a leading interpreter of Cuban music, she has also performed on radio and television and recorded nine CD's.

Charles Dickens' beloved "A Christmas Carol", a fully staged musical accompanied by a live chamber orchestra, will be presented on November 25 at 7:30 p.m. The soul-transforming journey of Ebenezer Scrooge, transporting the audience into the cobblestone streets of Victorian London, is supported by superb scenery, spirited singing and acting, and lavish costuming. This show is especially aimed at bringing a fine introduction to the holiday season.

The Ahn Trio, composed of Lucia on the piano, Maria on the cello, and Angella on the violin, will grace the stage on January 14, 2001 at 5 p.m. Korean-born, the Ahn sisters not only play well, they are stunning to look at and they exude charm and passion for their music.

A Chicago original, the ten-member Gus Giordano Jazz Dance Chicago will burst upon the stage on February 3 at 7:30 p.m. The Chicago Tribune described Gus Giordano Jazz Dance Chicago as "a group given to snappy, fast-moving dances in sensual intensity". Since becoming the first jazz troupe to tour the Soviet Union in 1974, Gus Giordano's group has gone on to become a legend

A scene from 'A Christmas Carol' Community Concerts, Nov. 25.

and toured the world.

Finally, Robert Post, a veteran of 25 years on the stage will present a comedy theatre on March 18, 2001 at 3 p.m. Post is an actor, a dancer, a juggler, a comedian, a mime, and a master of dialects who carries on a spontaneous dialogue with his audience while playing a multitude of wacky characters.

All performances are held in the Orlin D. Trapp Auditorium of Waukegan High School, Brookside and McAree. The auditorium is handicapped accessible and parking is free.

Price for the five shows is \$60 for adults, \$30 for students through high school, and \$160 for a family subscription, which includes two adults and all students at the same address.

To purchase tickets, call Donna Fortney at 244-7465. Tickets can also be purchased at the door.

PIONEERING

Once admitted as a cadet, the candidate is assigned one of six officers as a sponsor. The sponsor mentors the cadet and is there to address any questions or concerns. As each cadet must have an officer as a sponsor, a maximum of six cadets will be accepted into the unit.

By the time the program was in place and the board of directors of the squad approved Nelson, she had completed her EMT-B course, and was ready to start making calls with the squad.

"When I first started I had butterflies, but now it's more of an adrenaline rush when we go out on calls," she said.

Nelson said her most gratifying call to date was a call for a full arrest that her team was able to resuscitate. Lt. Rob Briggs, who is a paramedic on the squad and Nelson's sponsor said, "Jamie did the head tilt chin lift just right, and it opened the patient's airway and he started breathing. She really saved his life."

Initially, Nelson thought she might like to become a veterinarian, but became interested in human medicine after working at Condell Medical Center. She said she likes the fact the squad is a volunteer squad.

"It's different when you're not being paid to do something. All the people here (in the squad) are here because they want to help people and make a difference," she said.

According to Briggs, there are three phases of the cadet program. The first involves becoming acquainted with the responsibilities and duties of an EMT. Cadets in this phase are given little responsibility.

During the second phase, cadets must complete the EMT-B course, and prove their competency. They are qualified to handle most emergency situations, though cadets are never without a full, active squad member.

In the third phase, cadets are issued a "Nextels" and pagers, and are competent to respond to calls issued through these devices. Cadets can switch duties with any other EMT of the same certification.

"Having average skills will not move a cadet up to Phase III. We want the best of what young people have to offer. We don't want someone who's just looking for a Friday night thrill," Briggs said.

Though there are two types of EMT (basic and paramedic), Briggs made the point, "There is no such thing as JUST an EMT-B."

There are only six skills that differentiate the two classifications: the ability to begin an IV, defibrillating, administering medication, chest decompression, advanced airway procedures, and cardioversion (changing the beat of the heart with electricity).

Briggs continued, "If you don't know when someone needs an IV, it doesn't matter if you can administer one."

While six skills may be the only differentiation between the two classification, Nelson wants to be an EMT-P, and has just begun her paramedics course. The course is run out of Victory Hospital in Waukegan, and runs from October through mid-June. In addition to the time spent in the classroom, Nelson must complete 180 hours of clinical work at the hospital, and go out on 100 rescue calls.

The rescue squad will cover her expenses if she agrees to give them two years worth of service in return. This shouldn't be a problem for Nelson who said, "I've been able to get really good experience. The different types of calls offer plenty of opportunities to use the skills I've learned."

"Jamie has really worked out well for us. She's very responsible, and is just what we are looking for in a cadet," Sobczak said.

This was reflected when Nelson said, "This has really been great for me, but being a cadet is a big commitment. It requires giving up a lot to be able to go through the training, and to volunteer to be here the number of hours required. It's not something to be taken lightly."

'Syncopation' doesn't miss a beat in Midwest premiere

Like the earnest dancers vying for a part in "Chorus Line", the two characters in "Syncopation", though fully employed, live and breathe to dance- and see dancing as nothing less than a gift from God.

Written by Allan Knee, "Syncopation" is

CRITIC'S CHOICE

making its Midwest premier at Apple Tree Theatre, Highland Park, with exhilarating performances by its two-member cast, Ross Lehman and Ann Noble Massey.

It's set up during the 1910s in New York's Lower East Side. Henry, a 42-year-old meatpacker, has rented a room in a six-floor walkup and placed an ad seeking a dance partner. Object: to hone their skills in order to excel in competitions and dance for royalty.

Anna, a 23-year-old who works in a factory stringing beads on women's garments, responds, though she is fearful the whole setup may be a trap to lure an unsuspecting young female.

For both, however, dance is a vehicle to escape the drudgery of their ordinary lives, a chance to cut loose creatively and dream a little. Henry claims to see ghosts of famous dancers, Irene and Vernon Castle. It's a period when revolutionaries such as Igor Stravinsky and Isadora Duncan inspired throngs of followers.

Anna melts under Henry's charm, but still finds herself torn between following

her heart or settling for a traditional marriage to a man toward whom she feels no emotional attachment.

Both Lehman and Massey make all the right moves in this tender dance/romance.

The costumes by Rebecca Powell and scenic design by Tim Morrison are nicely done, too.

See "Syncopation", directed by Mark Lococo, through October 22. Ticket information is available at 432-4335. —By Tom Witom

Pizza not the only attraction at the Silo

The Silo is probably one of the best known landmarks in Lake Bluff. For many, many years the Silo has served up pizza as its main fare and they do it with quite a flair. Offering both thin crust and pan pizza, you can "have it your way" from good ol' cheese and sausage to one of their specialty pizzas. With such an assortment, including a seafood pizza (snow-crab and pollack with shrimp and crab sauce) and a cheeseless vegetable pizza (grilled red peppers, sun-dried tomatoes, onions, zucchini, yellow squash and two sauces) even the most finicky eater will find some combination to suit their tastes.

If pizza isn't for you, the Silo has an extensive menu of appetizers, salads, pasta, sandwiches and dinner entrees. There's even a section totally devoted to baked potatoes. Yes siree! You can have those spuds 10 different ways from plain baked w/butter to roasted veggies, chicken and cheese to Mexican w/ground beef, cheddar cheese, taco chips, and salsa. I really love that ideal!

Dinner choices include BBQ baby back ribs, Shrimp scampi, grilled salmon w/honey mustard glaze and an 8oz. N.Y. strip steak, all served with salad, potato and paisano bread. Chicken breast is prepared four different ways; teriyaki, parmigiana, BBQ or with vegetables on a skewer.

If you lean towards lighter fare, the sandwich menu offers the usual favorites like the Reuben and the patty melt as well as three baked sandwiches; the Santa Fe roast beef, the oven grinder and the vegetarian. Foldovers are baked pizza dough topped w/melted cheeses folded over like a pita and stuffed w/Romaine lettuce and Caesar dressing, which you can then fill with flame roasted veggies, beef n' bacon or BBQ chicken.

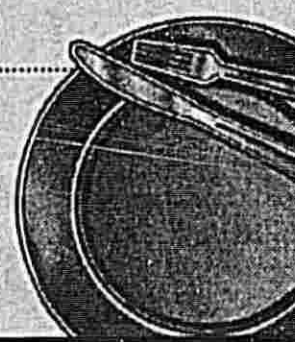

Prices range from \$2.50-\$10.95 for appetizers, \$2.50-\$8.95 for salads, \$2.50-\$6.95 for baked potatoes, \$4.95-\$10.95 for sandwiches and \$6.95-\$13.95 for entrees. Pizza prices will depend on size and toppings ordered as well as whether you have thin crust or pan.

The Silo is definitely kid friendly. Every Sunday evening from 5:00 p.m.-8:00 p.m. the kids will be amazed by Tom "BOZ" The Magician, performing card tricks and sleight of hand and delighting them with balloon animals.

The atmosphere is quite casual with oversized booths and plenty of tables. There is a full service bar that includes a nice selec-

tion of both imported and domestic beers, an efficient wine list and all of your other favorite libations.

The Silo is located at 625 Rockland Rd. (Rt. 176) between Rts. 41 and 43 on the north side of the street in Lake Bluff. Hours of operation are Mon.-Thurs. from 11 a.m.-10 p.m., Fri. and Sat. from 11 a.m. to midnight, and Sun. from 4 p.m.-10p.m. They take reservations for parties of 6 or more; all others are first come first served. SPECIAL EVENT

'Dress a Teddy Bear'

Anchor Bank is sponsoring the first **Dress a Teddy Bear for Charity Contest** to benefit local needy children over the holiday season. Go by one of the two Anchor Bank locations, Hwy 45, just north of Washington St., Grayslake or 1914 E. Grand Ave., Lindenhurst and pick up a "naked bear" between the dates of October 14 through 31.

Take the bear home and dress it up by sewing, crocheting, knitting or using other hand crafted skills. Add accessories and use lots of imagination! The bears will be placed in one of the following categories:

•Every day wear: pajamas, sportswear, school wear, sports teams, business clothes, etc.

•Dress up clothes: wedding, prom or any black tie affair

•The last 100 years: choose an era between the years of 1900 and 2000

•Young crafters: for grades 9-12. Dress a bear in any of the above categories

First, second and third place prizes will be awarded in each category with first place winning \$70, second place \$50 and third place \$30. Official rules and details can be obtained when the bear is picked up at the bank.

Once "dressed," return the bear to one of the Anchor Banks by Monday, November 27 in time for judging. Once judged, the bears will be put on display at the bank until December 20. The bears will then be given to area organizations for distribution to needy children in the surrounding communities. The winning bears will be kept on hand until next year when they will be displayed at the bank and put into a silent auction. All proceeds from the auction will be donated to a local charity.

Take the challenge and help needy children. Take a bear home and dress it up! For additional information, please call 356-3541.

\$25,000 raised for
cancer research

Inclement weather cast a shadow on the 23rd Annual Lake Geneva Classic Car Rally in Lake Geneva.

About 630 vehicles were involved and approximately \$25,000 was raised for childhood cancer research. The proceeds will be added to the \$330,130 previously raised by the event for Research Grant IRG 86004-14 of the American Cancer Society. The grant is known as the Corinne Kreiss Memorial Foundation Grant for Cancer Research by Dr. Robert L. Truitt at the Department of Pediatrics/Medical College of Wisconsin. The project focuses on investigations of cause and prevention.

The weekend was kicked off with a party on the south shore of Geneva Lake at Craig and Samantha Richardson's house, "The Vagabond," with almost 250 persons attending.

The "Up Close and Personal Vehicles Encounter" car show started the Saturday activities at 9 a.m. on Wrigley Dr. with over 100 vehicles followed by the parade through town. Yerkes Observatory offered tours and open house to all participants from 1:30 - 3 p.m.

The "Hubcap Runningboard Soirée" began at 8:30 p.m. at the downtown Riviera Ballroom on Geneva Lake.

The grand prize of \$500 was donated by Tom and Dee Ziemba of Lake Geneva, who were on hand to present the check to grand prize winner Darren Chmiel of Park Ridge. Second prize, two Trek bicycles from Rob Schellin of Trek Bicycle Store in Madison, was won by Paul L. Nelson of Sycamore. Third prize, "The Spa Escape Package" from Interlaken Resort and Spa, was won by Tom and Sue Walther of Kenosha.

Kingston Trio to perform

Celebrating over forty years as one of America's best known musical institutions, "The Kingston Trio" will appear in two concerts at the Woodstock Opera House on Oct. 29. Show times are 5 and 8 p.m.

Original Kingston Trio members Bob Shane and Nick Reynolds, along with 26 year member George Grove on banjo, appeared at the opera house in 1999. Since then Nick Reynolds retired and has been replaced by multi-talented Bob Hayworth, who had been a member of the trio from 1985-1988. This year the trio will light up the Opera House stage with their trademark three-part harmony, clean, crisp sound and outrageous stage humor.

Opening each concert will be folk singer/guitarist Lee Murdock from Kaneville. Murdock specializes in songs and stories about the history of the Great Lakes.

Tickets for the Kingston Trio are priced at \$29 and are available at the Woodstock Opera house box office. For tickets or more information call (815) 338-5300.

'Beautiful' an ugly mess

"All God's children are not beautiful. Most of god's children are, in fact, barely presentable."—Fran Liebowitz

It is ironic that this is the epigram at the "Official 'Beautiful' website." In this case, the sentiment applies to the movie, as well.

In Sally Field's feature film directorial debut, she does not make me "really, really like" anything about this movie.

The disorganized script, penned by no less (or more) a talent than Jon Bernstein, also responsible for the Jerry Springer flick "Ring-

movie review

Brenda Balin-Beitscher

master," is matched in quality by the scatter-shot direction, superficial acting and unimaginative cinematography.

And don't get me started on the costumes, which begin as home-made tacky, and progress to more of the same, only more expensive.

Minnie Driver, as Mona Hibberd, is the most unsympathetic character I have ever encountered, even with a lengthy prologue in which a far more believable and likeable Colleen Rennison plays the plucky young Mona.

Given the obstacles young Mona has to overcome (a drunken, possibly sexually abusive stepfather and an equally drunken and unloving mother) I was almost drawn into rooting for the determined girl who dreamed of being a beauty queen. Then she grew up.

BEAUTIFUL

The adult Mona is still driven, entering the world of beauty pageants with ruthlessness that is absurd without ever being humorous. She reaches her personal worst when she becomes promiscuous just long enough to get pregnant, and allows her best-and apparently only-friend to raise her daughter, so that she can maintain the "never-been-touched" fiction required of beauty queens.

The story descends rapidly into plot inconsistencies and non-sequiters. Self-sacrificing best friend and costume-maker Ruby (Joey Lauren Adams) is incarcerated when a patient dies of an overdose of sedatives at the nursing home where she works. What follows is truly painful to watch, as the plot contrives to thus throw together Mona and her sugary 7-year-old daughter Vanessa, played by Pepsi shill Hallie Kate Eisenberg.

The denouement, Mona's re-

Hallie Kate Eisenberg and Minnie Driver in Destination Films' "Beautiful."

demption, and the failure of her wronged former rival to get retribution, all contribute to the overblown, confusing mess.

Although poor Ruby has a truly awful and dramatic plot twist thrown at her, I never doubted for a minute that she'd get out of it, although I still don't know how she did.

If you are wondering if this review is about just one movie, I can understand that. Field seemed to have no clear vision on this one, trying to be all things to all people—or at least all women. This is worse

than a "chick flick." This is a movie that should not be inflicted on any human of any gender.

Let me digress to say I was honestly unsure of when the movie began, as it was preceded by a Hallie Kate Eisenberg Pepsi ad. Furthermore, the obvious placement of Pepsi products in the film made me wonder if this was not, in fact, a long, badly written commercial.

For having to endure 112 minutes of this disaster, I leave you with unpopped kernels. No popcorn boxes at all for this one. Stay home and have a Coke.

Almost Famous

"Almost Famous" follows William Miller (Patrick Fugit), a 15-year-old boy who finds his way into the world of rock journalism. William's character is based on writer and director Cameron Crowe, who began writing for "Rolling Stone" magazine at age 15.

Besides great acting and an excellent storyline, the biggest reason why I liked this movie was the simple fact that it was fun to watch. For two hours, it is 1973 and you are on a bus going across the country. It will make you want to become a music journalist. Three and a half popcorn boxes. —Tim O'Donnell

NOW PLAYING

Nurse Betty

After a small town waitress (Renée Zellweger) sees her drug-dealing husband killed, she begins to believe her favorite soap opera is real, and moves to Los Angeles to pursue the "doctor" (Greg Kinnear) who she believes is her ex-fiance.

Ah, never had that happen to you huh? That's what makes "Nurse Betty," the new film from Barrington-native Neil LaBute, one of the most original movies I have ever seen.

The Cannes-award winning screenplay develops every female character in a positive light. The women in the film are deep, caring and attentive, while every male character is either a liar, a jerk, an idiot or a hitman. Four and a half popcorn boxes. —Rob Backus

The Replacements

"The Replacements" is good fun for those eagerly awaiting the start of the football season. Coach Jimmy McGinty (Gene Hackman) goes the unconventional route to fill in striking players' positions and chooses unknowns to make up his team. This rag-tag bunch of guys makes for a fun couple of hours to watch. Three and a half popcorn boxes. —Michelle Habrych

Remember The Titans

Imagine "Dead Poets Society" on the football field with some racial tension and you've got the thoroughly inspiring "Remember the Titans."

Based on the true story of a racially torn Alexandria, Va. in 1971, the movie focuses on T.C. Williams High School, forced to integrate. "Remember the Titans" is truly a feel-good movie. For blending drama, comedy, romance, adventure and sports, Five popcorn boxes. —Michelle Habrych

Celebrate fall at AutumnFest

The whole family will enjoy celebrating fall together with wagon rides, tree color walks, traditional craft demonstrations, kids activities, music and more at the Lake County Forest Preserves annual AutumnFest celebration on October 15, from noon to 4 p.m. at the Ryerson Conservation Area near Deerfield.

Lake County Forest Preserve naturalists and volunteers will lead tree color walks, highlighting the bright yellows and reds of the maples and oaks and explaining the mystery of how trees change color.

Children and adults will have a chance to try their hand at different traditional craft and fair activities. Lake County's early heritage is celebrated through spinning, quilting, dried flower arrangement, and many other demonstrations.

The various activities of AutumnFest begin at noon and run until 4 p.m. Admission is \$5 (\$4 for Lake County Residents) per person. Admission is free to Friends of Ryerson Woods members. Food will be available for purchase. This festival is made possible through the support of the Friends of Ryerson Woods.

Ryerson Woods is located near Deerfield at 21950 N. Riverwoods Rd., north of Deerfield Rd. and south of Half Day Rd. (Rt. 22), just west of the I-94 Tollway near Deerfield. For more information call Ryerson Woods at 968-3321.

Stuff that's neat for Trick-or-Treat

Here's a listing of some of
the local Halloween events

Safe alternative to Trick-or-Treat

The second annual Mayor's Safe Halloween Walk will take place on Sunday, October 29 from 2-5 p.m. at Sheridan Health Care, Zion. Children receive a free Halloween bag and may visit 20 candy stations. Additional activities include hay rides, a maze, coloring contest, costume contest and prizes. The Halloween walk is a safe holiday activity for children 12 and under.

Sponsored by Sheridan Health Care Center and the City of Zion, the Mayor's Safe Halloween Walk will be held at 26th St. and Sheridan Rd., behind Sheridan Health Care Center, Zion. For additional information, call 746-8435.

Spooktacular fun

Fright Fest is back at Six Flags Great America and runs weekends now through Oct. 29.

During Fright Fest, Six Flags Great America becomes transformed into a Halloween playground with special effects, two haunted houses and a special children's area. Hundreds of ghouls, monsters, street performers, and zombies provide surprises at every turn.

Fright Fest is open Friday evenings on Oct. 13-27 from 5-11 p.m., Saturdays Oct. 7-28, 10 a.m.-9 p.m., Sundays Oct. 8-29, 10 a.m.-8 p.m. Guests are not permitted to wear full costume makeup or facial masks in the park. Six Flags Great America is located on I-94 at the Grand Ave. exit in Gurnee. For more information call 249-INFO.

'Art of Monsters'

A program titled "The Art of Monsters: Vampires, Gargoyles, Creatures of Myth, Devils and More" will be held at Gorton Community Center, 400 E. Illinois Rd., Lake Forest, on Sunday, Oct. 22, from 4-5 p.m. The fee is \$7 per person and the program is geared for families with children in grades 1 through 8.

Various types of monsters, griffins, vampires, demons and even popular villains will be discussed. The interactive slide program will introduce how artists over the past several hundred years have made monsters a subject for art. Interested participants should register and pay in advance. For information, contact the Gordon office at 234-6060.

Haunting of Apple Valley

If you love to get spooked, head to Quig's Orchards, at Rte. 60 and Rte. 83, Mundelino, October 13-29. Wander through the haunted barn, jump on board a haunted hay ride and roast marshmallows at one of the fire pits. If the kids aren't old enough to get really spooked, try the Pumpkin House — a less scary version of the real thing made just for the smaller specter hunters. Take time to pick your own pumpkin and apples and visit the Halloween shop. Call 566-4520 for information.

Fun on the farm

The Red Barn Farm, 11614 Lucas Rd., Woodstock, offers tons of fun throughout the month of October with pumpkin characters, scarecrows, petting zoo and corn maze just to name a few of the activities. A Spooky house, geared for children 8 yrs. and under, is sure to be a favorite with the little monsters. On the weekends enjoy a hay ride or a big slice of pumpkin pie at "Moms Kitchen."

Also available are gourds, squash, pumpkins, Indian corn, apples and Fall decorations as well as a Halloween gift shop. Red Barn Farm is open daily, Monday-Saturday, 9 a.m.-6 p.m. and Sundays, 10 a.m.-6 p.m. Call (815)338-4343 for information.

Halloween Hauntings

The Milwaukee Public Museum presents "Halloween Hauntings," two fright filled days when a scary breeze blows through its halls. Ghouls and goblins alike can Trick or Treat throughout three exhibit floors; catch a classic horror movie, visit an ofrenda, an altar set up in Mexican homes to honor the family spirits during the Day of the Dead celebration, have a mask painted on your face and much more.

Halloween fun will be from 11 a.m. - 2 p.m., Saturday, Oct. 28 and Sunday, Oct. 29. The museum is open daily 9 a.m. - 5 p.m. and is located at 800 West Wells St., Milwaukee. Admission is \$6.50 for adults; \$5 for seniors, \$4 for children (4-17) and children under 3 are free. For more details, call (414) 278-2702.

Is the mansion haunted?

Kenosha's Teen Task Force and The Kemper Center will once again rise from the depths of spookiness on Friday and Saturday nights through October 29th. All the ghosts, goblins and even Dracula invite the brave to venture through the Kemper Center Haunted House, 6501 Third Ave., Kenosha. Little ones will have a special time to tour the house, 4-5 p.m., before the really scary creatures come out. From 5:30 - 10 p.m. only those who dare should venture inside this historic mansion. Please use your discretion as to whether or not your family members will be prepared to enter this domain of the undead.

This event is coordinated by the Kenosha County Teen Task Force of the Concerned Citizens Coalition. For more information please call (262) 657-6005.

Howl-o-ween

Wear a costume and grab a flashlight and explore the Kenosha Public Museum in the dark. Make scary sound effects by howling like a coyote or owl and playing African Instruments. The event takes place on Saturday, Oct. 28, is free and open to the public. The museum is located at 5608 Tenth Ave., Kenosha. For more information, call (262)653-4140.

Eco-Halloween Hike

Hike by the light of jack-o'-lanterns through the woods at the Bong State Recreation Area, I-94 and Hwy 42 west, near Kenosha on Saturday, Oct. 28, from 6-8 p.m. This family event offers Halloween skits, campfires, refreshments, games, crafts and music. Cost is \$5 per vehicle for residents and \$7 per vehicle for non-residents. Call (262) 652-0377 for further information.

Historic haunting

On Wednesday, Oct. 18, visitors to the McHenry County Historical Society Museum, 6422 Main St., Union, will meet face to face with ghosts from county history. It's the 9th Annual Historic Halloween Haunting and members of the McHenry County Funeral Directors "die" for public entertainment.

Between 7-9 p.m., meet four long past citizens that shake the dust off their coffins to share tales of their lives: a pioneer woman born in 1803; a man whose untimely death in 1904 on a road was tragic; Boastful Frank Miller of Johnsbury shows up, too and the last ghost is a turn of the century doctor.

A bon fire, marshmallows for roasting and more storytelling take place on the grounds.

While the "haunt" may not be suitable for the very young, everyone is welcome. Members of the historical society admitted free; adults \$3.00, seniors (60+) & school age children \$2.00. Those in costume receive \$1.00 off admission. For information, call (815)923-2267.

Encounter night creatures

Hike through a Halloween woods where you'll encounter some natural and not-so-natural creatures who will teach about nature. Finish in front of a fireplace in a log cabin with cider and fresh doughnuts. The program isn't scary, so even little tykes will have fun. Five sessions are scheduled on Oct. 27 and 28. Hikes begin every half hour from 6 - 8 p.m. at Ryerson Woods, Riverwoods Rd., Deerfield. Families with children up to 12 years old cost \$6 per person (\$5 for Lake Co. residents) and reservations and pre-payment are required.

Chicagoween

Check out Chicago's all encompassing Halloween celebration. Throughout October, many of Chicago's most popular destinations are transformed into ghoulish havens. The Chicago Cultural Center, Shedd Aquarium and many others become a Halloween wonderland. At Daley Plaza, those who dare can try walking among the gnarly trees, listening to stories and fortune-tellers and decorating pumpkins. Call ahead for a map so you don't miss any of the scary sites. (312) 744-3315.

Dungeons of doom

Looking for something spooky, scary and spine chilling? The Lake County Fairgrounds will be hosting a Dungeons of Doom Haunted House throughout the Halloween season, October 6 through 31, from 6:30 - 10 p.m. on the weekdays and 6:30 until mid-night on the weekends.

Dungeons of Doom is in the poultry building at the fairgrounds, Routes 45 and 120, Grayslake. For special group rates, group activities or more information, call 541-0511.

If you like being frightened— it's okay, says poll of people's fears

If you like being "a little frightened" every now and then... and somehow enjoy feeling that small thrill of unease at the back of your neck when there's a sudden sound in the night—just join the rest of us, according to a new national poll of people's fears.

With Friday the 13th casting a warning shadow on this year's October calendar, a Dateline News Service survey of what people are afraid of—and why—found that nearly 80 percent of Americans polled say they "don't mind being frightened every once in a while" and really look forward to it happening when they go to see "scary movies." The Mummy was cited as an example, or reading books master crafted to inspire fear, dread or terror.

As to why Americans like being frightened, close to 90-percent of the 1,300 respondents polled by Dateline News Service, including several writers skilled at rousing fear of dark places and empty rooms, said it was "pure escape" or "a way of getting out of yourself" or a "sudden, high-adrenaline release from other concern."

Principal fears cited in the new poll—representing 25-percent of those surveyed—ranged from high places, narrow spaces and insects and bugs to elevators, escalators and flying.

Other fears most frequently named, in a variety of smaller percentages, included black cats and small dogs, darkness and doctors, deep water and fire.

A full 35-percent of Americans surveyed, however, again told Dateline News Service that what frightened them most is simply "the unknown"—unseen things that go bump in the night or what one respondent described as "tiny tendrils of terror" when something that once seemed commonplace is suddenly, somehow, different.

Citing "the unknown" as a "personal bugaboo shared by many," award-winning writer Time Powers (Expiration Date) said fear of "the heard but unseen" can be intensified for him by reading a truly scary story—where pure fear is distilled from terrifying things that happen to ordinary people in ordinary settings.

As for fear of Friday the 13th, this poll discovered just about everyone has experienced some sense of disquiet about the date. No one surveyed knew exactly why the combination of Friday and 13 is considered particularly menacing—but a little more than 5-percent of those polled said they're seri-

Elect to Vote

October 2000

Dear Lake County Voter:

We are pleased to provide this Voter Information Guide which lists all the candidates and referenda for the November 7, 2000 General Election. You may take this guide into the voting booth with you.

Please refer to your blue Certificate of Voter Registration card for ballot entitlement. Below the fold line you will see a list of the units of government for which you are entitled to vote. Use the list as a guide to locate the ballot pages in this publication containing candidates and any public questions which are applicable to you. Units of government common to all Lake County voters are U.S. President, U.S. Senate, state-wide and county-wide offices. These are not listed on your blue card due to space limitations. If your blue card is not readily available, please call us at 360-6628 for assistance. **Please note, if you moved to Lake County or changed your name more than 30 days before the election and did not register here, you will not be able to vote on November 7th.**

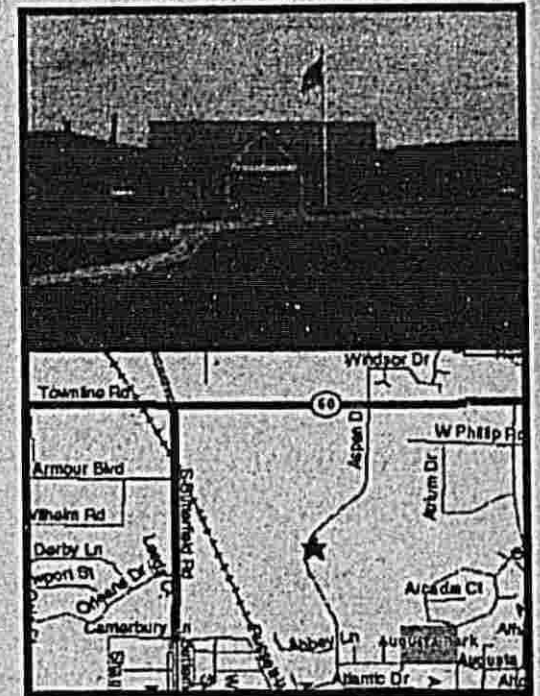

Your precinct number and polling location are also listed on the blue card. Our web site at www.co.lake.il.us/cntyclk includes pictures of each polling place, driving directions and a map from your home. Click on Election Services and select "Where do I vote?" When a polling facility declines to continue as a voting site, we always send new blue cards with updated information. Please take the time to verify your polling place in this guide and determine that the blue card you carry is current. All polling locations are listed by township in precinct number order and are accessible for the disabled. Any voting locations which changed within the last two elections are listed in **bold type**.

All of us in the County Clerk's office are dedicated to providing you the best possible service. Please do not hesitate to call us at 360-6628, or use our **TTY/TDD service at 625-7220**, if you have questions or need clarification about the voting process on election day.

Very truly yours,

Willard R. Helander
Lake County Clerk

You may vote by absentee ballot if you . . .

- expect to be absent from the county on election day
- are employed as an election judge not in your home polling place, as an election worker, or will perform official duties on election day
- are observing a religious holiday which prevents your presence at the polls
- are serving as a juror on election day

Bold type indicates recent polling place changes

A stylized, high-contrast graphic in shades of gray and black. It depicts a doctor in a white coat and cap, leaning over a patient. The patient is lying down, and the doctor is holding a stethoscope to their chest. The background is dark, and the figures are defined by bold white outlines. The overall style is reminiscent of mid-century modern graphic design.

Is there a heart attack in your future?

If you have questions about the health of your heart, now's the time to do something about it. And the folks at the Victory Surgery and Treatment Center (Lindenhurst) can help. Until recently, heart disease had a distinct advantage over many of its victims: The absence of symptoms before a heart attack. For some 250,000 Americans each year, the first and only sign of clogged arteries is a fatal heart attack.

Beginning in November, the new Heart SmarTest will help you find out if you're headed for heart trouble years before any symptoms appear. This nationally recognized advanced diagnostic screening technology will be available at the Victory Surgery and Treatment Center, 1050 Red Oak Lane (on the Victory Lakes campus off Grand Avenue,) Lindenhurst.

Using high-speed helical computed tomography (CT),

the Heart SmarTest can detect calcium build-up inside the arteries of the heart—an early warning sign of heart disease—in just 35 seconds. More calcium means more plaque—the kind that blocks coronary arteries and can lead to a heart attack.

“By detecting even the tiniest amount of calcium, the Heart SmarTest can help determine your risk of heart disease years in advance,” says Pat Behling, R.N., chief operating officer of the Victory Surgery and Treatment Center. “That means you have time to change your lifestyle and get treatment before it is too late.”

The Heart SmarTest is recommended for men over 40, women over 45 and people who may not have any symptoms of heart disease but who have risk factors such

as high blood pressure, family history of the disease, or who smoke. A physician's referral is not needed for this test.

Heart SmarTest is quick and easy

For something that provides such peace of mind, the Heart SmarTest is incredibly simple. It requires no special preparation. An outpatient diagnostic test, you lie on a CT scan table, hold your breath for a few seconds and the scanner takes all the necessary pictures of your heart. That's it. No injections, no dyes, no pain.

Then, the images of your heart (in particular the coronary arteries) are analyzed. Board-certified radiologists together with board-certified cardiologists, can determine how much calcium (if any) is contained in the arteries. A score is assigned to the scan which reflects the level of calcium deposits found. Those scores in-

dicate your level of risk for developing heart disease.

“Many people with heart disease can be symptom-free for years,” says Behling. “That's why it is so important to have regular checkups. If the risk for heart disease is detected early, you can work with your doctor to make lifestyle changes that can slow

its progress.”

Too many Americans die needlessly of a heart attack, without previous warnings or symptoms. That doesn't have to happen to you or someone you love. Schedule your Heart SmarTest today. Call the Victory Surgery and Treatment Center at (847) 356-4711.

As we head toward the new year, science continues to make strides toward better health. Lake county-area health care providers are on the forefront of bringing these advances to its residents.

The Lilac Apartments provides affordable, housing for seniors

The Lilac Apartments offer senior citizens housing with the elegance and style they deserve. Architect Don Erickson and designer Pat Erickson have helped to create this affordable option for seniors.

Located near downtown Fox Lake, this Georgian style red brick structure, has an impressive two-story white column entry. The six acres are in a park-like setting, landscaped with a picturesque fountain along a brick pathway shaded by a grove of trees.

Eye-appealing colors of teal, mauve and lilac swirl through the gathering spaces highlighting the Queen Ann furniture found in the spacious multi-purpose lounges. The building's design qualifies as handicap accessible and also maintains the aesthetic appeal and function necessary for seniors. The many other common areas include a craft room, a laundry room, and a sundeck. All meeting safety concerns with an extensive sprinkler system and secured entryways.

Seniors have a choice of five apartment layouts ranging from 665 square feet to 959 square feet. Monthly rental rates include heat and water and no endowments or entrance fees are required.

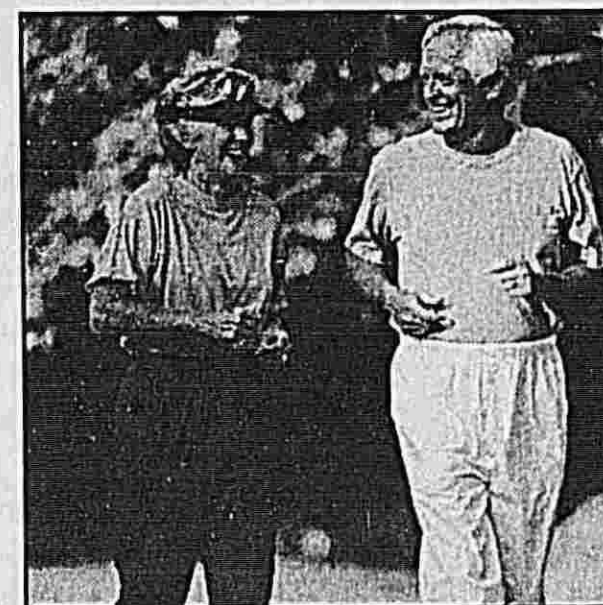

The Lilac Apartments are walking distance to shopping, restaurants, professional services, plus Metra and Pace public transportation.

Because Lilac Apartments qualify for the Federal Affordable Housing Tax Credit program, the rents will remain "affordable" by Federal guidelines for 30 years to those who qualify. For more information call 587-8830.

Addolorata Villa provides additional services with opening of new wing

Addolorata Villa a Continuing Care Retirement Community has opened a new wing. The Health Center will be able to offer our residents and the community many additional services.

The Villa is excited about the opening of the Virginia Piper Therapy Pavilion. This area will be used for both in-patient and out-patient Physical, Occupational and Speech therapy.

Several clinics will offer such additional services as chiropractic, massage therapies, audio screening, pain management and fitness programs.

Along with the new clinics, and rehabilitation programs, the expansion has given our health care residents a new place to call their own.

Addolorata Villa has been serving seniors for sixty years. The expansion allows us to use our skills, not only to serve those who live on our campus, but others creating a community without walls.

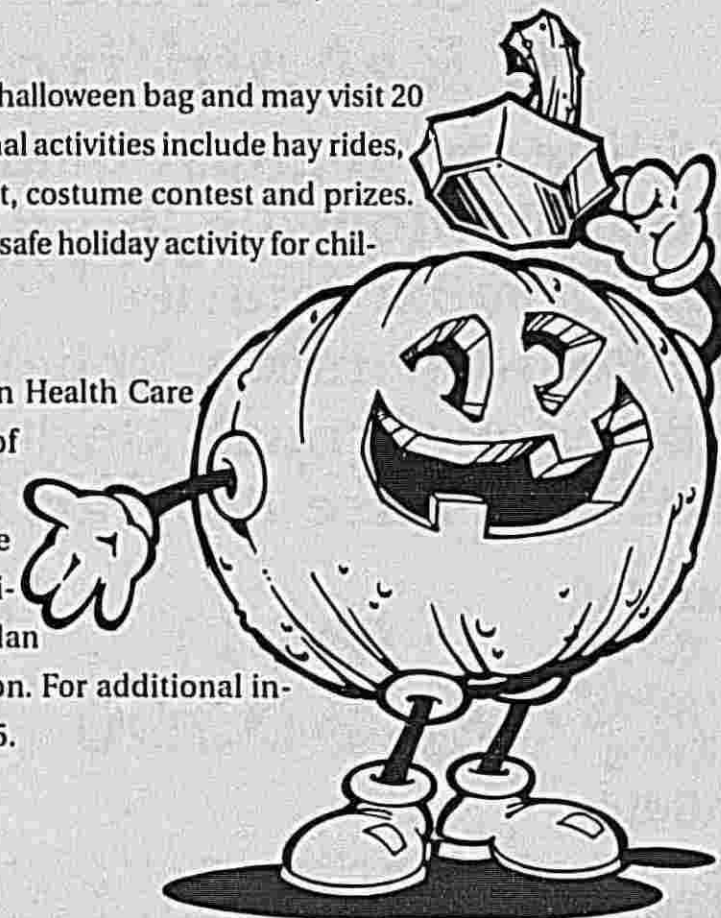

For more information call Kathy Woods at (847) 215-5531.

Safe alternative to Trick-or-Treat

With Manpower Health Care, health care professionals get a lot of potential

Manpower Health Care is seeking nurses, medical assistants and other health care professionals who want to check out different health care opportunities, expand their work experience, sharpen skills and do some profitable networking.

"Working for Manpower Health Care lets employees broaden their horizons, while balancing work with family life," said Shirley Jarrell, staffing supervisor.

"Hospitals, clinics, nursing homes and healthcare corporations look to Manpower Health Care for talented professionals for short- or long-term contract projects and contract-to hire or direct hire opportunities. Manpower Health Care has the connections to help nurses, medical assistants, physician assistants – and others – create a work style they will find most satisfying-and never pay a fee," said Jarrell.

In addition, Manpower's free training helps employees take control of their careers and move forward through its Global Learning Center (GLC). The GLC offers free training, skills assessments, career services and lots more.

"Manpower Health Care's recruiters also understand the health care field and have the tools and expertise to help create the career path you want while earning great pay and benefits. Just bring the talent and motivation—we'll do the rest," said Jarrell.

Manpower Health Care may be reached by calling its Gurnee office at (847) 856-1307. Information about current job openings may be obtained by visiting www.manpower310.com.

When should you see a physical therapist?

Physical Therapists can help you when you're hurting, in rehab, or perfectly healthy.

For example, say you've tried to go from couch potato to Mark McGwire in the course of a softball game, or spent the entire afternoon stooped over your garden, or sat for hours at your office computer and found yourself wincing upon standing. Your back is killing you! You take aspirin or another pain reliever. You apply ice to your back. You stop playing softball for awhile. All that's usually good and may do the trick. But what if the pain isn't limited to your back? What if it moves to either or both of your legs? What if it's accompanied by a prickly "pins and needles" sensation, or numbness? Or maybe the pain is sharp, shooting, or stabbing. In all of these situations, you may need the input of a licensed physical therapist as well as a physician.

Low back pain is just one of many reasons people see a Physical Therapist. Others include neck pain, shoulder, arm, wrist, or hand problems; knee, ankle, or foot problems; carpal tunnel syndrome; sprains and muscle strains; arthritis; rehabilitation after a serious injury or surgery; stroke; pre- and postnatal programs; hip fractures; and fitness and wellness education. The fact is people of all ages can and do benefit from physical therapy, whether they're experiencing aches and pains, seeking to regain function lost from disease or injury, wanting to step up their exercise regimen in a smart and healthy way, or looking for ergonomic guidance in the workplace.

The Brokerage Shoppe helps consumers make an educated choice

Today's individual and group medical marketplace can be very confusing and frustrating- even maddening! We are seeing large rate increases on renewal, policies offered with seemingly unnecessary exclusion riders and/or extra premiums, and insurance companies exiting the medical business. There are policies being cancelled and companies merging with unknown companies.

When searching for new coverage, items to consider should include:

- * Company size and financial ratings
- * length of time the company has been in the medical marketplace
- * does the company have reinsurance and, if so, with who
- * deductibles
- * coinsurance
- * stop-loss
- * maximum benefit
- * policy restrictions on room and board
- * intensive care, mental and nervous disorders
- * alcohol and substance abuse
- * maternity
- * if there is a network of hospitals and/or doctors
- * carryover provision- if any
- * agent experience in health marketing
- * agent's credentials and access to various markets

Beware of dramatically low premium quote- if it's too good to be true, it probably isn't!

Help yourself by being an educated consumer and work with a professional agent/broker.

The difference is Active Childcare

Michele Carr says her daughter Samantha looks forward to FitKids, the active childcare offered by the Health & Fitness Institute in Lindenhurst. Parents are excited that their kids are in a great environment while they exercise in the full-service fitness center. FitKids offers active childcare for ages six weeks to 12 years old. Kids love the creative programs planned for their age group.

Michelle commented that the staff is so great with her kids that she gets all her baby-sitters there. Tina Schlonsky oversees the FitKids program. Tina comments: I have always loved children and have been lucky enough to have worked with a variety of ages. I was honored to become the Director of FitKids for both the Lake Forest and Lindenhurst Health and Fitness Institutes. It has been a new and exciting challenge for me. My staff is wonderful at both facilities with the great traits of being very loving, caring and responsible for the children. The children are all truly a gift and we look forward to seeing

them every day."

The Health & Fitness Institute offers programs for new moms and women of all ages. Not only do moms feel great staying in shape, but they can meet new friends with common interests. Massage therapy, whirlpools and steam rooms also help melt away the stress of everyday life.

Michele Carr sums it up, "Everyone is really good with kids and I appreciate their emphasis on health. With my new baby on the way, I'll feel totally comfortable bringing both of the kids to such a great environment."

Looking forward to a future without needles

No needles for drugs and vaccines - a concept simple in theory but complex in technology and execution. However, Endorex Corporation (AMEX: DOR) a drug delivery company based in Lake Forest, IL, is at the forefront of research to allow drugs such as insulin, human growth hormone, vaccines, and potentially many others to be taken orally instead of by often-painful shots. It is not difficult to understand why this would be a very popular development in healthcare.

Receiving shots is a particularly big problem for children. The U.S. pediatric immunization schedule calls for up to 21 separate shots during the first two years of life! Even after this period, children will receive further injections. For example, kids with growth hormone deficiency or severe allergies receive several weekly injections for up to 2 years or children with insulin dependent diabetes receive several injections a day for life. It is no wonder pediatricians

estimate that 85 percent of their patients fear getting injections.

Needle-phobia is also prevalent among adults and is present in more than 15% of the population. When you consider the scope of drugs that must now be delivered by injections, it is easy to see why an oral alternative is desirable. Consider the following statistics: 50 million Americans get annual flu shots and 1.5 million diabetics get two to three insulin shots daily.

As compared to an injection, the swallowing of a pill or liquid is obviously preferable for most people. In medical terms, pills are expected to boost drug-taking compliance, particularly when factoring in such chronic conditions as diabetes and allergies, where shots are needed on a continuous basis. Furthermore, having a patient swallow a pill or drink a liquid is far more convenient and also less expensive than administering a shot. The impact on the overall healthcare system could be significant.

Magnetic Resonance Institute of Lake County

The Magnetic Resonance (M.R.) Institute of Lake County goal is to provide you with the highest quality MR imaging available today in a friendly, caring environment.

The M.R. Institute of Lake County is the only facility in Lake County to offer both the Hitachi Open Scanner and General Electric High Field Conventional Scanner.

The M.R. Institute of Lake County has been awarded a three-year term of accreditation in MRI as a result of a survey conducted in 2000 by the American college of Radiology (ACR). The ACR awards accreditation to an MRI practice for the achievement of high practice standards after a voluntary evaluation of the facility.

The medical staff consists of Dr. Robert Breit, Dr. Steven Fitzgerald, Dr. Harold Friedman and Dr. Linda Dew. All our Radiologists are Board Certified with University Fellowship training specific to MRI. They also have extensive MRI teaching and academic experience at the University level.

The M.R. Institute of Lake County is located at 60 South Greenleaf Street in Gurnee. Our new MRI facility featuring the open Hitachi AIRIS II scanner will be opening in the fall of 2000 at the Victory Surgery and Treatment Center located in Lindenhurst.

For more information on the M.R. Institute of Lake County, please visit our website at: www.mrilake.com or call us at 360-1674.

Acute Care Centers offer mammograms, flu shots, hemocult tests

Early detection is the best protection against breast cancer. That's why three of the Condell Acute Care Centers will offer their popular \$88 mammography special in October. The mammograms will be provided by appointment only at the Acute Care Centers in Buffalo Grove, Gurnee and Round Lake Beach.

All four Condell Acute Care Centers — Vernon Hills is the fourth — will provide flu shots from 8 am to noon on Tuesdays and Thursdays. The fee is \$15.

In November, pick up free hemocult test slides from the Acute Care Centers. The completed test will be read by the Condell Medical Center laboratory and a report sent to you.

To make an appointment or for more information about any of these programs call the Acute Care Centers in Buffalo Grove, 215-0000; Gurnee, 249-2800; Round Lake Beach, 740-2500; or Vernon Hills, 680-0500.

Condell leads again with new web site

With the launch of Condell's updated Web site, Condell offers more services more conveniently than ever before. You can send flowers, look for a job, learn about our New Life Maternity Center, even pay your hospital bills.

A comprehensive career section, updated weekly, posts job openings at Condell and allows users to complete an on-line application or send a resume directly to the Human Resources Department via e-mail. Easy-to-read job descriptions list how much experience and education are required and how many positions are available.

Condell is the only hospital in Lake County to offer on-line bill payment. For any of our patients who have a balance remaining after insurance has paid its portion, on-line bill payment is available. Patients can use VISA or MasterCard to pay for inpatient stays or outpatient testing and treatment. You even can pay for treatment at our Acute Care Centers by logging onto the Bill Payment Center at www.condell.org. Credit card numbers are transmitted via a secure server, so users needn't worry about privacy.

Sending flowers or balloons to a loved one hospitalized at Condell? Save yourself a few

steps by shopping from the comfort of home at the new virtual Gift Shop. By ordering directly from Condell, you'll know that proceeds from your purchases go to The Auxiliary of Condell Medical Center to help fund hospital programs.

If virtual greeting cards are more your style, choose from a selection of fun, animated e-greetings and send a smile to a friend. The best part is that you can send as many as you want. And they're free.

Women's services on the site include a photo-by-photo tour of Condell's New Life Maternity Center, a useful computerized reminder system for breast self-exams and downloadable software for expectant mothers to track their pregnancies and their babies' first years. And be sure to check out our on-line nursery.

Overall, the new easy-to-navigate design, color-coded guide to services and built-in search engine help users locate information quickly and easily.

Visit www.condell.org often to learn the latest news about our \$88 million hospital-wide expansion or to check our monthly on-line HealthWise events calendar for upcoming programs, speakers or health screenings.

Women's Pearl of Health series features information and advice

Top speakers discuss issues for a woman's mind, body and spirit at Condell's Women's Pearl of Health Series of special lectures. All lectures will be held in the Allen Conference Center on Condell's Libertyville campus.

Marianne Neifert, MD, also known as "Dr. Mom," will offer **Common-Sense Parenting** advice at 1 pm and again at 7 pm on Wednesday Oct. 25. The fee is \$5 per lecture and reservations are required. Tickets are on sale at Centre Club, 200 W. Golf Rd., Libertyville. For information, call 362-2905, ext. 5770.

As "Dr. Mom," pediatrician Marianne Neifert, has become synonymous with practical, prudent and empowering advice for parents. And, as someone who has successfully combined a medical career with marriage and motherhood (she has five grown children), her advice is laced with empathetic support.

Combining humor with common-sense advice, "Dr. Mom" will discuss issues relevant to today's children and the parents who must raise them to thrive in a changing world.

In addition to the keynote speaker, the Pearl of Health Lecture Series includes a variety of free programs featuring speakers from Condell's medical and professional staff. Since seating is limited, reservations are required. Call 362-2905, ext. 5770. These events will begin at 7 pm in the Allen Conference Center.

Oct. 17 — Neurologist Reuben Weisz, MD, will discuss **Migraine Headaches**.

Oct. 23 — Internist Adam Rubinstein, MD, will speak on **Fibromyalgia: Where the Mind Meets the Body**.

Nov. 28 — Family practitioner Scott Morcott, MD, will speak on **Managing Holiday Stress**.

Dec. 11 — Nutritionist Lisa Matthews, RD, LD, will speak on **Lifestyle Strategies for Healthy Holidays**.

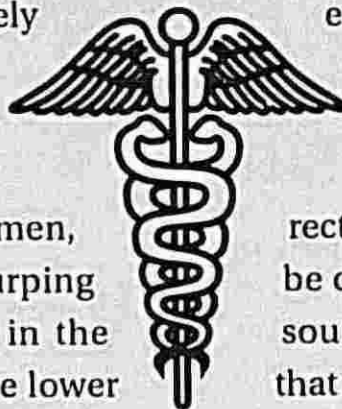

MidWestern Regional Medical Center provides ovarian cancer screening

Ovarian cancer is one of the most deadly cancers facing American women today. Although far less common than breast cancer, it is more likely to result in death within two years of diagnosis. Every year, almost 14,000 women in the USA die as a result of ovarian cancer.

What makes ovarian cancer so fearsome? Firstly, it is rarely diagnosed early enough to make a significant difference. The warning signs of ovarian cancer are subtle: it is said to "whisper." Changes that a woman might notice might be a slightly increasing waistline, fullness in the lower abdomen, feeling full after eating less food than normal, increased burping and heartburn. Very few patients experience pain early in the course of the disease, or feel the presence of a lump in the lower abdomen.

Part of the problem is that these symptoms tend to occur late in the stage of the disease, i.e. when it has had a chance to spread widely within the abdomen. Also, these symptoms are generally vague, and are very likely to be disregarded by the patient herself. When brought to the attention of a physician, the symptoms are often treated with antacids or painkillers, without the physician actually examining the patient. If the patient is persistent, the doctor may then order tests, such as a CT scan or ultrasound, which may then reveal the presence of a tumor.

The second reason is lack of proper treatment. Most women in the United States are referred to a general surgeon for surgery, and then receive chemotherapy administered by a medical oncologist. Unfortunately, these women are likely to receive inadequate care, and unnecessary removal of parts of the intestines. Studies performed by the American College of Surgeons show that a woman with ovarian cancer who is operated on by a doctor trained in Gynecologic Oncology is much more likely to undergo the appropriate surgical procedure and to receive the appropriate chemotherapy. This results in a much high-

er chance of surviving longer and a higher rate of cure.

What should women do? Annual pelvic examinations by a doctor experienced in performing them should be undergone. A pelvic examination that does not include a rectal examination is inadequate. If a woman is overweight, it may be difficult for the doctor to feel the ovaries, and a pelvic ultrasound may be obtained. At present there is no single blood test that is specific for the diagnosis of ovarian cancer in its early stages, when it is most curable.

Symptoms should be evaluated promptly and thoroughly. Patients should insist that their doctors perform physical examinations and testing. If testing reveals the possibility of ovarian cancer, the National Cancer Institute recommends that the woman be given the opportunity to be cared for by a Gynecologic Oncologist.

Ovarian cancer is very susceptible to chemotherapy. Unfortunately, not all cancers will remain in remission for ever. There are many chemotherapy drugs that are effective as second-line treatment. Many women live for many years after diagnosis, receiving chemotherapy as needed to place the cancer in remission again. Over the last ten years, the five-year survival for patients with ovarian cancer has increased considerably, after having remained static for more than twenty years. There is a feeling that soon patients will be able to live with ovarian cancer as they do with diabetes, asthma or high blood pressure, until such time as a definitive cure is achieved.
